MUFI HANNEMANN
MAYOR

MARY PATRICIA WATERHOUSE
DIRECTOR

December 31, 2007

The Honorable Mufi Hannemann, Mayor
The Honorable Barbara Marshall, Chair
and Members of the City Council
City and County of Honolulu
530 South King Street
Honolulu, Hawaii 96813

Dear Mayor Hannemann, Chair Marshall, and Councilmembers:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of the City and County of Honolulu (City) for the fiscal year ended June 30, 2007. The CAFR was prepared by the Department of Budget and Fiscal Services, which is responsible for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures. We believe the data presented in the CAFR are accurate in all material aspects and presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included. The CAFR represents the culmination of all budgeting and accounting activities engaged in by City management during the year, covering all funds of the City, its component unit, and its financial statements.

REPORTING ENTITY

The CAFR presents the financial status of the City (the primary government) and its discretely presented component unit, the Board of Water Supply (BWS). The financial information for the BWS is reported in a separate column in the government-wide financial statements to emphasize its legal separation from the primary government and to differentiate its financial position and results of operations from those of the primary government.

The City provides the full range of municipal services required by the Constitution of the State of Hawaii, the Hawaii Revised Statutes, the Revised Charter of the City and County of Honolulu, and the Revised Ordinances of Honolulu. The services include police and fire protection; emergency medical care services; culture and recreation; planning, zoning, and permitting; sewage and solid waste collection and disposal; public transportation; human services; traffic safety and control; and construction and maintenance of public streets, bridges, walkways, and drainage and flood control systems for Oahu.

ECONOMIC CONDITION AND OUTLOOK

The local economy experienced moderate growth in the past year, and is expected to sustain slow to moderate growth into 2008.

- Tourism, Oahu's main industry, has cooled slightly but continues to be sound. The following are comparisons of October 2007 statistics with the same month in the prior year: October visitor expenditures increased 2.9% to \$457.8 million; the average daily room rate increased 8.9% to \$163.69 although hotel occupancy decreased 2.2% to 74.6%; domestic arrivals increased 1.9% while international arrivals decreased 6.7%; and domestic length of stay increased 2.6% while international length of stay decreased 0.8%.
- The construction industry has been a strong sector of the local economy, but signs indicate a future leveling off. Contracting receipts grew 20.3% to \$5.7 billion for fiscal year 2007. In addition, construction commitments and authorizations increased for the fiscal year ended June 30, 2007, i.e., 23,947 permits with an estimated value of \$3.0 billion were issued for the 2007 fiscal year, representing a 0.7% increase in number and a 29.7% increase in value compared to the prior fiscal year. However, 13,468 building permits were issued for \$1.9 billion for the 11 months ended November 30, 2007, representing a decrease of 10.7% in number and an increase of 12.7% in value, compared to the same period last year.
- Although the resale housing market on Oahu has softened, the median resale prices for single family homes and condominiums on a year-to-date basis through November 2007 rose 2.4% to \$645,000 and 4.8% to \$325,000, respectively, compared to the same period in the prior year. The total dollar sales volume amounted to \$4.65 billion for the first 11 months of 2007, representing a decrease of 7.5% compared to the same period last year. Home mortgage financing continues to improve with interest rates down to about 5.5% in November.
- Retailing receipts on Oahu rose 5.4% to \$20.3 billion for fiscal year 2007 compared to the last fiscal year.

- The military continues to be recognized as a major segment of the island's economy with expenditures in Hawaii exceeding \$5.0 billion annually.
- Civilian jobs totaled 447,400 in October 2007, a decrease of less than 1.0% compared to October 2006.
- For October 2007, Oahu's unemployment rate of 2.4% continues to be lower than the state jobless rate of 2.7% and the national seasonally adjusted rate of 4.7%.
- Personal income growth continued to be solid, increasing 6.7% for the first six months of 2007 compared to the same period last year, with annual increases of 6.8% and 7.9% for 2006 and 2005, respectively.
- The consumer price index for Honolulu increased 5.0%, double the U.S. average of 2.5%, for the first half of 2007 compared to the same period in the prior year. The higher prices in Honolulu are due primarily to rising costs for housing, food and beverages.

MAJOR INITIATIVES

Beginning January 1, 2007, and expiring December 31, 2022, the City has been receiving a half-percent excise tax surcharge to fund the operating and capital costs of a new public transportation system.

The executive operating budget for fiscal year 2007 amounted to \$1.49 billion net of interfund transfers, representing an increase of 8.8% compared to the prior year. The increase was primarily due to higher anticipated costs such as for salaries and wages (\$29.9 million for higher payroll costs and pay raises awarded through collective bargaining), debt service (\$22.7 million), bus operations (\$16.1 million largely for higher fuel and wage costs), and employee retirement system contributions (\$3.2 million).

The City's capital improvement budget of \$680.7 million for fiscal year 2007 represented an increase of 42.5% compared to the previous year. More than half of that total was dedicated to sewer system improvements.

General Government

The general government function of the capital improvement budget increased slightly to \$48.4 million for fiscal year 2007 compared to last fiscal year. The following were the major general government projects: Procurement of Major Equipment (\$17.8 million), Integrated Financial and Human Resource System – Financial Accounting System (\$7.2 million), National Pollutant Discharge Elimination System Modification for Corporation Yards (\$5.3 million), Fire Sprinkler System Installation at the Frank F. Fasi Municipal Building (\$5.1 million), and Kapolei Consolidated Corporation Yard (\$4.6 million).

Public Safety

Public safety appropriations in the capital improvement budget increased 70.9% to \$43.4 million for fiscal year 2007. The major public safety projects included the following: Police Headquarters – Crime Lab Expansion (\$10.0 million), Kuahea Street Area Movement, Palolo Valley (\$5.0 million), Waimalu Stream Dredging (\$3.0 million), Honolulu Police Department Equipment Acquisition (\$2.9 million), Computerized Traffic Control System (\$2.3 million), Traffic Signals at Various Locations (\$2.3 million), and Fire Station Building Improvements (\$2.0 million).

Highways and Streets

A sum of \$97.8 million was designated in the capital improvement budget for highways and streets in fiscal year 2007, up 94.0% compared to last fiscal year. Major highways and streets projects included Rehabilitation of Streets (\$44.0 million), North-South Road (Kapolei Parkway)/Park Row Roadway (\$33.1 million), Manana Infrastructure Improvements, Pearl City (\$4.4 million), Drainage Improvements at Various Locations (\$1.6 million), and Curb Ramps at Various Locations (\$1.5 million).

Sanitation

In the capital improvement budget for fiscal year 2007, \$356.6 million had been provided for solid waste and sewage collection and disposal projects, representing an increase of 27.4% over the prior year. The following were the major sanitation projects for fiscal year 2007: Sand Island Wastewater Treatment Plant Expansion, Primary Treatment (\$64.0 million), Kalihi Valley Reconstructed Sewer (\$23.0 million), Honouliuli Wastewater Treatment Plant Solids Handling System (\$22.0 million), Kalihi/Nuuuanu Area Sewer Rehabilitation (\$21.2 million), Wilhelmina Rise Sewer Rehabilitation (\$20.0 million), Beachwalk Wastewater Pump Station Force Main (\$19.0 million), Sand Island Wastewater Treatment Plant Disinfection Facility and Effluent Pump Station (\$15.2 million), Wanaao Road/Keolu Drive Reconstructed Sewer (\$15.2 million), Wastewater Treatment Plant, Pump Station and Force Main Projects (\$13.0 million), Kalaheo Avenue/Mokapu Road/Aikahi Loop Sewer Rehabilitation (\$10.8 million), Renton Road Sewer and Manhole Rehabilitation (\$10.2 million), Honouliuli Wastewater Treatment Plant Upgrade (\$10.1 million), Waimalu Sewer Rehabilitation/Reconstruction (\$9.5 million), Kailua/Kaneohe Sewer Rehabilitation (\$7.7 million), Houghtailing Street Area Sewer Rehabilitation (\$7.6 million), Sewer Manhole and Pipe Rehabilitation at Various Locations (\$7.5 million), Project Management for Wastewater Projects (\$6.2 million), and Kapiolani Area Revised Sewer System (\$6.0 million).

Human Services

The human services function of the capital improvement budget for fiscal year 2007 increased minimally compared to the prior fiscal year to \$15.8 million, and included the Community Development Block Grant Program (\$9.1 million) and HOME program (\$5.3 million).

Culture-Recreation

For participant, spectator, and other recreation projects, \$42.0 million was appropriated in the capital improvement budget, 39.5% more than the year earlier. Major projects included the Sunset Beach Recreation Center (\$3.1 million), Reconstruction of Wastewater Systems for Parks (\$2.9 million), Blaisdell Center – Arena Risers (\$2.3 million), Ala Moana Regional Park (\$1.8 million), McCully District Park (\$1.8 million), and Honolulu Zoo Improvements (\$1.5 million).

Transportation

The capital improvement budget appropriations of \$76.8 million for mass transit represented a 176.5% increase compared to the previous year. Major public transit projects included the Honolulu High Capacity Transit Project (\$50.2 million), Bus and Handi-Van Acquisition Program (\$13.5 million), Middle Street Intermodal Center (\$5.2 million), Wahiawa Transit Center (\$2.5 million), and Alapai Transportation Management Center (\$2.2 million).

FOR THE FUTURE

The executive operating budget for fiscal year 2008 amounts to \$1.6 billion net of interfund transfers, representing an increase of 9.9% compared to the prior year. The budget increases are attributed to such factors as settled union contracts for City employees (\$50.4 million), transfers to the other post employment benefits fund (\$40.0 million), and debt service costs (\$36.4 million).

The City's capital improvement budget of \$789.5 million for fiscal year 2008 represents an increase of 16.0% compared to the previous year. A significant portion (44.4%) of that total is dedicated to sewer system improvements.

General Government

Compared to the prior fiscal year, the capital improvement budget of \$57.9 million for the general government function increased 19.6% for fiscal year 2008. The following are the major general government projects: Procurement of Major Equipment (\$19.8 million), Telecommunications Facilities Upgrade (\$5.5 million), National Pollutant Discharge Elimination System Modification for Corporation Yards (\$5.4 million), City Hall – Legislative Branch Improvements (\$5.1 million), and Walter Murray Gibson Building Renovation (\$5.1 million).

Public Safety

Public safety appropriations in the capital improvement budget increased 30.9% to \$56.8 million for fiscal year 2008. The major public safety projects include Honolulu Police Department Equipment Acquisition (\$5.7 million), Waipo Point Access Road Improvements (\$5.1 million), Traffic Signal Maintenance Facility (\$3.9 million), Kaneohe Stream Bank Restoration near Keole Place (\$3.9 million), Computerized Traffic Control System (\$3.5 million), Honolulu Fire Department Equipment Acquisition (\$3.4 million), Flood Control Improvements at Various Locations (\$3.3 million), and Emergency Medical Services - Young Street Facility (\$3.3 million).

Highways and Streets

A sum of \$70.0 million was designated in the capital improvement budget for highways and streets in fiscal year 2008. Major highways and streets projects include Rehabilitation of Streets (\$49.8 million), North-South Road (Kapolei Parkway/Park Row Roadway) (\$2.3 million), Kamokila Boulevard Extension (\$1.9 million), Curb Ramps at Various Locations (\$1.6 million), Pearl City Area (Momilani) Street Lighting Improvements (\$1.6 million), Bridge Rehabilitation at Various Locations (\$1.4 million), and Drainage Improvements at Various Locations (\$1.3 million).

Sanitation

The capital improvement budget for solid waste and sewage collection and disposal projects increased 12.8% over the prior year to \$402.3 million for fiscal year 2008. The following are the major sanitation projects: Sand Island Wastewater Treatment Plant Expansion, Primary Treatment (\$66.0 million), Solid Waste To Energy Facility – Pollution Control Improvements (\$40.0 million), Kalihi/Nuuanu Area Sewer Rehabilitation (\$31.0 million), Kailua Wastewater Treatment Plant Improvements (\$25.0 million), Beachwalk Wastewater Pump Station Force Main (\$22.5 million), Waimalu Sewer Rehabilitation/Reconstruction (\$21.1 million), Kalaniana'ole Highway Sewer System Improvements (\$18.6 million), Kahanu Street, School Street, and Umi Street Relief Sewers (\$16.4 million), Wastewater Treatment Plant, Pump Station, and Force Main Projects (\$16.4 million), Central Oahu Wastewater Facilities and Effluent Reuse (\$16.4 million), Honouliuli Wastewater Treatment Plant Solids Handling System and Improvements (\$15.0 million), Waipahu Ash Landfill Closure (\$10.5 million), Kailua/Kaneohe Sewer Rehabilitation (\$8.3 million), Laie Sewers (\$7.2 million), and Project Management For Wastewater Projects (\$6.7 million).

