# I. EXECUTIVE SUMMARY

## A. Introduction

The Final Eleventh Year Action Plan for the City and County of Honolulu (City) represents a blueprint for the planning and application aspects of HUD's Community Development Block Grant (CDBG), Emergency Shelter Grants (ESG), HOME Investment Partnerships (HOME) and Housing Opportunities for Persons With AIDS (HOPWA) formula programs. The purpose of the Action Plan is to ensure that jurisdictions receiving federal assistance plan for the housing and related needs of low- and moderate-income families in a way that improves the availability and affordability of decent, safe and sanitary housing and a suitable living environment.

## B. Housing and Homeless Needs Assessment

Figures from the U.S. Census for 2003 estimate Oahu's population at 902,704, which is approximately 72% of the population of the State. Although the growth rate of the general population has slowed in recent years, segments such as the elderly continue to rise rapidly and represent a significant trend. In addition, Honolulu has an estimated need of 32,580 new housing units for the years 2005-2009 to meet overall housing demand. Of this demand, the greatest needs are and will be in the low- and moderate-income households. Other sub-populations that require affordable housing are special needs groups such as frail elderly, persons with HIV/AIDS, persons with substance abuse and/or mental illness and persons with disabilities.

Honolulu has an estimated point-in-time homeless population in 2003 of 2,053 unsheltered homeless and 1,244 sheltered homeless for a total of 3,297 homeless persons. The 2003 Homeless Study also concluded that, on a Statewide-basis, a majority of the homeless were lifetime or long-time residents of Hawaii, and that slightly over one third are Hawaiian or part-Hawaiian, well above the ethnic percentage of the general population. In addition, the "hidden homeless" has almost doubled in the past decade, as those that can least afford rent are driven out of a tight housing market.

For a more detailed assessment, please refer to the Final Consolidated Plan for FY 2006-2010.

## C. Housing Market Analysis

Honolulu has one of the highest priced housing markets in the country, with sales prices surging in the past several years. Affordability remains low for most residents, as increases in wages have not kept up with housing prices. For many families, especially those with one income, affordable housing is a problem.

For a more detailed assessment, please refer to the Final Consolidated Plan for FY 2006-2010.

## D. Strategic/Action Plan

The City has allocated a total of \$19,623,310 in the following programs: \$12,659,420 in Community Development Block Grant (CDBG), \$443,643 in Emergency Shelter Grants (ESG), \$6,076,310 in HOME Investment Partnerships (HOME) and \$453,937 in Housing Opportunities for Persons With AIDS (HOPWA). These funds will be distributed to 55 projects within the framework of the priorities for housing and community development over the next year, excluding planning and administration:

1. Service Facilities and Operations: 56% of funds;
2. Housing: 44% of funds;
3. Community Development: 0%; and
4. Community-Based Economic Development: 0%.

Projects that were added by City Council during the budget process will be given a final eligibility review prior to implementation. Funding for any ineligible project will be reprogrammed at a future date.

## **II. INTRODUCTION**

### **A. Background**

Consolidated Plan regulations defined by the U.S. Department of Housing and Urban Development (HUD) require local governments which will receive federal funds to identify and describe housing and housing service needs and priorities, and to produce a strategic action plan for addressing these needs. This full document was produced in 2004 as the Final Consolidated Plan for FY 2006-2010. It consolidates the planning and application aspects of HUD's Community Development Block Grant (CDBG), Emergency Shelter Grants (ESG), HOME Investment Partnerships (HOME) and Housing Opportunities for Persons With AIDS (HOPWA) formula programs into a single submission. The purpose of the Consolidated Plan is to ensure that jurisdictions receiving federal assistance plan for the housing and related needs of low- and moderate-income families in a way that improves the availability and affordability of decent, safe and sanitary housing and a suitable living environment. The City's Plan consists of:

- A housing and homeless needs assessment;
- A housing market analysis;
- A strategic plan; and,
- An action plan for the geographic area encompassing the island of Oahu.

The Consolidated Plan permits the City to apply a unified vision to address local problems comprehensively and to propose a specific course of action to alleviate these concerns. It builds on local assets and coordinates a response to the needs of the community. It integrates economic, physical, environmental, community and human development in a comprehensive and coordinated fashion so that families and communities can work together and thrive. And lastly, the Consolidated Plan sets forth goals, objectives, and performance benchmarks for measuring progress and establishes a framework for assessing new knowledge and experience and how they can add to a successful plan for revitalization.

This document represents the City and County of Honolulu's (City) Final Eleventh (11<sup>th</sup>) Year Action Plan, which is a section of the Consolidated plan, and must be updated yearly. It shows the projects that are anticipated to be funded this year that will address the needs of the community as prioritized in the Consolidated Plan.

