### **COMMUNITY MEETING ON BOULDERS AND ROCKSLIDES ON KOKO CRATER**

Councilmember Charles K. Djou (Waikiki, East Honolulu) and Rep. Gene Ward (R-Hawaii Kai) will host a community meeting tomorrow evening (Thursday, April 30) at 7:00 p.m. at Kamiloiki Elementary School to discuss the hazards with boulder and rockslides off of Koko Crater.

“I am excited to bring the City engineers and outside consulting engineers to explain to the public the potential hazards of boulders and rockslides off of Koko Crater. Earlier this year, there were a few rockslides that did not cause any damage, but did create anxiety in the community. The City has made a finding of no significant hazard for Koko Crater boulder falls or rockslides and tomorrow’s meeting will give the public an opportunity to review and question the City’s engineers.”

Councilmember Djou and Rep. Ward will be available to also answer questions on any city or state issues at tomorrow evening’s event.