Human Services

The capital improvement budget of \$14.6 million for fiscal year 2008 for the human services function decreased a slight \$1.2 million compared to the last fiscal year, and includes appropriations for the Community Development Block Grant Program (\$8.7 million) and Home Investment Partnership Program (\$4.6 million).

Culture-Recreation

For fiscal year 2008, \$29.4 million was appropriated in the capital improvement budget for participant, spectator, and other recreation projects. The major culture-recreation projects include the Ewa Mahiko District Park (\$3.0 million), McCully District Park (\$2.4 million), Renovate Recreational Facilities (\$2.2 million), Mitigative Improvements at Parks (\$2.0 million), Enterprise Facilities Improvements (\$1.9 million), Waipio Peninsula Recreation Complex, (\$1.8 million), and Lanakila District Park (\$1.2 million).

Transportation

The capital improvement budget appropriations for mass transit increased 106.3% to \$158.4 million for fiscal year 2008, primarily for the Honolulu High Capacity Transit Project (\$85.0 million). Other noteworthy public transit projects include the Bus and Handi-Van Acquisition Program (\$25.3 million), Halawa Bus Maintenance Facility Land Acquisition (\$20.0 million), Middle Street Intermodal Center (\$17.5 million), Alapai Transportation Management Center (\$4.0 million), and Wahiawa Transit Center (\$2.6 million).

FINANCIAL INFORMATION

The basic financial statements include two government-wide financial statements, the Statement of Net Assets and the Statement of Activities. These government-wide financial statements are corporate in style, and present a big-picture view of the City's financial condition and position with the reporting of depreciation and long-term debt.

The financial information of the City (known as the primary government) are summarized and reported by governmental activities and business-type activities. The business-type activities are consolidated into a single column of the government-wide financial statements and include the proprietary funds, specifically, housing, sewer, solid waste, and the public transportation system. The financial analysis of the primary government is provided in the MD&A section of this report.

The City's component unit, the Board of Water Supply (BWS), is reported separately from the primary government on the City's government-wide financial statements.

Another element of the basic financial statements is the fund financial statements. These statements are designed to address the major individual funds by category (governmental, proprietary, and fiduciary).

Internal Controls

Establishing and maintaining the internal control system is the responsibility of City managers. Creating the internal control system requires estimates and judgments to assess the expected benefits and related costs of control procedures. The objective of an internal control system is to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and transactions are executed in accordance with management's authorization and are properly recorded to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Management must also develop adequate internal controls to ensure compliance with applicable laws and regulations related to federal and State financial assistance programs.

The internal control system is subject to periodic evaluation by both internal and external auditors. We believe the City's internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Controls

The City maintains budgetary controls to ensure that legal provisions of the annual budget are in compliance and expenditures do not exceed budgeted amounts. Controls are exercised by integrating the budgetary accounts in fund ledgers for all budgeted funds. An encumbrance system is also used to account for purchase orders and other contractual commitments. Encumbered balances of appropriations at year-end are reported as reservations of fund balance and are not reappropriated in the following year's budget.

Cash Management

The primary objectives of the City's cash management and investment program are the safety and preservation of principal, liquidity, and yield. The City takes full advantage of temporarily idle cash and the scheduling of vendor payments. To ensure the most competitive rates on investments, the cash resources of the individual funds are combined to form a pool of cash and investments. The investment pool's portfolio is composed of obligations of the U.S. government and its agencies, and repurchase agreements fully collateralized by obligations of the U.S. government or its agencies.

The average ratio of invested funds to available cash during the year was 93.4%. The City earned interest income during the year at an average rate of return of 5.07%.

Risk Management

Risk management activities focus on risk financing programs, claims management, loss prevention, and other areas to minimize the adverse financial impact of losses.

The City relies on a combination of commercial insurance and self-insurance to finance risk. Primary commercial insurance is purchased to cover aircraft and professional liabilities, and loss or damage to real and personal property the City owns or controls.

Also, automobile liability insurance is purchased to cover privately owned police vehicles in compliance with a labor contract. The City qualifies as a self-insurer with respect to its automobile and workers' compensation liabilities in accordance with applicable State statutes. With all other risks, the City has elected to self-insure a significant portion of each and every loss. For catastrophic losses, commercial excess liability insurance is in place.

OTHER INFORMATION

Independent Audit

Section 3-114 of the City Charter requires an annual financial audit by independent certified public accountants. The accounting firm of Nishihama & Kishida, CPAs, Inc. was selected by the Office of the City Auditor to perform the audit. The auditor's report is included in the financial section of this report. In addition, Nishihama & Kishida, CPAs, Inc. was selected by the Board of Directors of the Board of Water Supply for the audit of its financial statements.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended June 30, 2006. The City has received the award in 20 of the last 21 years. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. The report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the past eight years.

Acknowledgments

I am deeply grateful for the efforts of the Accounting and Fiscal Services Division personnel who contributed to the preparation of the CAFR. My heartfelt appreciation is extended also to the Mayor, City Council, and department heads for their leadership and support in maintaining the City's sound financial position.

Respectfully submitted,

Mary Patricia Waterhouse
Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City and County of Honolulu, Hawaii

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2006

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITORS' REPORT

To the Chair and Members of the City Council
City and County of Honolulu
Honolulu, Hawaii

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City and County of Honolulu, State of Hawaii (City), as of and for the fiscal year ended June 30, 2007, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information for the City, as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2007, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and budgetary comparison information on pages 17 through 33 and 95 through 98 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund financial statements, and schedules listed in the table of contents under other supplementary information and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules listed in the table of contents under other supplementary information have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections as listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

The following Management's Discussion and Analysis (MD&A) is designed to provide an overview of the financial performance for the fiscal year ended June 30, 2007 for the City and County of Honolulu (City). The information presented in this MD&A should be considered in conjunction with the letter of transmittal in the Introductory Section of the Comprehensive Annual Financial Report (CAFR) and the financial statements that follow this subsection.

FINANCIAL HIGHLIGHTS FOR FISCAL YEAR 2007

- Taxes and other revenues for governmental activities totaled \$1.28 billion while expenses before transfers amounted to \$1.01 billion, resulting in excess revenues of \$265.1 million for the fiscal year ended June 30, 2007. In comparison, revenues exceeded expenses by \$134.0 million for fiscal year 2006. The excess revenues for both fiscal years can be attributed primarily to increased real property tax collections. The governmental activities are summarized on page 22, discussed on pages 23 to 25, and reported on pages 36 and 37.
- Revenues for the City's business-type activities increased to \$397.8 million for fiscal year 2007 from \$344.8 million for fiscal year 2006 while expenses before transfers increased to \$508.6 million for the current fiscal year compared to \$473.1 million for fiscal year 2006. The business-type activities are summarized on page 22, discussed on pages 26 to 27, and reported on pages 36 and 37.
- The combined ending governmental fund balances as of June 30, 2007 increased by \$84.8 million (as summarized on page 28) to \$345.3 million (as reported on page 39).
- Total fund balance in the General Fund as of June 30, 2007 increased by \$57.2 million (as summarized on page 28) to \$155.8 million (as reported on pages 39 and 119). Likewise, unreserved fund balance in the General Fund improved by \$51.4 million for fiscal year 2007 to \$128.0 million as reported on page 39.
- Net capital assets for the governmental activities remained at \$1.9 billion at the close of fiscal years 2007 and 2006. For the business-type activities, net capital assets amounted to \$2.0 billion at the close of the current fiscal year and \$1.9 billion at the end of the prior fiscal year. Capital assets are discussed on pages 30 and 31, and reported on pages 69 to 71 in the Notes to Financial Statements.
- The City's debt applicable to the legal debt margin of \$21.9 billion was \$1.7 billion for the fiscal year ended June 30, 2007. Further Information on the City's long-term debt may be found on pages 31 and 32, on pages 73 to 77 in the Notes to Financial Statements, and on pages 223 to 226 in the Statistical Section.

OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A serves as an introduction to the City's basic financial statements. The basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. In addition to the basic financial statements, the CAFR also contains other supplementary information.

Government-Wide Financial Statements

The government-wide financial statements include the Statement of Net Assets and Statement of Activities and are intended to provide a broad overview of the City's finances, in a manner similar to the private sector. Accordingly, it provides both long-term (noncurrent) and short-term (current) information about the City's financial status.

The Statement of Net Assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets serve as an indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents how the City's net assets changed during the fiscal year. Revenues and expenses are reported as soon as the underlying event occurs, regardless of the timing of the related cash flows. As such, the statement includes information for some items that will result in cash flows in the future fiscal periods (e.g., uncollected taxes).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that recover all or a significant portion of its costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, sanitation, human services, culture and recreation, and utilities (transportation). The business-type activities of the City include four enterprises: housing, sewer, solid waste and public transportation. The governmental activities and the business-type activities comprise the City's primary government.

Separate reporting of the City's component unit, the semi-autonomous operations of the Board of Water Supply (BWS), is included in the government-wide financial statements. Although the focus of the government-wide statements is clearly on the primary government, the presentation informs the user of the relative relationship with the component unit. Complete financial statements of BWS, which include its MD&A, may be obtained from BWS at 630 South Beretania Street, Honolulu, Hawaii 96843.

Fund Financial Statements

The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on short-term (current) inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's short-term (current) financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information reported for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Reconciliations are provided for both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances to facilitate the comparison between governmental funds and governmental activities.

The City maintains 32 governmental funds, each individually categorized as major or nonmajor. The General Fund is always classified as a major fund. Other major funds consist of the Highway Fund, and the General Obligation Bond and Interest Redemption Fund. A fund is considered major if its revenues, expenditures, assets, or liabilities is at least 10% of corresponding totals for all governmental funds and at least 5% of the aggregate amount for all governmental and enterprise funds for the same item. Even though the General Improvement Bond Fund did not meet the qualifying criteria for a major fund in fiscal year 2007, the City has historically chosen to present it separately like the other major funds in the Balance Sheet and in the Statement of Revenues, Expenditures and Changes in Fund Balances for Governmental Funds. Information for the other 28 funds are included in the nonmajor category and are combined into a single, aggregated presentation in the Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balances for Governmental Funds. Individual fund data for each of these nonmajor governmental funds are provided in the form of combining financial statements under Other Supplementary Information of this report.

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

Proprietary Funds. Enterprise services for which the City charges fees to customers are reported as proprietary funds. Like the government-wide financial statements, the proprietary fund statements report long-term (noncurrent) and short-term (current) financial information. The Statement of Cash Flows for the proprietary funds presents changes in cash and cash equivalents, resulting from operating, financing and investing activities; cash receipts and cash disbursements are reported without consideration of the earnings event, when an obligation arises, and excludes depreciation of capital assets. The City's proprietary funds, comprised of the Housing Development Special Fund, Sewer Fund, Solid Waste Special Fund, and the Public Transportation System, are reported on pages 43 to 46. In addition, the proprietary funds are classified as business-type activities in the government-wide financial statements on pages 35 to 37.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The financial statements of the fiduciary funds are reported on pages 47 and 48 of this report while the agency funds are reported on pages 114 and 115.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, the Financial Section of the CAFR presents certain required supplementary information. The combining financial statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. The individual fund statements and schedules can be found following the combining financial statements.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE (GOVERNMENT-WIDE)

Statement of Net Assets

As noted earlier, net assets may serve over time as a useful indicator of the City's financial position. Excluding its component unit, the City's assets exceeded liabilities by \$1.14 billion in contrast to \$981.2 million at the end of last fiscal year.

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

The largest portion of the primary government's net assets (72.6% and 86.3% at the end of fiscal years 2007 and 2006, respectively) is reflected as invested in capital assets (i.e., land, construction work in progress, buildings and improvements, equipment and machinery, and infrastructure) less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Approximately \$250.1 million and \$98.4 million of the net assets for the primary government were unrestricted at June 30, 2007 and 2006, respectively. For the City's governmental activities, the unrestricted net assets of \$233.3 million at the end of fiscal year 2007 may be used to meet the City's ongoing obligations to citizens and creditors. With regard to the City's business-type activities, the unrestricted net assets improved to \$16.8 million at June 30, 2007 primarily due to capital contributions from other City funds for public transportation and the 10% rate increase for sewer service charges. A small percentage (5.3%) of the City's net assets at June 30, 2007 represents resources that are subject to external restrictions on how they may be used.

The following is a summary of the Statement of Net Assets as of June 30, 2007 and 2006:

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

Total revenues for the primary government rose to \$1.68 billion for the fiscal year 2007 from \$1.42 billion for fiscal year 2006. The revenue gains for fiscal year 2007 resulted principally from increased real property tax collections, higher sewer service charge rates, and additional capital grants and contributions.

Expenses for the primary government totaled \$1.52 billion for fiscal year 2007 of which \$1.01 billion applied to governmental activities and \$508.6 million related to business-type activities. For the prior fiscal year, expenses for the primary government totaled \$1.41 billion; \$939.8 million pertained to governmental activities and \$473.1 million to business-type activities. Depreciation, included as expenses in the above schedule, amounted to \$69.4 million for the governmental activities and \$74.6 million for business-type activities for fiscal year 2007.