### **B. Responsibility And Process**

The City's Department of Budget and Fiscal Services, Federal Grants Branch, prepared the Final Action Plan, and is the agency responsible for the administration of the City's CDBG, ESG, HOME and HOPWA programs.

### **C. Consultation**

On April 21, 2004, the City held a working group consultation session and public hearing with known public and private service providers to discuss the housing and housing service needs of this community. Overviews of the Consolidated Plans for the City and State were given, including the components of the Consolidated Plan and the planning processes that would be followed. Input regarding housing needs and priorities was sought from the participants of this meeting, and in turn, the information was utilized in the development of this Plan. In addition, the Draft Consolidated Plan was made available in August 2004 to all interested parties as a way of further soliciting input and comments on the Consolidated Plan in total and on specific areas of concern. Any comments or corrections concerning the Draft Plan were incorporated into the Final Plan. The final version was made available in September 2004. The City used this meeting to solicit comments for the Eleventh Year Action Plan as well as the Final Consolidated Plan for FY 2006-2010.

In addition to an advertisement notifying the public of the hearing, 61 nonprofit organizations and government agencies that provide assisted housing, health services and social services were invited to the April 21, 2004 consultation meeting.

Below are several issues that were brought out by the participants and discussed at this meeting:

1. Housing market

- Military housing will affect the housing market on Oahu. The army currently houses 65% of personnel on base, but would like to increase this number as well as renovate existing housing units. The cost of developing and rehabilitating military homes will increase non-military housing construction costs on the whole island, as the scope of the military projects are very large.
- In order to facilitate permanent affordable housing, the concept of a community land trust should be established. A large parcel would be acquired and held in trust, and this parcel would be developed in phases to different components. By keeping the land in trust, speculation would be eliminated and housing could be kept affordable. Fort Shafter may be a candidate, since it may be considered for base closure.

2. Housing needs

- There is a need for housing counseling services for homeless and persons of lower-income to get and keep housing.
- There is a need for housing for veterans. Currently, veterans make up approximately 30% of the homeless population.

3. Special needs housing

- Developmentally disabled and individuals with mental health needs will require housing assistance pursuant to the Supreme Court's decision in the Olmstead case, which requires that where possible, such individuals be placed in the community. This would require an increase in ADA compliant housing units. A study will be presented to Governor Lingle in September, and the State will have to describe how the objectives will be met. A current study is trying to gather data about the number of persons that are disabled and how many of these could live in the community with the appropriate supports.
- Case management is needed not only for the homeless, but also for elderly and disabled persons. Case management and supportive services should be included in planning these types of facilities prior to development, such that this service is in place as the facility opens.
- Additional housing is needed for the elderly. By 2011, one in four persons will be over 60 years of age. Many will stay at home; others will need facilities more suited to their needs. Support of the Olmstead case would be beneficial to these needs. There should also be some type of government incentives, such as tax credits, to keep elderly persons at home.
- Persons with HIV/AIDS have similar needs to the elderly, where the "Aging in Place" model fits well. This population needs more permanent supportive housing.
- Persons with disabilities need the same options as the rest of the community. Housing should be in proximity to facilities.

4. Priorities

- There was a question about the recently changed priorities for CDBG funding by the Honolulu City Council. It was explained that Council Resolution 03-343 passed in December 2003 rearranged the priorities, making Services Facilities and Operations first priority. One participant said that advocates have been on record for a long time saying that permanent housing should be the top priority. There was a discussion about public services, and how, per federal regulations, the City is limited to spending up to 15% of its CDBG allocation for this activity.
- The Hawaii Homeless Policy Academy supplemented written testimony by reiterating its request that a high priority be given to the provision of permanent supportive housing units for the homeless and funding of affordable rental units. The recent Housing Policy study states that there is a deficit of over 20,000 resident housing units in the City and County of Honolulu.
- The Action Plan to End Homelessness, produced December 2003 by Hawaii Continuums of Care, should be incorporated into the Consolidated Plan. The priorities of this plan are consistent with comments given at past consultation meetings.
- There is still a great need for the basic human needs: food, shelter and clothing. In addition, job-training services are needed.

The City took these comments under advisement and will look into the feasibility of funding projects that address these concerns.

In order to broaden participation, the City utilizes its website to facilitate informing the public. The current and several past Action Plans, as well as the Consolidated Plan for Fiscal Years 2060-2010, are available at [www.honolulu.gov/budget/cdbq.htm](http://www.honolulu.gov/budget/cdbq.htm) and the Request for Proposal documents along with Project Proposal applications are available at [www.honolulu.gov/pur](http://www.honolulu.gov/pur).

A Public Hearing was conducted on Monday, September 27, 2004, to obtain the views and comments of the public with regards to the City's performance review, and housing and community development needs for the 11<sup>th</sup> Consolidated Plan Year.