General government expenses for fiscal year 2007 increased by \$27.5 million compared to fiscal year 2006, principally due to pay raises for City employees.

Likewise, public safety expenses for fiscal year 2007 increased by \$36.9 million, primarily due to collective bargaining costs for police officers and firefighters.

Utilities (transportation) expenses increased to \$68.4 million for fiscal year 2007 from \$33.6 million for fiscal year 2006, mainly as a result of capital contributions to the Public Transportation System for bus and handi-van acquisitions.

Miscellaneous expenses decreased by \$35.2 million from fiscal year 2006 to fiscal year 2007, largely due to a long-term liability adjustment for a workers' compensation actuarial report.

Statement of Activities

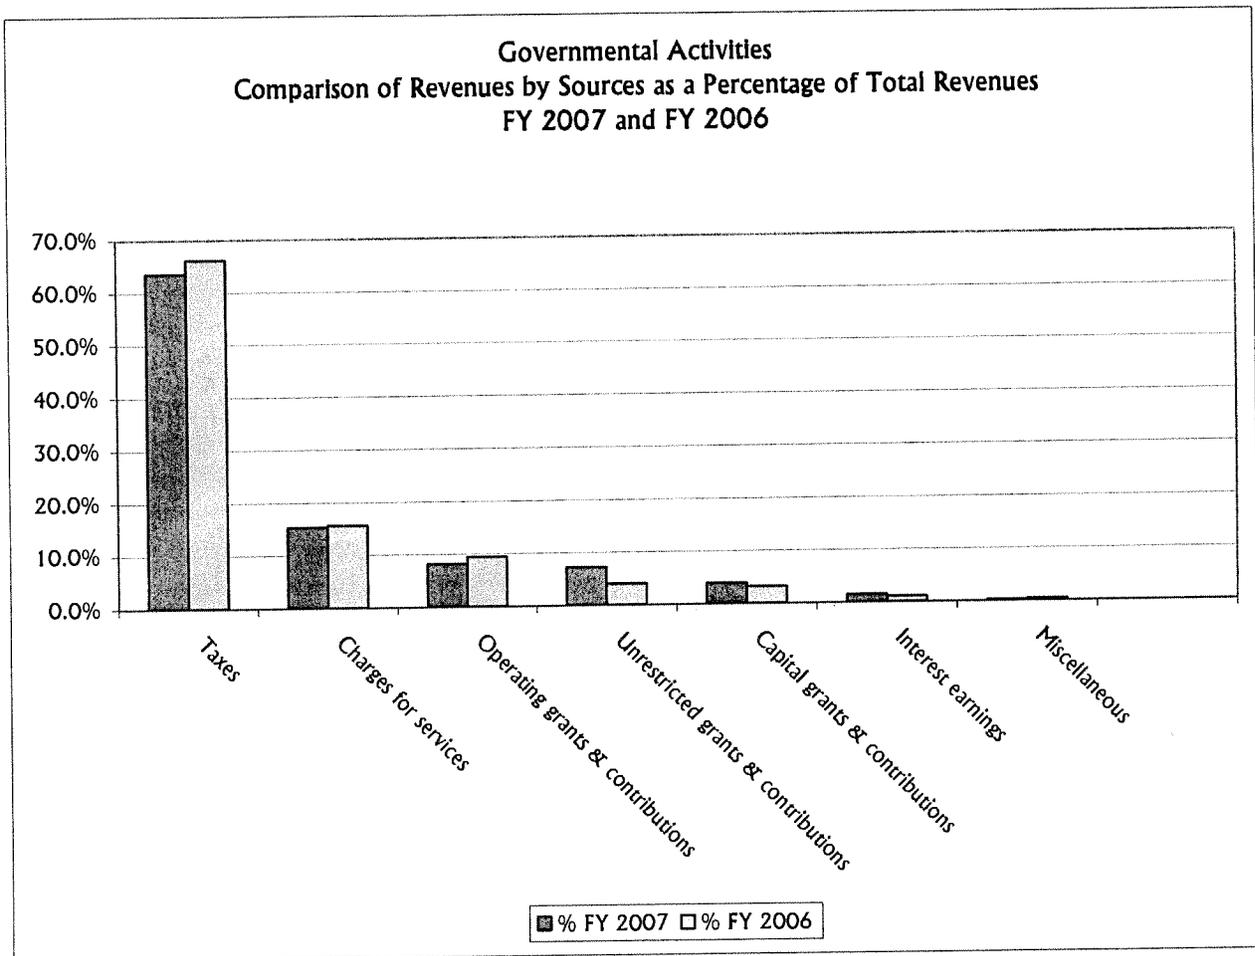

As noted earlier, the Statement of Activities presents how the City's net assets changed during the current fiscal year. Revenues and expenses are reported as soon as the underlying event occurs, regardless of the timing of the related cash flows. As such, the statement includes information for some items that will result in cash flows in the future fiscal periods (e.g., uncollected taxes).

Governmental Activities

The net assets for the City's governmental activities improved, exhibiting an increase of \$97.7 million in fiscal year 2007 as compared to a decrease of \$1.5 million in fiscal year 2006. The increase in net assets is due to key revenue sources, primarily real property taxes and motor vehicle weight taxes, outpacing the rise in operating expenses.

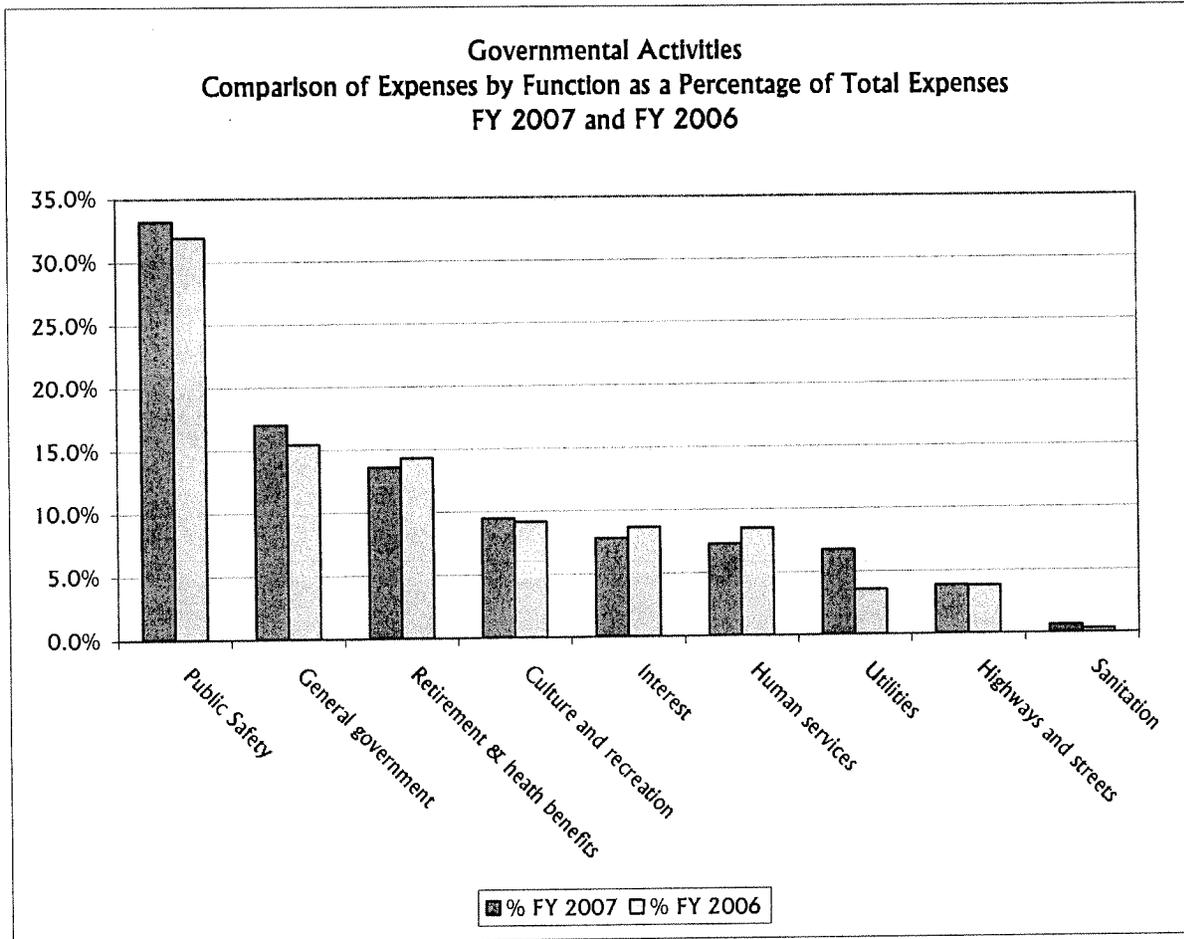

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

Revenues. The following exhibit, Comparison of Revenues by Sources as a Percentage of Total Revenues, indicates revenues from governmental activities were relatively stable for the last two fiscal years. Taxes represented 63.6% (\$814.1 million) of the revenues from governmental activities for fiscal year 2007 and 66.2% (\$710.7 million) in contrast to the year before. Specifically, real property tax collections increased to \$685.9 million for fiscal year 2007 from \$595.0 million for fiscal year 2006, primarily a result of higher real property tax valuations, despite real property tax exemptions, credits and one-time discount. Weight taxes for motor vehicles were increased during the middle of fiscal year 2006. With a full year of collections at the higher rates during fiscal year 2007, motor vehicle weight taxes rose by \$12.8 million, representing a 21.8% increase compared to fiscal year 2006.

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

Expenses. During the 2007 fiscal year, the City spent 33.2% (\$337.1 million) of the governmental activities budget on public safety, 17.0% (\$172.7 million) on general government, and 13.6% (\$137.6 million) on retirement and health benefits as displayed below on the Comparison of Expenses by Function as a Percentage of Total Expenses. In the prior fiscal year, the City spent 31.9% (\$300.2 million) on public safety, 15.4% (\$145.2 million) on general government, and 14.3% (\$134.7 million) on retirement and health benefits.