However, at the appointed time and place, no members of the public were present. As such, no testimony was given on the above subjects.

No written testimony was received by the cut-off date of September 28, 2004.

In addition, the City used several City Council and Budget Committee meetings in March through June 2005 as public hearings for the budget ordinance in order to get further public input. Testimony included ten written submittals, as well as oral statements, all supportive of projects included in the budget ordinance.

## **D. Citizen Participation Plan**

The Department of Budget and Fiscal Services completed development of the City's Citizen Participation Plan in May 1995, which was approved by HUD along with the Final First Year Consolidated Plan. This plan continues to be implemented. Pursuant to this plan, a Public Notice was published in April 2005 proposing how the City would be implementing the CDBG, ESG, HOME and HOPWA programs. A final notice reflecting actual program plans was published in June 2005. Copies of the City's Citizen Participation Plan are available from the Department of Budget and Fiscal Services.

### **III. ACTION PLAN**

#### **A. Form Application**

The required Consolidated Plan tables and maps are shown in Appendix A.

#### **B. Resources**

The City has revised the categories and the order of the priorities for housing and community development projects. Below are the new categories and priorities:

##### **1. Priority One: Service Facilities And Operations**

Available programs and services that will be utilized to achieve priorities for service facilities and operations include various Federal, State and local programs.

###### **a. Stewart B. McKinley Homeless Assistance Act**

The McKinley Act authorized several programs intended to assist the development of facilities and provision of supportive services to the homeless. The Emergency Shelter Grants Program is primarily intended to support the rehabilitation of structures to create emergency shelters for the homeless, but does allow a small portion of grant funds to be spent on supportive services. Under the 1999 Continuum of Care Homeless Assistance Program competitive grant there are three categories: Supportive Housing Program (SHP), Shelter Plus Care Program (S+C) and Moderate Rehabilitation for Single Room Occupancy Dwellings Program (SRO). The Transitional Housing Program element of the Supportive Housing Program provides rehabilitation funding to create transitional shelters for the homeless, as well as operating funds for supportive services program. The Supplemental Assistance For Facilities To Assist The Homeless Program covers costs in excess of the assistance provided under the Emergency Shelter Grants Program or Supportive Housing Program required to meet the special needs of homeless families with children, elderly homeless individuals or the handicapped or facilitate the transfer and use of public buildings to assist homeless individuals and families.

###### **b. Federal Community Development Block Grant (CDBG) Program**

This program provides a block grant to the City that can be used for a wide variety of community development activities including public facilities and services as long as there is a direct benefit to persons of low- and moderate-income.

###### **c. Federal HOME Investment Partnerships (HOME) Program**

The development, acquisition and rehabilitation of buildings for use as transitional housing developments is an eligible activity under the HOME Program. The required match funding will be fulfilled on a project-by-project basis.

###### **d. Federal Emergency Shelter Grants (ESG) Program**

This program can be used to provide moderate rehabilitation assistance to improve living conditions at existing shelters or to rehabilitate existing structures to create new shelters. Provision of essential services to the homeless is also an eligible activity. CDBG funds will be used to satisfy the required one-for-one match.

###### **e. State and City Capital Improvement Programs**

These programs, utilizing a combination of Federal, State and County funds, have appropriated monies to finance the development of public facilities and services.

## **f. State Purchase Of Services Program**

There exists an extensive network of private nonprofit social service agencies that administer supportive services to special needs groups. The State, through the Purchase of Services process, has provided operating funds to qualified agencies to administer their supportive service programs.

## **g. Homeless Shelter Stipend Program**

The Housing and Community Development Corporation of Hawaii administers this program that pays private nonprofit operators of homeless shelters a fee, based on a per capita formula, to subsidize the operating costs of the shelters. Shelter operators, in return, are required to provide a specified minimum level of supportive services to their clients.

## **h. Homeless Emergency Loan/Grant Program**

This program, also administered by the Housing and Community Development Corporation of Hawaii, provides funds to supplement the private resources in private loan/grant programs currently operated by qualified nonprofit agencies. The State funds are used by the nonprofit to provide one-time emergency loans or grants to two types of families with children, a) per-homeless families who may be in danger of losing their residences and becoming homeless because of a one-time financial emergency and b) families who are homeless and require one-time financial assistance to pay for first and last months' rent in order to move into an apartment.

## **i. Homeless Outreach Program**

Through this program, the Housing and Community Development Corporation of Hawaii contracts with private operators to reach out to unsheltered homeless families with children to give them emergency medical and social services and assist them in obtaining residence in transitional facilities or permanent housing.