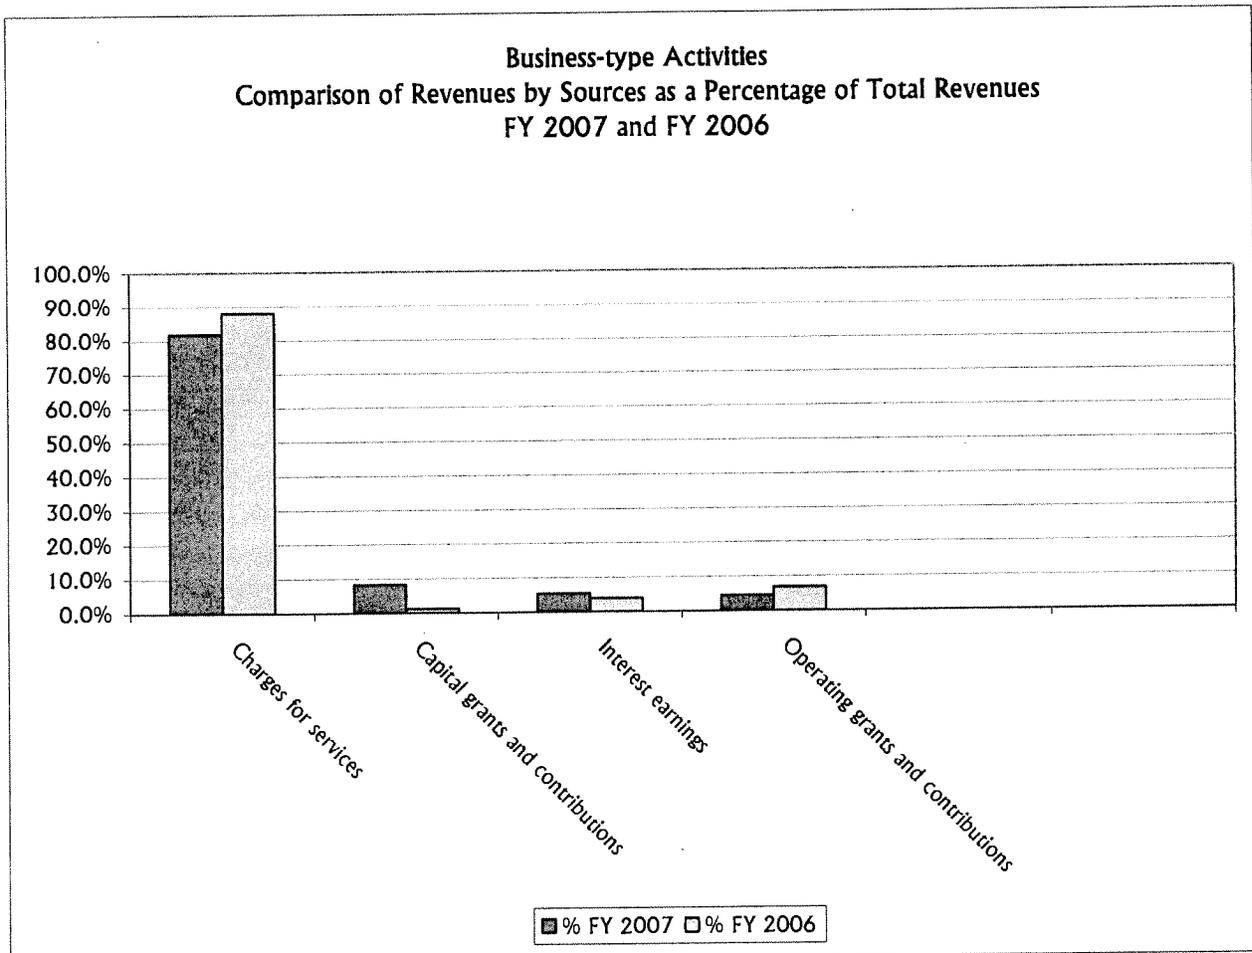

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

Business-type Activities

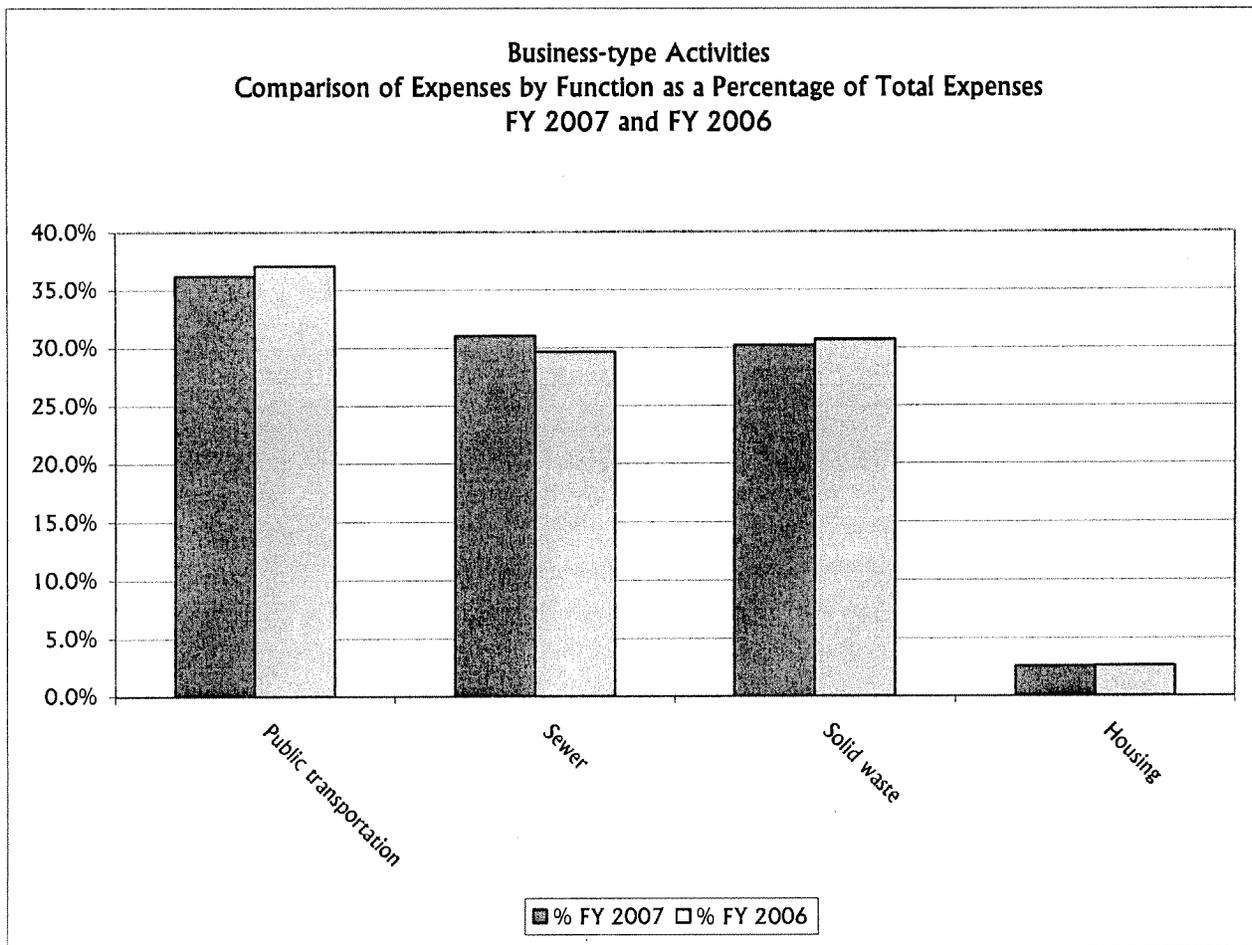

The net assets for the City's business-type activities increased by \$56.6 million for fiscal year 2007 in comparison to \$7.2 million for fiscal year 2006. The improvement in net assets resulted primarily from the \$26.9 million increase in capital contribution for the purchase of public transportation buses and handi-vans by the Federal Grants Capital Projects Fund and the Highway Improvement Bond Fund, and the 10% rate increase for sewer service charges effective at the beginning of fiscal year 2007.

Revenues. The Comparison of Revenues by Sources as a Percentage of Total Revenues for business-type activities below indicates that charges for services provided 81.8% of the revenues for business-type activities for fiscal year 2007 in contrast to 88.0% for the previous year. Charges for services totaled \$325.5 million for fiscal year 2007 and can be disaggregated as follows: housing (\$8.3 million), sewer (\$165.9 million), solid waste (\$107.7 million), and public transportation (\$43.6 million). For fiscal year 2006, charges for services totaled \$303.5 million: housing (\$8.4 million), sewer (\$151.2 million), solid waste (\$100.4 million), and public transportation (\$43.5 million). Capital grants and contributions increased \$28.4 million while operating grants and contributions decreased \$5.7 million for fiscal year 2007 compared to fiscal year 2006.

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

Expenses. As displayed in the exhibit below, expenses by business-type activities changed slightly in contrast to the prior year. Public transportation used the most resources (36.2%), followed by sewer (31.0%) and solid waste (30.2%) for fiscal year 2007. The net transfers in for the business-type activities from the governmental activities amounted to \$167.5 million for fiscal year 2007, and \$135.5 million for fiscal year 2006. Specifically, net transfers in for public transportation (bus and handi-van) operations amounted to \$106.1 million for fiscal year 2007, and \$93.1 million for fiscal year 2006; net transfers in for solid waste operations amounted to \$63.2 million for fiscal year 2007, and \$49.4 million for fiscal year 2006; and net transfers out for sewer operations amounted to \$1.9 million for fiscal year 2007, and \$7.0 million for fiscal year 2006.

FINANCIAL ANALYSIS OF THE CITY GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on short-term (current) inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements.

The following table summarizes the changes in fund balances for the City's governmental funds as of the end of the 2007 fiscal year, amounting to a surplus of \$84.8 million in comparison to a surplus of \$86.4 million for the prior fiscal year.

The above changes in fund balances for the governmental funds differ from the changes in net assets for governmental activities summarized on page 22. The differences relate to certain financial resources and expenditures such as debt financing and capital outlays that are included in the changes in governmental fund balances but are not reported in the changes in net assets as detailed on page 41.

General Fund. The General Fund is the chief operating fund of the City. The unreserved fund balance of the General Fund was \$128.0 million at June 30, 2007, while total fund balance amounted to \$155.8 million, representing increases of \$51.4 million and \$57.2 million, respectively, in comparison to the prior fiscal year end.

**CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007**

Real property taxes, the primary General Fund revenue source, increased \$98.0 million, a rise of 16.6% compared to the prior year. The increase resulted primarily from higher assessed real property valuations.

Highway Fund. The Highway Fund includes special revenue proceeds that have been earmarked by law for highway and related activities. Major revenue sources include the City fuel tax, vehicle weight tax and public utility franchise tax. The unreserved fund balance increased 18.5% to \$27.6 million as of June 30, 2007 from \$23.3 million at the close of the prior fiscal year. Similarly, total fund balance rose 19.5% to \$31.8 million during the same period. The increases resulted mainly from higher weight tax rates for motor vehicles in fiscal year 2007.

General Obligation Bond and Interest Redemption Fund. The General Obligation Bond and Interest Redemption Fund accounts for principal and interest payments on general obligation serial bonds that have been issued by the City. The balance of \$323,000 for matured bonds and interest payable at June 30, 2007 remained unchanged compared to the end of the prior fiscal year.

General Improvement Bond Fund. Deposits into the General Improvement Bond Fund include proceeds from tax-exempt commercial paper borrowings for payment of public improvements appropriated and expended from the fund as specified in the Executive Capital Budget and Program Ordinance. Encumbered contracts underway, one component of fund balance, increased 4.8% to \$228.1 million at the close of fiscal year 2007 from \$217.6 million at the end of last fiscal year. The deficit for unreserved capital projects, the other component of fund balance, increased to \$222.5 million at the end of fiscal year 2007 compared to \$196.5 million at the end of the previous fiscal year. Likewise, the \$5.6 million surplus for total fund balance at June 30, 2007 represents a decrease of \$15.5 million compared to the prior fiscal year end.

All Other Funds. All other funds (excluding the proprietary funds and the fiduciary funds) are considered the City's nonmajor governmental funds. The fund balances for the nonmajor funds increased by \$38.0 million from \$114.1 million at June 30, 2006 to \$152.1 million at June 30, 2007. The increase can be attributed primarily to the issuance of \$38.0 million in tax exempt commercial paper for the Highway Improvement Bond Fund and the transfers of \$47.8 million from the General Fund to the Transit Fund (Capital Account). On the other hand, large capital outlays from the Highway Improvement Bond Fund and the Federal Grants Capital Projects Fund reduced the fund balances for the nonmajor funds. Specifically, \$39.2 million was expended from the highways and streets function of the Highway Improvement Bond Fund mainly for the rehabilitation and resurfacing of streets. For the utilities (transportation) function, \$14.1 million was expended from the Highway Improvement Bond Fund and \$31.3 million from the Federal Grants Capital Projects Fund for projects like the Middle Street Intermodal Center, and the bus and handi-van acquisition program.

GENERAL FUND BUDGETARY HIGHLIGHTS

There was an 8.7% increase between the original appropriation budget and the final amended budget for the General Fund, comprised of an additional \$5.0 million funding for costs to be incurred by the State of Hawaii for the collection of the City's excise tax surcharge effective from January 1, 2007.

Actual revenues exceeded budgetary estimates by 4.7% (\$43.5 million) for fiscal year 2007 and by 1.5% (\$11.7 million) for fiscal year 2006. The increases in both years were due in large part to more real property tax collections, increased reimbursements from the State for emergency ambulance services, public service company tax, transient accommodation tax, and investment interest. In addition, collections of licenses and permits increased by \$4.4 million for fiscal year 2007.

Due to implementation of expenditure control measures, actual expenditures were less than budgetary estimates by 7.3% (\$48.3 million) for fiscal year 2007 and by 7.4% (\$45.4 million) for the previous fiscal year. The net changes in fund balance reflected favorable variances of \$92.1 million for fiscal year 2007 and \$72.6 million for last year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets, net of accumulated depreciation, totaled \$3.9 billion for the primary government of which \$1.9 billion pertained to governmental activities as of June 30, 2007. This investment in capital assets includes land, construction work in progress, buildings and improvements, equipment and machinery, and infrastructure.

The increase in capital assets is attributed to costs incurred for various ongoing capital improvement projects during fiscal year 2007 such as the Hart Street Wastewater Pump Station Alternative (\$22.0 million), Salt Lake Boulevard Widening (\$20.3 million), Ala Moana Wastewater Pump Station Modification (\$18.6 million), and Historic Kakaako Fire Station No. 9 (\$16.7 million).

Completed projects during fiscal year 2007 include various modifications to the Sand Island Wastewater Treatment Plant (\$226.6 million), Beachwalk Wastewater Pump Station and Force Main (\$27.8 million), and Kapiolani Boulevard Trunk Sewer Rehabilitation (\$15.3 million).

Additional information on the City's capital assets can be found in the Notes to Financial Statements on pages 69 to 71.

Long-Term Debt

At June 30, 2007, the City's long-term debt consisted of \$3.4 billion of bonded debt and \$134.5 million of notes payable. The total bonded debt is comprised of \$2.0 billion in general obligation bonds, and \$1.4 billion in revenue bonds secured by water and wastewater system revenue sources.

The following is a summary of the debt activities during the fiscal year:

- On September 6, 2006, \$340.8 million of wastewater system revenue bonds were issued to fund additional improvements for the wastewater system and to refund \$22.5 million of wastewater system revenue Series 2003A-1 variable rate bonds and \$8.7 million of general obligation bonds.
- On September 15, 2006, \$32.1 million of wastewater system revenue Series 2003A-1 and \$54.6 million of wastewater system revenue Series 2003B-1 were converted to fixed rate bonds.
- \$100.0 million of general obligation tax-exempt commercial paper notes were issued on various dates for various capital improvement projects.

CITY AND COUNTY OF HONOLULU
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2007

Concurrent with the issuance of the aforementioned bonds, the City purchased a financial guarantee insurance policy from MBIA Insurance Corporation. The policy unconditionally guarantees the payment of principal and interest on the bonds in the event of nonpayment by the City. As a result, Fitch Inc., Moody's Investors Service, and Standard & Poor's Ratings Group assigned ratings of AAA, Aaa and AAA, respectively, for the bonds issued on September 6, 2006. For the bonds converted on September 15, 2006, Fitch Ratings and Moody's Investors Service assigned ratings of AAA and Aaa.

The Hawaii Revised Statutes limit the amount of general obligation debt the City may issue to 15.0% of its net assessed valuation. The statutory debt limit for fiscal year 2007 was \$21.9 billion. The City's outstanding debt applicable to the legal debt margin totaled \$1.7 billion for fiscal year 2007, well below the statutory debt limitation.

Additional information on the City's debt are reported on pages 73 to 77 in the Notes to Financial Statements and on pages 223 to 226 in the Statistical Section of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Indicators suggest that the local economy continues to be healthy. Unemployment is among the lowest in the nation; bankruptcies are down; interest rates are steady; personal income, civilian employment, job counts, and federal defense spending are up. On the other hand, inflation, energy costs, and housing prices are high.

The assessed valuation of real property (including new added property inventory) on Oahu increased 14.3% to \$167.0 billion for fiscal year 2008 from \$146.1 billion for fiscal year 2007.

Sewer fees were raised 10.0% during fiscal year 2007, and are scheduled to increase 10.0% in each of the following 4 years. A 0.5% excise tax surcharge on gross proceeds or gross income taxable under Chapter 237 of the Hawaii Revised Statutes became effective January 1, 2007 to fund the Honolulu High-Capacity Transit Project. To implement the transit project, a new Rapid Transit Division within the Department of Transportation Services is being established and was funded in fiscal year 2008.

Despite the stability in the economy, the City is making every effort to contain costs while maintaining the expected level of public services. The operating budget net of inter-fund transfers increased from \$1.49 billion as amended for fiscal year 2007 to \$1.64 billion for fiscal year 2008. Increased retirement system funding, negotiated public worker pay increases and associated FICA taxes, and upward trending energy rates (both electric and fuel) are the key drivers to the operating budget increase.

FUND FINANCIAL STATEMENTS

Governmental Fund Financial Statements

MAJOR FUNDS

General Fund

This fund accounts for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund

Highway Fund

This fund accounts for disposition of proceeds from special revenues earmarked by law for highway and related activities. Major revenue sources include the City fuel tax, vehicle weight tax and public utility franchise tax.

Debt Service Fund

General Obligation Bond and Interest Redemption Fund

This fund accounts for payments of principal and interest on general obligation serial bonds issued by the City.

Capital Projects Fund

General Improvement Bond Fund

This fund accounts for proceeds of general obligation bonds issued to pay all or part of those appropriations in the Capital Budget Ordinance for public improvements specified to be expended from this fund.

NONMAJOR FUNDS

Special Revenue Funds

Highway Beautification and Disposal of Abandoned Vehicles Revolving Fund

This fund accounts for receipts from motor vehicle registration certificates. These monies are expended primarily for the beautification of highways under the jurisdiction of the City and the disposition of abandoned vehicles.

Bikeway Fund

This fund accounts for bicycle and moped permanent registration fees, transfer fees, penalties, fines, and charges for duplicate tags and certificates of registration. These monies are earmarked for operating, acquisition and other costs related to bikeways.

Parks and Playgrounds Fund

All monies received in lieu of providing land in perpetuity or dedicating land, together with facilities for park and playground purposes are recorded in this fund. These monies must be expended for the purchase of land for parks and playgrounds, park and playground equipment, and/or the improvement of existing parks and playgrounds.

Federal Revenue Sharing Fund

All monies received from the federal government under the State and Local Fiscal Assistance Act of 1972 are deposited in this fund and expended for purposes authorized by the provisions of the Act.

 RECONCILIATION OF THE STATEMENT OF REVENUES,
 EXPENDITURES AND CHANGES IN FUND BALANCES
 TO THE STATEMENT OF ACTIVITIES
 FOR THE FISCAL YEAR ENDED JUNE 30, 2007
 (Amounts in thousands)

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances--total governmental funds	\$	84,826
Governmental funds report capital outlays as expenditures. The Statement of Activities reports depreciation expense on capital assets. This is the difference between the two amounts for this year.		20,474
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		(2,712)
Proceeds from the issuance of long-term debt are reported as providing current financial resources in the governmental funds, but are reported as long-term debt in the government-wide financial statements. Repayment of such debt is reported as an expenditure for governmental funds but is reported as a reduction of debt in the government-wide financial statements.		(22,405)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		17,505
 Change in net assets of governmental activities	 \$	 <u>97,688</u>

Proprietary Fund Financial Statements

Housing Development Special Fund

This fund accounts for monies designated for the development of housing for sale or for rental by the City. Transactions in this fund are incorporated in the special statements for the housing program.

Sewer Fund

This fund accounts for all monies received pursuant to the provisions of the Federal Water Pollution Control Act amendments of 1972 and the Hawaii Revised Statutes and expended for the purposes authorized.

Solid Waste Special Fund

This fund accounts for all revenues derived from the operation of the City's Refuse Division, solid waste disposal programs, glass recycling program, and other recycling programs. All monies placed in this fund are maintained in separate accounts identified with and expended for the intended purposes.

Public Transportation System

The Bus Transportation Fund was created for the management, operation, and maintenance of the bus transportation system, including the City bus system (TheBus) and the special transit service (The Handi-Van).

NOTES TO FINANCIAL STATEMENTS

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

1. Summary of Significant Accounting Policies

The Financial Reporting Entity

The City and County of Honolulu, State of Hawaii ("City") is a municipal corporation governed by an elected mayor and a nine-member City Council. The City operates under a City Charter, which was originally adopted in 1959 and last amended in 1998.

The accompanying financial statements present the operations of the City, as primary government, as well as its discretely presented component unit, the Board of Water Supply (BWS).

The City's operations are organized by the following general functions: general government, public safety, highways and streets, sanitation, human services, culture and recreation, and utilities or other enterprises.

State of Hawaii ("State") agencies assume full responsibility for several major functions usually performed by local governments such as education, welfare, health and judicial functions. These agencies are not dependent on the City and therefore, are not included in these financial statements. There are no separate city, county or township governments nor any school district, special districts, authorities or public corporations with overlapping authority presented in the accompanying financial statements.

Discretely Presented Component Unit – The component unit column in the financial statements includes the financial data of the City's discretely presented component unit, the Board of Water Supply ("Board") which is a semi-autonomous proprietary agency of the City. It is reported in a separate column to emphasize that it is legally separate from the City.

A majority of the members of the Board, the governing body, are appointed by the Mayor and confirmed by the City Council. The Board has been granted corporate powers by the City Charter. The City does not have the authority to modify or approve the Board's budgets. Water and revenue bonds payable by the Board are general obligations of the City. As the City would be obligated to repay these bonds in the event of default by the Board, the City is financially accountable for the debts of the Board. Complete financial statements of the Board may be obtained from the Board of Water Supply, 630 South Beretania Street, Honolulu, Hawaii 96843.

Government-wide and Fund Financial Statements – The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the activities of the primary government and its component unit, excluding the fiduciary funds. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component unit for which the primary government is financially accountable.

The statement of activities reflects the direct expenses of the functional category or segment, which are supported by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual proprietary (enterprise) funds are reported as separate columns in the fund financial statements.

The City reports the following as major governmental funds:

General Fund

This fund is the City's primary operating fund. It includes all financial resources of the general government, except those required to be accounted for in another fund.

Highway Fund

This fund accounts for disposition of proceeds from special revenues earmarked by law for highway and related activities. Major revenue sources include the City fuel tax, vehicle weight tax and public utility franchise tax.

General Obligation Bond and Interest Redemption Fund

This fund accounts for payments of principal and interest on general obligation serial bonds issued by the City.

General Improvement Bond Fund

This fund accounts for proceeds of general obligation bonds issued to pay all or part of those appropriations in the Capital Budget Ordinance for public improvements specified to be expended from this fund.

All of the City proprietary funds are reported as major:

Housing Development Special Fund

This fund accounts for monies designated for the development of housing for sale or for rental by the City. Transactions in this fund are incorporated in the special statements for the housing program.

Sewer Fund

This fund accounts for all monies received pursuant to the provisions of the Federal Water Pollution Control Act amendments of 1972 and the Hawaii Revised Statutes and expended for the purposes authorized.

Solid Waste Special Fund

This fund accounts for all revenues derived from the operation of the City's Refuse Division, solid waste disposal programs, glass recycling program, and other recycling programs. All monies placed in this fund are maintained in separate accounts identified with and expended for the intended purposes.

Public Transportation System

The Bus Transportation Fund was created for the management, operation, and maintenance of the bus transportation system, including the City bus system (The Bus) and the special transit service (The Handi-Van).

Measurement Focus, Basis of Accounting and Financial Statement Presentation – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Agency funds, included in the fiduciary fund financial statements, apply the accrual basis of accounting but do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Measurable means the amounts are determinable. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Revenues not considered available are recorded as deferred revenues. Revenues susceptible to accrual are real property taxes collected within sixty days after fiscal year end, fuel taxes, rents and concessions, interest and special assessments. Licenses and permits revenues, franchise taxes, charges for current services, fines, forfeitures, penalties and other miscellaneous revenues are not susceptible to accrual because they are not measurable until received in cash.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the individual programs are used as guidance. There are essentially two types of these revenues. For one type of revenues, monies must be expended for a specific purpose or project and revenues are recognized to the extent of such expenditures. Revenues of this type are deferred for monies received in advance of expenditures and accrued for expenditures in advance of monies received. For the other type of revenues, monies are virtually unrestricted as to purpose of the expenditure. These resources are reflected as revenues at the time of receipt, or earlier if the susceptible to accrual criteria are met.

Expenditures generally are recorded when a liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

The City's fiduciary funds are presented in the fund financial statement by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

Fund Types – The financial transactions of the City are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund balances, revenues and expenditures/expenses. There are certain minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a column in the fund financial statement and detailed in the combining section.

The City has the following fund types:

Governmental Fund Types

The focus of governmental fund measurement (in the fund financial statements) is upon determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income.

The City's governmental fund types are as follows:

General Fund – The general fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds – Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds – Debt service funds are used to account for the accumulation of resources for, and the payment of, debt principal, interest and related costs.

Capital Projects Funds – Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The City maintains four proprietary enterprise fund types (Housing, Sewer, Solid Waste and Public Transportation) as well as its discretely presented component unit under the following criteria:

Enterprise Funds – Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises (a) where the intent of the governing body is that the costs (i.e., expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Fiduciary Funds

The fiduciary funds are used to account for assets and activities when a governmental unit is functioning as a trustee or an agent for another party. The following are the City's major fiduciary funds:

- Ewa Highway Master Plan Impact Fees
- Lester McCoy Pavilion
- Liquor Commission
- Parks and Playgrounds
- Payroll Clearance
- Planning and Permitting

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted funds first, then unrestricted resources as they are needed.

The accompanying financial statements of the City have been prepared in conformity with generally accepted accounting principles ("GAAP") for governments as prescribed by the Governmental Accounting Standards Board ("GASB"). Pronouncements of the Financial Accounting Standards Board ("FASB") issued after November 30, 1989 are not applied in the presentation of the financial statements of the proprietary fund types in accordance with GASB Statement No. 34.

The City follows GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, GASB Statement No. 37, *Basic Financial Statements – and Management's Discussion and Analysis for State and Local Governments: Omnibus – an amendment of GASB Statements No. 21 and No. 34*, and GASB Statement No. 38, *Certain Financial Statement Note Disclosures*.

Budgets and Budgetary Accounting

Annual operating and project-length capital budgets are adopted on a basis consistent with GAAP except that encumbrances are treated as budgeted expenditures in the year the commitments are made.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable operating budget appropriation, is employed as an extension of formal budgetary integration in the general fund and in certain special revenue funds (in the fund financial statements). Capital projects funds (in the fund financial statements) employ encumbrance accounting in order to reserve for construction contracts that portion of the applicable capital projects appropriation.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Encumbrances are recorded at the time purchase orders, construction contracts or other contracts or commitments are awarded, except for contracts awarded contingent upon the availability of nonbudgeted federal or state grant monies. Encumbrances outstanding at year end are reported as reservations of fund balances (in the fund financial statements) and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

Cash and Investments

Cash and cash equivalents are considered to be demand and time deposits primarily with various financial institutions in Hawaii, with fiscal agents, short-term investments with original maturity of three months or less from date of acquisition, and imprest and change funds. Cash on deposit with financial institutions is collateralized in accordance with State statutes.