## **j. Federal Housing Opportunities For Persons With AIDS (HOPWA) Program**

This program provides housing assistance and related supportive services for low-income persons with HIV/AIDS and their families. Grants are provided: (1) by formula allocations to States and metropolitan areas with the largest number of cases and incidence of AIDS; and (2) by competitive selection of projects proposed by State and local governments and nonprofit organizations. Grantees are encouraged to develop community-wide comprehensive strategies and to form partnerships with area nonprofit organizations to provide housing assistance and related services for eligible persons.

## **k. Youthbuild**

This program utilizes HUD funds to train/educate dropout youth and provides opportunities to enter the local trade unions or the construction industry. As part of the training program, the youth must rehabilitate and/or construct homeless or low and moderate-income housing.

## **l. Resident Opportunity and Self Sufficiency Program (ROSS)**

These programs utilize HUD funds to address the needs of public housing residents by providing supportive services that will enable the linking of essential services to public housing residents, provide resident empowerment activities and assistance in becoming economically self-sufficient, provide resources to enhance independent living for the elderly and persons with disabilities, provide capacity building for resident organizations, and improve the overall quality of life for public housing residents. HCDCH will apply for funding for supportive services and assistance to economic self-sufficiency for public housing residents.

## **2. Priority Two: Housing**

Available programs and services that will be utilized to achieve new construction, rehabilitation, acquisition and related infrastructure include various Federal, State and local programs. The following are resources available to address the needs of this section:

## **a. Federal Low Income Public Housing Program**

This program covers low-rent housing units developed by designated Public Housing Authorities pursuant to the U.S. Housing Act of 1937. Funding for substantial rehabilitation, revitalization, modernization, and new construction of Federally assisted public housing projects is available through this program.

## **b. Section 202**

This is currently the major Federal program to assist the development of permanent rental housing for the elderly. The program provides capital advances and project rental assistance to qualified private nonprofit entities to develop rental housing for low-income elderly households. Projects may be new construction or substantial rehabilitation:

## **c. Section 811**

This program provides capital advances to nonprofit developers of rental housing and supportive services for disabled persons. The advance is interest free and repayment is not required as long as the housing remains available for very low-income persons with disabilities for at least 40 years.

## **d. Supportive Housing Demonstration Program, Permanent Housing for Handicapped Homeless**

This program is one of two components authorized through the Supportive Housing Demonstration Program of the Stewart B. McKinney Homeless Assistance Act. It provides interest free advances to qualified private nonprofit entities or a Public Housing Agency to cover the costs of acquisition and/or substantial rehabilitation of existing structures that will provide community-based long term rental housing and appropriate supportive services for not more than eight handicapped homeless persons.

## **e. Revitalization of Severely Distressed Public Housing (HOPE VI Revitalization) Program**

The HOPE VI Revitalization program addresses public housing demolition, site revitalization, and replacement housing. Funds are awarded on a competitive basis and are available to public housing agencies that own or operate public housing units. The program will fund demolition, substantial rehabilitation, reconfiguration and/or replacement of severely distressed units, revitalization of the site, provision of replacement housing, management improvements, resident self-sufficiency programs, provision of tenant-based assistance and assistance to tenants displaced by demolition. HCDCH may apply for HOPE VI funds for the revitalization of public housing projects on Oahu, particularly in the Kalihi area.

## **f. Federal Low Income Housing Tax Credits Program**

This program is authorized through the Tax Reform Act of 1986 and is administered through the State Housing Finance and Development Corporation. The tax credit program was re-authorized by the U.S. Congress in August 1993, retroactive to July 10, 1993. The program makes available tax credits for units rented to low-income occupants. In 2004, the Federal government allocated approximately \$1.80 per capita per year in these tax credits. To earn tax credits, at least 20% of the units in a project must be rented to households earning incomes of 50% or less of the area median income, or at least 40% of the units must be rented to households with incomes of 60% or less of the area median income.

## **g. State Low Income Housing Tax Credits Program**

The State of Hawaii established a program similar to the Federal low-income housing tax credits program to provide State tax incentives to developers of affordable rental housing projects. However, the program is presently suspended pending its re-authorization by the State Legislature. This program allocates State tax credits equivalent to 30% of the federal credit.

## **h. Tax-Exempt Multi-Family Bond Program**

Both the State and City administer tax-exempt multi-family bond programs to assist private owner/developers of rental housing projects. The program provides interim and permanent financing at below market interest rates through the issuance of tax-exempt revenue bonds. To be eligible, developers must set aside in their rental projects either a minimum of 20% of the units for tenants whose incomes are less than 50% of the area median income, or a minimum of 40% of the units for tenants whose incomes are less than 60% of the area median income. The developer/owner of an assisted project must keep the project in compliance with these requirements for the term of the loan.