Investments consist of participating interest-earning contracts such as investments in U.S. government securities and investments purchased under agreements to resell to banks (repurchase agreements). Investments are stated at amortized cost.

The City values investments in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. This statement provides fair value standards for investments in certain types of financial instruments. The City's investments fall into categories that can be valued by cost-based measures.

Real Property Taxes

Real property taxes are assessed and billed annually. The City's real property taxes, which are levied on July 1 and billed on July 20 of each year are based on assessed valuations as of October 1, and are due in two equal installments on the following August 20 and February 20. Accordingly, real property taxes receivable at June 30 of each year are delinquent and amounts that are not collected within sixty days after June 30 of each year are reported as deferred revenue in the fund financial statements. A lien for real property taxes attaches as of July 1 of each year.

Unbilled Receivables

Included in the enterprise fund – discretely presented component unit and enterprise fund – proprietary fund type receivables at June 30, 2007, were unbilled water and sewer charges (due to the use of cycle billings) in the amounts of \$9.8 million and \$15.0 million, respectively.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Inventories of Parts, Materials and Supplies

Inventories of parts, materials and supplies are stated at weighted average cost, which approximates fair value. The costs of inventories are recorded as expenditures when consumed rather than when purchased.

Inventory of Real Estate Held for Sale

Real estate held for sale is stated at the lower of cost or estimated net realizable value, with cost being determined by the specific identification method. All estimated costs to the anticipated date of disposition are considered in the determination of estimated net realizable value. Costs include all costs directly related to the planning of improvements to be constructed on the land, interest and other carrying charges. Interest on loans used to finance development or construction activities is capitalized during the development period.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. All infrastructure assets acquired prior to fiscal year 1980 are capitalized and those acquired after this date are capitalized when certain thresholds are met. Assets with an initial, individual cost of \$5,000 or more for equipment and \$100,000 for buildings, structures and infrastructure, and an estimated useful life of more than one year are capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated and accepted capital assets are recorded at estimated fair market value or appraised value at time of acceptance by City Council. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs related to repairs and maintenance are expensed as incurred.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Depreciation on all assets is provided for on the straight-line basis over the following estimated useful lives:

	<u>Years</u>
Infrastructure	8-75
Buildings and improvements	10-50
Transmission and distribution system	13-60
Equipment and machinery	5-25
Buses and other transit vehicles	7-12

Bond Issue Costs, Original Issue Discount or Premium and Deferred Losses on Refundings

Bond issue costs are deferred and are amortized over the life of the respective issue on a straight-line basis. Original issue discount or premium and deferred losses on refundings are amortized using the straight-line method over the terms of the respective issues and are added to or offset against the bonds payable in the statement of net assets.

Intrafund and Interfund Transactions

Interfund receivables and payables are reported in each fund. Transfers of financial resources between agencies and activities included in the same fund, which are recorded as revenues by the transferee and expenditures or expenses by the transferor, have been eliminated. Transactions that represent reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund are recorded as expenditures or expenses in the reimbursing fund and as reductions of expenditures or expenses in the reimbursed fund.

Transfers from the primary government include operating loss subsidies of \$106.1 million to the Public Transportation System and authorized transfers from funds receiving revenues to funds that will expend those resources. Contributions to the capital accounts of enterprise funds are reflected in the statement of revenue, expenses and changes in fund net assets.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Net Assets

Net assets comprise the various net earnings (losses) from operating and nonoperating revenues, expenses, transfers and contributed capital. Net assets are classified in the following three components: invested in capital assets, net of related debt; restricted for capital activity and debt service; and unrestricted net assets. Invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation and outstanding debt attributable to the acquisition, construction or improvement of those assets. Debt related to unspent proceeds or other restricted cash and investments at year-end are not included in the calculation of the amount invested in capital assets, net of related debt. Restricted for capital activity and debt service consists of net assets for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted net assets consist of all other net assets not included in the above categories.

Retirement Plan Contributions

In fiscal year 2005, the City's contribution to the Employees' Retirement System of the State of Hawaii was based on an actuarial computation contribution which consisted of the normal cost plus a level annual payment required to amortize an unfunded actuarial accrued liability over the remaining period of 27 years from July 1, 2002. Effective July 1, 2005 a dollar contribution is not determined under the provisions of Act 181/2004. Instead a fixed percentage of payroll is contributed (15.75% for Police and Fire and 13.75% for All Other Employees).

Deferred Compensation Plan

All full-time employees of the City and its component unit are eligible to participate in the City and County of Honolulu's Public Employees' Deferred Compensation Program ("Plan"), adopted pursuant to Internal Revenue Code Section 457. The plan permits eligible employees to defer a portion of their salary until future years by contributing to a fund managed by a plan administrator. The deferred compensation amounts are not available to employees until termination, retirement, death or unforeseeable emergency.

A trust fund was established to protect plan assets from claims of general creditors and from diversion to any uses other than paying benefits to participants and beneficiaries. Deferred compensation plan assets of \$417.1 million are not reported in the accompanying basic financial statements at June 30, 2007.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Compensated Absences

The City accrues accumulated unpaid vacation when earned (or estimated to be earned) by the employee. Vacation benefits accrue at a rate of one and three-quarters working days for each month. Each employee is allowed to accumulate a maximum of 90 days of vacation as of the end of the calendar year.

Sick leave accumulates at the rate of one and three-quarters working days for each month, without limit. Sick leave is taken only in the event of illness and is not convertible to pay; accordingly, sick leave is not accrued in the accompanying financial statements. Employees who retire or leave government service in good standing with sixty or more unused sick leave days are entitled to an additional service credit in the retirement system. At June 30, 2007, accumulated sick leave amounted to \$334.6 million.

Leases

Leases that transfer substantially all of the risks and benefits of ownership are accounted for as capital leases. Other leases are operating leases. Capital leases are included in fixed assets and, where appropriate, are amortized over the shorter of their estimated economic useful lives or lease terms. The related capital lease obligations are included in long-term debt. Operating leases are expensed (or expensed) when the related liability is incurred.

Enterprise Funds

The City maintains five enterprise funds consisting of the Public Transportation System ("PTS"), the Solid Waste Special Fund, the Sewer Fund and the Housing Development Special Fund, which are included in the proprietary fund type, and the Board of Water Supply, which is a discretely presented component unit.

Information describing these enterprise funds, including significant accounting policies, is described in Notes 11 and 15.

Deficit Balances

At June 30, 2007 the accumulated deficit in the Solid Waste Special Fund improved by \$24.5 million to \$79.6 million from fiscal year 2006 due to transfers from the General fund. It is anticipated that the City will continue to provide significant operating subsidies to the refuse collection and recycling operations.

The Housing Special Development Fund showed an increase in the deficit balance of \$4.0 million to \$7.4 million at June 30, 2007 as result of debt service payments of \$10.7 million.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenses/expenditures, and other financing sources and uses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements

In June 2004, the Governmental Accounting Standards Board (GASB) issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postretirement Benefits Other Than Pensions*. This Statement establishes standards for the measurement, recognition and display of other postretirement benefits expense/expenditures and related liabilities (assets), note disclosures and required supplementary information in the financial reports of state and local governmental employers. The provisions of this Statement are effective for the City for periods beginning after December 15, 2006. The City has not yet determined the effect this Statement will have on its financial statements.

In September 2006, the GASB issued Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. The Statement establishes the criteria governments will use to ascertain whether proceeds received from intergovernmental sales and pledges of receivables and future revenues and intra-entity transfers of assets and future revenues should be reported as revenue or as a liability. The criteria should be used to determine the extent to which a transferor government retains or relinquishes control over the receivables or future revenues through its continuing involvement with those receivables or future revenues. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2006. The City is not currently involved in these types of transactions, so it is expected that this Statement will have minimal effect if any on its financial statements.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

In November 2006 the GASB issued Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. This statement addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. The scope of the document excludes pollution prevention or control obligations with respect to current operations, and future pollution remediation activities that are required upon retirement of an asset, such as landfill closure and postclosure care. A government is required to estimate the components of expected pollution remediation outlays and determine whether outlays for those components should be accrued as a liability or, if appropriate, capitalized when goods and services are acquired if one of five obligating events occur which are as follows: 1) the government is compelled to take pollution remediation action because of an imminent endangerment; 2) the government violates a pollution prevention-related permit or license; 3) the government is named, or evidence indicates that it will be named, by a regulator as a responsible party or potentially responsible party (PRP) for remediation, or as a government responsible for sharing costs; 4) the government is named, or evidence indicates that it will be named, in a lawsuit to compel participation in pollution remediation; or 5) the government commences or legally obligates itself to commence pollution remediation. The provisions of this statement are effective for the City for periods beginning after December 15, 2007. The City has not yet determined the effect this Statement will have on its financial statements.

In May 2007, the GASB issued Statement No. 50, *Pension Disclosures*, an amendment of GASB No. 25 and No. 27. This Statement more closely aligns the financial reporting requirements for pensions with those for other postemployment benefits and further enhances information disclosed in notes to financial statements by pension plans and by employers that provide pension benefits. The provisions of this Statement are effective for the City for periods beginning after June 15, 2007. The City has not yet determined the effect this Statement will have on its financial statements.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

In June 2007, the GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. This Statement requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. The objective of this Statement is to establish accounting and financial reporting requirements for intangible assets to reduce these inconsistencies, thereby enhancing the comparability of the accounting and financial reporting of such assets among state and city governments. The provisions of this Statement are effective for the City for periods beginning after June 15, 2009. The City has not yet determined the effect this Statement will have on its financial statements.

In November 2007, the GASB issued Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*. This Statement establishes consistent standards for the reporting of land and other real estate held as investments by essentially similar entities. It requires endowments to report their land and other real estate investments at fair value. Governments also are required to report the changes in fair value as investment income and to disclose the methods and significant assumptions employed to determine fair value. The provisions of this Statement are effective for the City for periods beginning after June 15, 2008. The City has not yet determined the effect this Statement will have on its financial statements.

Financial Statement Presentation

Certain prior year information has been presented in the supplementary fund financial statements in order to provide an understanding of the changes in financial position and operations of these funds.

2. Budgets and Budgetary Accounting

On or before March 2, the Mayor submits to the City Council proposed operating and capital budgets for the ensuing fiscal year commencing on July 1. The budgets are on a basis consistent with GAAP except that encumbrances are treated as budgeted expenditures in the year the commitments are made. After public hearings, and on or prior to June 15, the budgets are legally enacted through passage of a budget ordinance by the City Council.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

All proprietary funds have legally adopted annual budgets as well as the following governmental funds: General Fund, Highway Fund, Highway Beautification and Disposal of Abandoned Vehicles Revolving Fund, Bikeway Fund, Parks and Playgrounds Fund, Federal Revenue Sharing Fund, Liquor Commission Fund, Rental Assistance Fund, Zoo Animal Purchase Fund, Hanauma Bay Nature Preserve Fund, Reserve for Fiscal Stability Fund, Transit Fund, Community Development Fund, Golf Fund, Special Events Fund, Special Projects Fund, Federal Grants Fund, Housing and Community Development Rehabilitation Loan Fund, Housing and Community Development Section 8 Contract Fund, and Leasehold Conversion Fund.

Formal budgetary integration is employed (i.e., annual operating budgets are legally adopted) for the general fund and special revenue funds. Effective budgetary control for debt service, trust and agency, and revolving funds is achieved through bond indentures, contractual provisions and legislation. Formal budgetary integration is not employed for capital projects because effective budgetary control is achieved through contractual provisions and project oversight. Flexible budgeting (i.e., the relationship of costs to revenues) is employed for enterprise funds.

Appropriations lapse at the end of the fiscal year if not expended or encumbered, except that appropriations for capital projects lapse six months after the end of the fiscal year if not at least partially expended or encumbered. Certain federal and state grant funds are automatically appropriated when received.

The Mayor is authorized to transfer appropriations between activities within a department subject to certain limitations. To transfer appropriations between departments, the legal level of budgeting, amendments must be made to the enacted budget ordinance. Only the Mayor may propose amendments to the enacted budget ordinance.

The financial statements aggregate budgetary information at the functional level. The legal level of budgetary control (i.e., department level) is reported in the individual fund statements.

The budget figures presented include all amendments to the enacted budget ordinances. During the year, several supplementary appropriations ordinances were adopted. The overall effect of these supplementary appropriations on the budget was not significant.