## **i. State Rental Housing Trust Fund**

Authorized by Act 308, Session Laws of Hawaii 1992, the Rental Housing Trust Fund is intended to act as a flexible financing mechanism which encourages the production of new affordable rental units and increases the capacity of organizations to meet future housing production needs. The trust fund provides loans or grants to nonprofit entities and government agencies, and loans only to for-profit developers for planning and design, construction, land acquisition, pre-development studies and other activities relating to affordable housing development. At least 50% of the residents of a supported housing development must earn less than 60% of median income, and the remainder less than 100% of median income. In addition, a more recent requirement calls for 10% of all of the units to be occupied by persons earning less than 30% of median income.

## **j. Federal Community Development Block Grant (CDBG) Program**

This program provides a block grant to the City that can be used for a wide variety of community development activities including new construction, rehabilitation, acquisition and related infrastructure as long as there is a direct benefit to persons of low- and moderate-income.

## **k. Federal HOME Investment Partnerships (HOME) Program**

HOME Program funds may be used for activities such as new construction, rehabilitation, acquisition and related infrastructure to create permanent housing for qualifying households.

## **l. Federal Emergency Shelter Grants (ESG) Program**

This program can be used to provide new construction, rehabilitation, acquisition and related infrastructure assistance to assist the homeless by improving living conditions at existing shelters or developing new shelters. CDBG funds will be used to satisfy the required one-for-one match.

## **m. State and City Capital Improvements Programs (CIP)**

State and City CIPs, use various combinations of money from various Federal, State, County and private funding sources, such as the Federal CDBG Program. Through their respective CIP budgets, the State and City have appropriated monies to finance the development and redevelopment of Federal- and State-sponsored low-rent public housing projects, affordable rental housing project in planned communities and areas targeted for urban revitalization, and the infrastructure to support both rental and owner occupied housing units in planned communities and areas targeted for urban revitalization.

## **n. Rehabilitation Loan Programs**

The City administers a loan program to assist both low-income homeowners and landlords whose tenants are of low-income in rehabilitating their properties. Rehabilitation must be for purposes of removing health and safety hazards.

## **o. Downpayment Loan Program**

The City administers a loan program to assist potential low-income homeowners by providing low-interest loans to cover downpayment costs of a home purchase. This program is funded by the federal HOME Investment Partnerships program.

#### **p. American Dream Downpayment Initiative**

Beginning in late 2004, the City will administer another loan program to assist potential low-income homeowners by providing low-interest loans to cover downpayment costs of a home purchase. This program is funded by the federal HOME Investment Partnerships program. The City will market this program by partnering with realtors through the Honolulu Board of Realtors and lenders through the Honolulu Mortgage Lenders Association, as well as notify the public via legal notices in the Honolulu Star-Bulletin. As part of the application process, all families receiving ADDI funds will have received housing counseling.

#### **q. Affordable Housing Conditions Attached To Private Developments**

In order to ensure that private housing developments contain a variety of housing units affordable to a range of income groups, the State and City have required private developers to develop a percentage of affordable rental and/or owner occupied housing units as a condition of receiving land use or other development approvals.

#### **r. Expedited Development Of Affordable Housing Pursuant To Chapter 201G, Hawaii Revised Statutes**

Existing State statutes authorize the State and Counties to bypass many of the regulatory impediments to affordable housing development. Pursuant to Chapter 201G, the State and Counties can preempt various regulations and standards under a 45 day approval process to support the development of affordable housing projects, where a certain percentage of the units in the projects are determined to be affordable for sale or rent to target income groups, and where the requested exemptions do not contravene public health and safety standards.

#### **s. Self-Help Housing Programs**

Undertaken primarily by nonprofit entities, these programs take advantage of the sweat equity of prospective homeowners to construct owner occupied units affordable to even low- and very low-income households. State law requires that 10% of the units in State sponsored housing developments be set aside for owner-builders.

#### **t. Shelter Plus Care**

Provides rental assistance for homeless people with disabilities, primarily those with serious mental illness, chronic problems with alcohol and/or drugs, and acquired immunodeficiency syndrome (AIDS) and related diseases. The support services, which must match the value of the rental assistance, may be provided by Federal, State, local governments, and private sources.

#### **u. Section 8 Moderate Rehabilitation Program**

The purpose of HUD's Moderate Rehabilitation Program is to upgrade substandard rental housing and to provide rental subsidies for low-income families. The City and County of Honolulu has been administering the Section 8 Moderate Rehabilitation Program since 1980 and currently provides rental subsidies to the 40-unit Academy Gardens Apartment for disabled and elderly persons.

#### **v. Homeownership and Opportunity for People Everywhere (HOPE I)**

This program helps low-income people buy public housing units by providing funds that non-profit organizations, resident groups, and other eligible grantees can use to develop and implement homeownership programs.

## **w. Housing Opportunities For Persons With AIDS (HOPWA)**

This program provides housing assistance and related supportive services for low-income persons with HIV/AIDS and their families. Grants are provided: (1) by formula allocations to States and metropolitan areas with the largest number of cases and incidence of AIDS; and (2) by competitive selection of projects proposed by State and local governments and nonprofit organizations. Grantees are encouraged to develop community-wide comprehensive strategies and to form partnerships with area nonprofit organizations to provide housing assistance and related services for eligible persons.

## **x. Section 8 Rental Assistance Program**

The State and City administer the Section 8 Housing Choice Voucher Programs that provide rental subsidies to income qualified low-income families. The City administers a total allocation of 4,368 certificates and vouchers through its Section 8 Program. The State's Section 8 Program allocation includes 3,058 certificates and vouchers, which are set-aside for clients residing on Oahu. Both State and City programs authorize the issuance of project-based vouchers. The State and City Section 8 Programs also offer families, through their new Section 8 Homeownership Option Programs, an option to utilize their Section 8 vouchers to help pay homeownership expenses, including mortgage rather than rental payments.

## **y. State Rent Supplement Program**

HCDCH also administers the Rent Supplement Program. Subject to funding availability, HCDCH has assisted an average of 1,000 participants annually in this program statewide with a maximum subsidy of \$160 per month.

## **z. Federal USDA Housing Programs**

The Rural Housing Services of the United States Department of Agriculture (USDA) administers several programs to address housing for persons in rural areas. These include home ownership loans, self-help housing loans, home improvement loans and grants, and several other types of loans or grants to assist with rural homeownership.

# **3. Priority Three: Community Development**

## **a. Federal Community Development Block Grant (CDBG) Program**

This program provides a block grant to the City that can be used for a wide variety of community development activities including new construction, rehabilitation, acquisition and related infrastructure with the goal of preventing or eliminating slum and blight in designated areas, or on a spot basis.

## **b. State and City Capital Improvements Programs (CIP)**

State and City CIPs, use various combinations of money from various Federal, State, County and private funding sources, such as the Federal CDBG Program. Through their respective CIP budgets, the State and City have appropriated monies to finance the redevelopment of areas targeted for urban revitalization, thereby arresting the decline of low- and moderate-income neighborhoods by removing slum and blight conditions or addressing needs on a spot basis.

Three areas have been designated by HUD as Neighborhood Revitalization Strategy Areas: Kahuku, Kalihi-Palama-Chinatown, and Waipahu. With this designation, qualified Community Based Development Organizations (CBDOs) are given more flexibility in using CDBG funds to improve these areas.

# **4. Priority Four: Community-Based Economic Development**

There are also limited funds available to support economic development. Where possible and appropriate, CDBG funds will be leveraged with private, City and State funds to support this Priority.

## **C. Activities To Be Undertaken**

### **Priority One: Public Facilities And Services**

#### **Public Facilities**

Investment of approximately \$7,383,000 (CDBG funds) for seventeen public facility projects that will serve predominately low- and moderate-income neighborhoods or persons. These include facilities specifically for youth, seniors or the homeless as well as others that benefit whole areas.

#### **Public Services**

Investment of \$1,392,000 (CDBG funds) for fourteen public service projects to assist low- and moderate-income persons through youth and senior programs, education and job training, supportive services and programs which service transportation needs. In addition, \$867,286 of funding from the Emergency Shelter Grants program and CDBG program match will be distributed to thirteen projects for supportive services for homeless housing activities.

The City will support the efforts of resident groups, non-profits and HCDCH to improve the quality of life for public housing residents through programs that enhance independent living for elderly and persons with disabilities, that link residents to essential services, and that provide residents with assistance in becoming economically self-sufficient and empowerment activities.

### **Priority Two: Housing**

#### **Housing for the Homeless**

Funding of \$195,000 (HOME funds) is allocated to Catholic Charities Hawaii – Maili Land and \$750,000 (HOME funds) is allocated to the Salvation Army, both renovation projects for transitional shelters for homeless persons.

#### **Special Needs Housing**

Funding of \$1,000,000 (HOME funds) is being allocated to an affordable senior rental project.

#### **Self-Help and For-Sale Housing**

Funding of \$176,020 for the American Dream Downpayment Initiative (ADDI) (HOME funds) to help first-time homebuyers of lower-income achieve homeownership. ADDI funds will be granted to qualified homebuyers on a first come, first serve basis, with a maximum amount of \$5,000. The City has set a goal of a minimum of 10% of the ADDI grants will benefit participants of the City's Section 8 Homeownership Program, and all ADDI recipients must complete a First Time Home Buyer Education program prior to funding. The ADDI program has a five-year recapture requirement where repayment of the outstanding grant will be reduced by one-fifth per year.