3. Reconciliation of Government-Wide and Fund Financial Statements

Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between fund balance of total governmental funds and net assets of governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that, "long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds." Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities. However, all current and long-term liabilities are reported in the statement of net assets. The details of this \$1.97 billion difference are as follows (amounts in thousands):

Long-term liabilities (see Note 8)	\$	(1,938,364)
Accrued interest payable and other		(35,971)
		(1,974,335)
	\$	(1,974,335)

The government fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between net change in fund balances of total governmental funds and change in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation states that, "Governmental funds report capital outlays as expenditures. The statement of activities reports depreciation expense on capital assets." The details of this \$20.5 million difference are as follows (amounts in thousands):

Capital outlays	\$	89,851
Depreciation expense		(69,377)
		20,474
	\$	20,474

Another element of that reconciliation states that, "Proceeds from the issuance of long-term debt are reported as providing current financial resources in the governmental funds, but are reported as long-term debt in the government-wide financial statements. Repayment of such debt is reported as an expenditure for governmental funds but is reported as a reduction of debt in the government-wide financial statements." The details of this \$22.4 million difference are as follows (amounts in thousands):

Another element of that reconciliation states that, "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$17.5 million difference are as follows (amounts in thousands):

Compensated absences	\$	(2,775)

4. Cash and Investments

The City maintains a cash and investment pool that is used by all funds, except the Oahu Transit Services, Inc. workers' compensation trust fund, which is held separately by the independent plan administrator (see note 11). Each of the funds' portions of this pool is displayed in the accompanying financial statements.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Cash and Cash Equivalents

The City's demand deposits, including those of its fiduciary funds and component unit, are fully insured or collateralized with securities held by the City or its agents in the City's name. Section 38-3, Hawaii Revised Statutes and the City's policy on collateralization govern acceptable forms of collateral.

Investments

State statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies, obligations of other states, cities, and counties, mutual funds and bank repurchase agreements. Investments in repurchase agreements are primarily U.S. government or federal agency securities. Section 46-50, Hawaii Revised Statutes, the City's investment policy and resolution 98-295, CD1 govern acceptable types of investments. The City's resolution 07-51, CD1 govern the deposit and short-term investment of general excise and use tax revenues.

Credit Risk and Foreign Currency Risk

The City invests in obligations of the U.S. government, so it is not exposed to any credit rate risk or foreign currency risk.

Interest Rate Risk

The City does not have a formal investment policy that relates to interest rate risk. However, the City structures the investment portfolio so that securities mature to meet cash requirements for ongoing operations avoiding the need to sell securities on the open market prior to maturity. This practice decreases the City's exposure to risk caused by the fluctuation in interest rates. The City also invests in operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools. As of June 30, 2007, the City had no investments in money market mutual funds or external investment pools.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

General Obligation Bonds

The City issues general obligation bonds for the construction of major capital facilities. General obligation bonds in the governmental activities are direct obligations of the City for which its full faith and credit are pledged. Debt service is paid from the debt service fund. These bonds were issued during the fiscal years 1977 through 2006 in the original amount of \$2.6 billion, less discounts of \$235,975 and adjusted for a premium of \$53.6 million at June 30, 2007 that are being amortized over the related term of the bonds. These bonds bear interest at 2.0% to 8.0%, and mature serially through fiscal year 2030. General obligation debt authorized but not yet issued amounted to \$430.0 million at June 30, 2007.

General obligation bonds in the City's business-type activities are expected to be paid from their respective revenues. These instruments are also direct obligations of the City for which its full faith and credit is pledged. These bonds were issued during the fiscal years 1991 through 2006 in the original amount of \$945.7 million, less a discount of \$7,088 and adjusted for a premium of \$5.0 million at June 30, 2007, which are being amortized over the related term of the bonds. These bonds bear interest at 2.0% to 8.0%, and mature serially through fiscal year 2030.

Short-term general obligation tax-exempt commercial paper in a maximum aggregate principal amount not to exceed \$250.0 million outstanding at any time was authorized for issuance by the City, in accordance with Ordinance 04-36, during October 2004, to refinance long-term bonds. The \$161.9 million commercial paper bear interest at variable rates (3.56% to 3.75% at June 30, 2007) with varying maturities to a maximum of 270 days from the respective date of issue, and are not subject to redemption prior to maturity. In connection with the issuance, the City entered into an irrevocable letter of credit agreement in which the City may borrow up to \$250.0 million for payment of principal and up to \$22.2 million for payment of interest. There were no drawings on the letter of credit during fiscal 2007.

Revenue Bonds

Water system revenue bonds in the City's component unit were issued during fiscal years 2001, 2004 and 2007 in the original amount of \$380.4 million. Water system revenue bonds are subject to redemption on and after specified dates prior to maturity at the option of the Board at a price equal to 100% of the principal amount thereof, plus accrued interest. The bonds bear interest at rates ranging from 2.0% to 5.5% at June 30, 2007 and mature serially through July 1, 2036. The revenue bonds are collateralized by the component unit's revenues.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

In July 2006 the Board issued Series 2006A and 2006B (AMT bonds) water system revenue bonds in the aggregate amount of \$213.8 million, Series 2006A for \$165.2 million and Series 2006B for \$48.6 million. The Series 2006A bonds bear interest rates of 4.0% to 5.0% and mature serially on July 1, 2012 through 2036. The Series 2006B bonds bear interest rates of 4.5% to 5.25% and mature serially on July 1, 2007 through 2021. The bonds are subject to redemption on and after specified dates prior to maturity at the option of the Board, at a price equal to 100% of the principal amount thereof, plus accrued interest. Proceeds from Series 2006A bonds were used to fund the cost of capital improvement projects to the water system of the Board, to fund the common reserve account and to advance refund certain outstanding Series 2001 and Series 2004 revenue bonds. The partial refunding of the Series 2001 and Series 2004 bonds reduced debt service payments by \$3.1 million with an economic gain of \$2.1 million. Proceeds from the Series 2006B bonds were used to fund the reserve fund policy premium and currently refund outstanding Series 2002A and 2002B revenue bonds.

Wastewater system revenue bonds in the City's business-type activities were issued during fiscal years 1999 through 2007, in the original amount totaling \$1,199.7 million, less discounts of \$18.9 million and adjusted for premiums of \$25.8 million at June 30, 2007, which are being amortized over the related term of the bonds. The bonds bear interest at 3.2% to 5.5% at June 30, 2007 and mature at various dates through fiscal year 2037. The wastewater system revenues collateralize the revenue bonds.

In September 2006, the City issued wastewater system revenue bonds in the aggregate amount of \$340.8 million, Series 2006A for \$190.9 million, Series 2006B for \$31.3 million and Series 2006C for \$118.6 million. The bonds bear interest rates of 4% to 5% and mature annually on July 1, 2007 through 2036. The bonds maturing after July 1, 2016 are subject to redemption at the option of the City on or after July 1, 2016, in whole or in part at any time from any maturity. Proceeds of the bond were used to fund additions and improvements to the wastewater system of the City, to fund the reserve account, currently refund certain outstanding general obligations and wastewater system revenue bonds and advance refund wastewater system revenue bonds. All of the refunded bonds are considered to be defeased and the liability for those bonds has been removed from the government-wide financial statements. The premium and discount generated by each issue will be amortized over the life of the related bonds.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

A portion of the variable rate Series 2003A-1 was currently refunded by the Series 2006B to set interest rates. The Series 2006C advance refunded a portion of the Series 2001 decreasing debt service payments by \$6.8 million with an economic gain of \$4.5 million.

Annual debt service requirements to maturity for general obligation bonds (including tax exempt commercial paper) and revenue bonds at June 30, 2007, including interest of \$1.9 billion, were as follows (amounts in thousands):

Total interest costs incurred by the business-type activities and the component unit for the fiscal year ended June 30, 2007 were \$102.4 million, of which \$14.9 million was capitalized.

Other Long-Term Debt

The note payable to federal government is for the City's share of costs for a federal project to develop recreational facilities and fish and wildlife resources at the Kaneohe Reservoir. The note bears interest at 5.1% and requires annual principal and interest payments through fiscal year 2016. The note amounted to \$2.5 million at June 30, 2007.

The notes payable to state government are for the construction of necessary treatment works and for other projects intended for wastewater reclamation or waste management. The notes amounted to \$115.9 million at June 30, 2007, bear interest at 0.50% to 3.02%, and require annual principal and interest payments through fiscal year 2026.

The City has lease purchase contracts for certain equipment, which are accounted for as capital leases (see Note 12).

The compensated absences liability attributable to the governmental activities will be liquidated primarily by the City's general and highway funds.

Refunded Bonds

The City and the Board of Water Supply defeased certain general obligation and revenue bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the assets of the irrevocable trusts and the liability for the defeased bonds are not included in the City's basic financial statements. At June 30, 2007, \$656.5 million of the City's and \$74.6 million of the Board of Water Supply's bonds outstanding were considered defeased.

10. Employee Benefit Plans

Defined Benefit Pension Plans

Plan Description – Substantially all eligible employees of the City are members of the Employees' Retirement System of the State of Hawaii ("ERS"), a cost-sharing multiple-employer defined benefit pension plan. The ERS provides retirement benefits as well as death and disability benefits and is governed by a Board of Trustees. All contributions, benefits and eligibility requirements are established by HRS Chapter 88, and can be amended by legislative action.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

The ERS is composed of a contributory retirement plan and a noncontributory retirement plan. Prior to June 30, 1984, the plan consisted of only a contributory option. In 1984, legislation was enacted to create a new noncontributory option for members of the ERS who are also covered under social security. Persons employed in positions not covered by social security are precluded from the noncontributory option. The noncontributory option provides for reduced benefits and covers most eligible employees hired after June 30, 1984. Employees hired before that date were allowed to continue under the contributory option or to elect the new noncontributory option and receive a refund of employee contributions. All benefits vest after five and ten years of credited service under the contributory and noncontributory options, respectively. Both options provide a monthly retirement allowance based on the employee's age, years of credited service, and average final compensation ("AFC"). The AFC is the average salary earned during the five highest paid years of service, including the vacation payment, if the employee became a member prior to January 1, 1971. The AFC for members hired on or after that date and prior to January 1, 2003 is based on the three highest paid years of service, excluding the vacation payment. Effective January 1, 2003, the AFC is the highest three calendar years or highest five calendar years plus lump sum vacation payment, or last 36 credited months or last 60 credited months plus lump sum vacation payment.

Most covered employees of the contributing option are required to contribute 7.8% or 12.2% of their salary. The City is required to contribute the remaining amounts necessary to pay contributory plan benefits and all amounts necessary to pay noncontributory benefits when due. The funding method used to calculate the total employer contribution requirement is the Entry Age Normal Actuarial Cost Method. Under this method, employer contributions to the ERS are comprised of normal cost plus level annual payments required to amortize the unfunded actuarial accrued liability over the remaining period of 29 years from July 1, 2000. Effective July 1, 2005 a dollar contribution is not determined under the provisions of Act 181/2004. Instead a fixed percentage of payroll is contributed (15.75% for Police and Fire and 13.75% for All Other Employees). The City's contributions to the ERS, inclusive of its component unit, for the fiscal years ended June 30, 2005, 2006 and 2007 were \$47.7 million, \$63.3 million and \$67.5 million respectively, which were equal to the required contributions for each year.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

The 2004 State of Hawaii legislative sessions approved a hybrid retirement plan, which took effect on July 1, 2006. Employees who chose to be under this plan are required to contribute 6.0% of their salary and will receive pensions based on a 2.0% benefit formula instead of a 1.25% benefit formula under the current non-contributory plan. The hybrid plan does not affect the City's contributions to the ERS.

The ERS issues a Comprehensive Annual Financial Report that may be obtained by writing to the Employees' Retirement System of the State of Hawaii, 201 Merchant Street, Suite 1400, Honolulu, Hawaii 96813.

Post-Retirement Health Care and Life Insurance Benefits

In addition to providing pension benefits, the State of Hawaii Employer-Union Health Benefits Trust Fund ("EUTF") provides certain health care (medical, prescription, vision and dental) and life insurance benefits for retired City employees. Act 88 established the EUTF during the 2001 legislative session and is codified in Chapter 87A, Hawaii Revised Statutes. Contributions are based on negotiated collective bargaining agreements and are limited by State statute to the actual cost of benefit coverage.

For employees hired before July 1, 1996, the City pays 100% of the monthly health care premium for employees retiring with ten or more years of credited service, and 50% of the monthly premium for employees retiring with fewer than ten years of credited service.

For employees hired after June 30, 1996 and retiring with 25 years or more of service the City pays the entire health care premium. For employees retiring with at least 15 years but fewer than 25 years of service, the City pays 75% of the monthly Medicare or non-Medicare premium. For those retiring with at least 10 years but fewer than 15 years of service, the City pays 50% of the retired employees' monthly Medicare or non-Medicare premium. For those retiring with fewer than 10 years of service, the City makes no contributions.