Funding of \$1,408,690 (HOME funds) is being allocated to the Downpayment Loan Program. Funding of \$1,200,000 (CDBG funds) is being allocated to the Rehabilitation Loan Fund for certain commercial properties in Chinatown and residential properties island-wide.

#### **Rental Housing and Housing Cooperatives**

Funding of \$2,251,600 (HOME funds) for a project in Ewa to develop affordable rental units. The City will maintain approximately the current level of Section 8 vouchers to provide rent subsidies for very low-income households. In addition, the City was successful in obtaining additional rental assistance slots through the Continuum of Care competitive grant. The City will apply for new allocations of Section 8 vouchers, pending availability by HUD and eligibility of the City. The City will also apply for new Shelter Plus Care slots if a non-profit sponsor applies for Continuum of Care funds. In addition, \$441,097 of HOPWA will be available for rental assistance to those that qualify for this program.

The City will support the State's efforts to revitalize the severely distressed Kuhio Park Terrace public housing project and other severely distressed projects located in Kalihi such as Mayor Wright Homes and Kalihi Valley Homes, as they are integral to the City's broader community development and visioning efforts in the Kalihi-Palama neighborhood.

### **Priority Three: Community Development**

No projects are specified in this category.

### **Priority Four: Community-Based Economic Development**

No projects are specified in this category.

The City will use approximately \$2,421,000 in CDBG, HOME and HOPWA funds for nine projects that enable the City to administer the various HUD programs in a timely and efficient manner.

## **D. Geographic Distribution**

Refer to Appendix A.

## **E. Homeless And Other Special Needs**

Funding of \$2,356,172 in CDBG and ESG funds, or approximately 12% of the City's total 11th Year Action Plan grant funds are targeted for emergency or transitional shelter and homeless social services. The Emergency Shelter Grants Match, along with ESG funds will be used for projects by the City in an attempt to break the cycle of homelessness through expanded services and additional shelters.

Funding of \$3,251,600 in CDBG and HOME funds, or almost 19% of the City's total 11th Year Action Plan grant funds are targeted for the development of lower income and special needs rental housing. While it is not possible to provide a direct link between these activities and the attempt to prevent homelessness, it can be assumed that, especially in the low income and special needs housing target population, many face the possibility of homelessness due to the lack of affordable units or housing with appropriate supportive services. Any increase or additions to the existing housing stock serving this population serves to prevent homelessness.

## **F. Program Specific Requirements**

### **1. CDBG**

All anticipated CDBG program income expected to be made available during this program year has been included and is reflected in the total amount of CDBG funds in the 11th Year Consolidated Plan.

### **2. HOME**

No form of investment not described in Section 92.205(b) is anticipated to be utilized by the City.

## **G. Certifications**

Refer to Appendix B.

## H. Monitoring

Under the auspices of the Department of Budget and Fiscal Services, the Federal Grants staff administers the CDBG, ESG, HOPWA and HOME programs from a broad policy perspective. The City's ESG, HOPWA and HOME programs are administered in accordance with the City's CDBG Policy and Procedures Manual. Throughout all aspects of the administration of these programs, the Budget staff reviews and monitors the City's Departments' compliance with specific program regulations as well as other overlay statutes and Executive Orders (i.e., National Environmental Protection Act, Fair Labor Standards Act, Uniform Relocation and Real Property Acquisition Act, Fair Housing Act of 1989, as amended, and the Rehabilitation Act of 1973, as amended, etc.) as prescribed in HUD Handbook 6509.2. On an on-going basis, eligibility determinations, technical assistance and guidance are provided to each City department implementing a project under these programs. City departments administering projects under these programs are responsible for the project's compliance with all program regulations.

CDBG, ESG, HOPWA and HOME programs' minority (inclusive of women's business enterprises) outreach to businesses is accomplished through the City's Department of Budget and Fiscal Services (Purchasing Division) by providing the General Contractor's Association (GCA) with a copy of all bid advertisements. 51% of the membership of the GCA are minorities whose minority status has been determined by the State of Hawaii, Department of Transportation (DOT). DOT minority/disadvantaged determinations are based on the Federal Transit Administration regulations.

Under the HOME program, the City's Department of Budget and Fiscal Services (Federal Grants Branch) annually publishes a notice in a newspaper of daily general circulation inviting minority and women's business enterprises to register to participate in the HOME program. The implementing agencies subsequently inform registered minority and women's businesses of contract, subcontract, vendor and/or supplier opportunities for goods and services under the HOME program.

The City Fair Housing Officer reviews and approves all Affirmative Fair Housing Marketing Plans to ensure the process for minority outreach is effective. The Federal Grants staff also monitors Federal legislation to identify regulatory changes affecting CDBG, ESG, HOPWA and HOME programs to ensure the timely implementation (including program cost analyses) of such changes.

In addition, starting in 2000 the Department of Budget and Fiscal Services implemented its Post-Development Monitoring Plan that formally monitors subrecipient contracts to insure long-term compliance. This includes on-site inspections and meetings with selected agencies that have open subrecipient contracts and have received CDBG, ESG, HOPWA or HOME funds through the City, and annual remote reviews of all subrecipients.

Standards and procedures have been developed and adopted, based on HUD guidelines already in use. Worksheets used as part of the information-gathering interview process with the subrecipient, along with the required annual audit, are used to flag potential problems and issues that need to be resolved. More frequent monitoring will be undertaken where there is sufficient cause to justify additional action.

## APPENDIX B

## CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

**Affirmatively Further Fair Housing** – The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

**Anti-displacement and Relocation Plan** – It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

**Drug Free Workplace** – It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
  - (a) The dangers of drug abuse in the workplace;
  - (b) The grantee's policy of maintaining a drug-free workplace;
  - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
  - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
  - (a) Abide by the terms of the statement; and
  - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
  - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

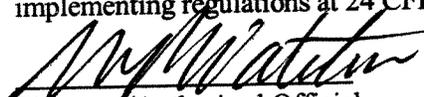

**Anti-Lobbying** -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

**Consistency with plan** -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

**Section 3** -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

## Specific CDBG Certifications

The Entitlement Community certifies that:

**Citizen Participation** – It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** – Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

**Following a Plan** – It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

**Use of Funds** – It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. **Overall Benefit.** The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2002, 2003 & 2004 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

**Compliance With Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

**Lead-Based Paint** -- Its notification, inspection, testing and abatement procedures concerning lead-based paint will comply with the requirements of 24 CFR 570.608;

**Compliance with Laws** -- It will comply with applicable laws.

## Specific HOME Certifications

The HOME participating jurisdiction certifies that:

**Tenant Based Rental Assistance** -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

**Eligible Activities and Costs** -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

**Appropriate Financial Assistance** -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

## LOCAL GOVERNMENT GRANTEE

### FY 2005 EMERGENCY SHELTER GRANTS PROGRAM

#### CERTIFICATIONS BY THE CHIEF EXECUTIVE OFFICER

I, Mufi Hannemann, Chief Executive Officer of the City and County of Honolulu, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 *CFR* 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

- (1) The requirements of 24 *CFR* 576.53 concerning the continued use of buildings for which Emergency Shelter Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
- (2) The building standards requirement of 24 *CFR* 576.55.
- (3) The requirements of 24 *CFR* 576.56, concerning assurances on services and other assistance to the homeless.
- (4) The requirements of 24 *CFR* 576.57, other appropriate provisions of 24 *CFR* Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
- (5) The requirements of 24 *CFR* 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
- (6) The requirement of 24 *CFR* 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
- (7) The requirements of 24 *CFR* Part 24 concerning the Drug Free Workplace Act of 1988.
- (8) The requirements of 24 *CFR* 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
- (9) The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 *CFR* 76.56.
- (10) The requirements of 24 *CFR* 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental review responsibilities under the National Environmental Policy Act of 1969 and related authorities as specified in 24 *CFR* Part 58.

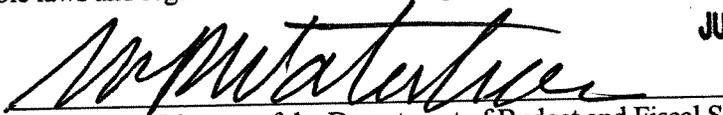

The requirements of 24 CFR 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.

The new requirement of the McKinney-Vento Act (42 USC 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.

HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of a completed and approved Consolidated Plan with its certifications, which act as the application for an Emergency Shelter Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

## HOPWA Certifications

The HOPWA grantee certifies that:

**Activities** -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

**Building** -- Any building or structure assisted under that program shall be operated for the purpose specified in the plan:

1. For at least 10 years in the case of assistance involving new construction, substantial rehabilitation, or acquisition of a facility.
2. For at least 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

## APPENDIX TO CERTIFICATIONS

### INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

#### A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Department of Budget and Fiscal Services  
530 South King Street, Basement, 1st, 2nd & 3rd Floors  
Honolulu, HI 96813

Department of Budget and Fiscal Services  
650 South King Street, 4th Floor  
Honolulu, HI 96813

Department of Community Services  
715 South King Street, 2<sup>nd</sup> & 3<sup>rd</sup> Floors  
Honolulu, HI 96813

Department of Community Services  
51 Merchant Street  
Honolulu, HI 96813

Department of Community Services  
1000 Ulu Ohia Street #204  
Kapolei, HI 96707

Department of Design and Construction  
650 South King Street, 11th Floor  
Honolulu, HI 96813

Department of Transportation Services  
650 South King Street, 2nd Floor  
Honolulu, HI 96813

Check \_\_\_ if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