For employees hired after June 30, 2001 and retiring with over 25 years of service, the City pays 100% of the monthly premium based on the self plan. For those who retire with at least 15 years but fewer than 25 years of service, the City pays 75% of the retired employees' monthly Medicare or non-Medicare premium based on the self plan. For those retiring with at least 10 years but fewer than 15 years of service, the City pays 50% of the retired employees' monthly Medicare or non-Medicare premium based on the self plan. For those retiring with fewer than 10 years of service, the City makes no contributions.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

The City also reimburses 100% of Medicare premium costs for retirees and qualified dependents (through the State), who are at least 65 years of age and have at least 10 years of service. Currently, approximately 10,100 retirees and qualified dependents are receiving post retirement health care and benefits paid for by the City. The City's contributions for post retirement benefits, which are funded on a pay-as-you-go basis, amounted to \$44.5 million and \$44.4 million for the fiscal years ended June 30, 2007 and 2006, respectively.

11. Enterprise Funds

The City maintains five enterprise funds: the Housing Development Special Fund, the Sewer Fund, the Solid Waste Special Fund and the Public Transportation System, which are business-type activities, and the Board of Water Supply, which is a discretely presented component unit.

Housing Development Special Fund

The City created the Housing Development Special Fund to develop affordable housing for sale or for rental. At June 30, 2007, the City had \$94.1 million of general obligation bonds outstanding, which were used to finance the development of various residential lots and recreational facilities.

Sewer Fund

The Sewer Fund was created to account for the operations of the City's wastewater system and is operated primarily through user charges. The Sewer Fund also accounts for the proceeds of revenue bonds issued to pay all or part of those appropriations for improvements, repairs, and maintenance of the wastewater treatment system.

Solid Waste Special Fund

The Solid Waste Special Fund accounts for the following activities related to the operations of the refuse division:

- the City's refuse collection and disposal operations, which are funded primarily through general fund subsidies.
- the recycling program revenues assessed as 12.0% of refuse disposal charges and are expended for the establishment, operation, management and expansion of the City's recycling programs, including programs for waste reduction, development of recycling markets and recycling awareness.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

- the glass incentive program revenues derived for the recycling of glass containers and paying incentives to glass recyclers.
- operation of the solid waste disposal and energy and materials recovery project ("H-POWER Facility").

H-POWER Facility

The City has agreements with Honolulu Resource Recovery Venture ("HRRV") to operate a solid waste disposal and energy recovery project, the Honolulu Program of Waste Energy Recovery (the "H-POWER Facility"). The H-POWER Facility processes and disposes of solid waste and, together with combustion facilities, produces steam used for the generation of electricity. Revenues are generated from user tip fees and from the sale of energy products and recovered materials. The operating agreement with HRRV has a 20-year term, and the H-POWER Facility's revenues and expenses are reported in the accompanying financial statements. The operating agreements also require a supplemental operating fee to be paid by the City equivalent to the ground lease payments. The H-POWER Facility commenced commercial operations on May 21, 1990, and the City has a 20-year contract to sell electricity generated to a utility company.

In November 1989, the City sold the H-POWER Facility for \$312.5 million, receiving an \$80.0 million cash payment and a 20-year note for \$232.5 million with interest at 8.04%. On the same date, HRRV entered into a 20-year lease for the H-POWER Facility with the new owner. Although the City is not a party to this lease agreement, the operating fee to be paid by the City to HRRV was increased by an amount equal to the lease payments. Accordingly, the H-POWER Facility has been recorded as an asset and a liability in the H-POWER Facility enterprise fund at an amount equal to the present value of this increase in the operating fee for the lease payments.

In November 1989, the City leased the land underlying the H-POWER Facility to the owner of the H-POWER Facility for 35 years.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS

The note receivable and the obligation for the increase in the operating fee for the H-POWER facility lease payments (\$48.9 million and \$132.1 million at June 30, 2007, respectively) have been offset for financial statement reporting purposes. At June 30, 2007, future payments are as follows (amounts in thousands):

	Operating Fee Obligation	Note Receivable	Difference
Year Ending June 30:			
2008	\$ 30,613	\$ 21,338	\$ 9,275
2009	30,613	29,401	1,212
2010	93,114	5,013	88,101
Subtotal	154,340	55,752	98,588
Less: Amount representing interest	(22,191)	(6,839)	(15,352)
Total	<u>\$ 132,149</u>	<u>\$ 48,913</u>	<u>\$ 83,236</u>

At June 30, 2007, the City had \$51.5 million of general obligation bonds outstanding, which were used to finance the construction of the H-POWER Facility.

Public Transportation System

The Department of Transportation Services oversees the administration and operation of the Public Transportation System (the City's bus and paratransit systems or "PTS") on the island of Oahu.

The City has an agreement with Oahu Transit Services, Inc. ("OTS"), which expires on June 30, 2010, to provide for the management of the City's bus and paratransit systems. OTS provides the employees to operate and manage the bus and paratransit systems. The City reimburses OTS for operating expenses. The annual management fee for the period October 1, 2007 through June 30, 2008 is \$318,750, which increases to \$450,500 for the period July 1, 2008 to June 30, 2009 and increases to \$468,520 for the period July 1, 2009 to June 30, 2010.

The agreement provides that the City furnish, but retain title to, the transit buses, paratransit buses, properties, facilities and equipment used in the systems. Revenues collected by OTS, excluding management fees, are the property of the City and are remitted to a depository controlled by the City.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Other Assets – OTS established trust funds for the purpose of maintaining adequate funds for expenses incurred through its workers' compensation, general, and auto liability self-insurance programs. At June 30, 2007, these assets held by OTS amounted to \$2,330,000.

Reserve for Insurance Claims Payable – The City sponsors an automotive and general liability self-insurance program for OTS. The self-insurance program is for claims up to \$2.0 million effective July 1, 2006. The City also has a workers' compensation self-insurance program, which covers OTS claims up to \$2.0 million per occurrence effective July 1, 2006. OTS has obtained excess insurance coverage for general liability, automotive claims and workers' compensation through various insurance companies for amounts in excess of claims covered under the two self-insurance programs.

12. Commitments

Leases

The City leases equipment and office space under capital and operating leases, which expire at various dates through fiscal 2036. At June 30, 2007, the cost of equipment recorded under capital lease arrangements and included in capital assets amounted to \$1.5 million.

Other Commitments

Business-type activities, which do not employ encumbrance accounting, have contractual commitments of approximately \$436.2 million at June 30, 2007, primarily for construction contracts, which includes the Board of Water Supply's commitments of \$135.8 million. Other contractual commitments for the expenditure of City monies are encumbered in the governmental funds.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

In May 2006, the City settled the James Smith versus City and County of Honolulu, Civil No. 02-1-1006-04 (VSM) class action suit claiming improper calculation of Fair Labor Standards Act benefits with 2,225 employees. After an initial payment of \$6.0 million on July 31, 2006, the \$30.0 million settlement calls for annual payments of \$3.1 million to the employees beginning July 31, 2007 and ending on July 31, 2011. A \$2.1 million credit will be applied to the employee vacation accounts beginning July 31, 2008 and ending on July 31, 2011. The City recorded a \$5.0 million liability as of June 30, 2005 and recorded an additional \$25.0 million liability as of June 30, 2006 related to this settlement. Based on the agreement the City paid \$3.1 million to the employees on July 31, 2007 with the remaining \$20.9 million to be paid or credited to the employees annually.

Litigation

OTS and the City are involved in various lawsuits arising from the normal operations of the City bus and paratransit systems. Claims for punitive damages related to certain lawsuits may not be covered by insurance. As provided in the management agreement with the City, the City indemnifies OTS from any and all claims made against OTS and the City for legal liability, damages and injuries where such claims are reasonably related to the providing of mass transportation services.

13. Contingent Liabilities

The City is exposed to various risks of loss due to claims filed against the City for personal injury, property and other damages. The City's Corporation Counsel reported that these cases are set for pretrial conferences, awaiting actions from plaintiffs, being investigated, ready for trial calendar, or on appeal.

The City is substantially self-insured for workers' compensation claims with no limit, and general liability claims and automobile claims for up to \$2.0 million, with certain exceptions. The City purchases excess liability insurance through insurance companies for claims in excess of self-insured amounts as well as when required by contract or law. Settled claims have not exceeded these coverages in any of the past three fiscal years.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. The basis for estimating the liabilities for unpaid claims includes the effects of specific incremental claim adjustment expenses, salvage, and subrogation, and other allocated or unallocated claim adjustment expenses. At June 30, 2007, the estimated total liability of the City for claims and judgments amounted to \$71.3 million, which included claims incurred but not reported by the claimant and settled claims for which funds have not yet been appropriated. The estimated total liability has been determined through case-by-case analysis and from actuary studies performed by independent third parties. Expenditures for claims and judgments are appropriated annually. In the opinion of management, the City has adequately reserved for such claims.

During fiscal 2003, the City entered into a settlement agreement with certain landowners to address claims arising from the City's designation and down zoning of certain parcels in East Honolulu to prevent shoreline development. In accordance with the settlement agreement, the City made an initial lump sum payment of \$5.0 million to the landowners and began selling City-owned parcels of land to various third parties. During the fiscal year ended June 30, 2007, the City sold the two remaining parcels for a total of \$27.0 million and the net proceeds of \$25.6 million were remitted to the landowners. Once the City completes the ownership transfer and closure of certain sections of various streets the City will obtain ownership of the property subject to claims. It is the City's belief that these claims are not likely to have a material adverse effect on the City's financial position. Accordingly, no provision for any liabilities that might result from the resolution of these claims has been made in the accompanying financial statements.

CITY AND COUNTY OF HONOLULU

Balance at June 30, 2007	<u>\$ 41,331</u>	<u>\$ 29,921</u>	<u>\$ 71,252</u>

The claims and judgment liability will be liquidated from the City's general fund.

14. Environmental Issues

Solid Waste Landfill Costs

GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*, which is based on the October 9, 1991 United States Environmental Protection Agency ("EPA") rule, "Solid Waste Disposal Facility Criteria," establishes closure requirements for all municipal solid waste landfills that receive waste after October 9, 1991. The EPA rule also establishes thirty-year postclosure care requirements for those landfills that accept solid waste after October 9, 1993 or for those landfills that stopped accepting solid waste between October 9, 1991 and October 9, 1993 and have not met certain requirements established by the EPA rule. In accordance with GASB Statement No. 18, the City estimates in advance the total cost of closure and postclosure care during the life of those landfills rather than after their closings.

CITY AND COUNTY OF HONOLULU
NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Federal and state laws and regulations require the City to place final covers on certain landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. Annual additions to the liability for closure and postclosure care costs are based on landfill capacity used as of each balance sheet date. The \$20.7 million reported as the liability in the Solid Waste Special Fund for closure and postclosure care costs at June 30, 2007 represents the cumulative amount reported to date based on the percentage of the estimated capacity used for the following landfills (amounts in thousands). Actual costs may differ from estimates if additional postclosure care requirements are determined (due to inflation or deflation, changes in technology, or changes in applicable laws or regulations).

	<u>Capacity Used</u>	<u>Closure Date</u>	<u>Liability at June 30, 2007</u>	<u>Total Estimated Cost</u>
Waipahu incinerator landfill	100.0%	October 1991	\$ 16,377	\$ 18,375
Kapaa sanitary landfill	100.0%	May 1997	4,300	14,237
Total			<u>\$ 20,677</u>	<u>\$ 32,612</u>

For fiscal year 2007, the City has provided the financial resources that will be available to provide for closure, postclosure care and remediation or containment of environmental hazards at the above landfills.

For the Waimanalo Gulch Landfill, the contractor shall provide post-closure maintenance of the landfill site for a period of thirty (30) years beyond the date of completion of closure of the landfill site.

Waipahu – A complaint was filed on February 24, 2003 with the State claiming that the City improperly disposed of solid waste, operated an open dump, stored and disposed of hazardous waste without a permit and operated a solid waste management system without a permit. The City was assessed an administrative penalty of approximately \$542,000 on December 30, 2004 as part of a settlement agreement order between the City and the State. The City paid an administrative penalty of \$425,000 to the State on January 18, 2005 and will pay an additional \$117,000 worth of in-kind services over a 4-year period for cleanup projects designated by the State.

Sewer Fund – Litigation

The City is a party to various legal proceedings arising in the normal course of business. Some of these matters relate to the Sewer Fund as follows:

Clean Water Act

A lawsuit filed by the U.S. Environmental Protection Agency (EPA) and the State against the City in 1994 resulted in a consent decree which requires the City, among other things, to comply with the Clean Water Act, to establish a schedule under which the City will implement preventive maintenance and sewer replacement and rehabilitation necessary to reduce and prevent spills, to implement and enforce its pretreatment program to regulate industrial discharges, and to develop and implement an effluent and sludge reuse program. The court has retained continuing jurisdiction over implementation of the consent decree. Pursuant to the consent decree, the City has established and is currently implementing a \$3.7 billion, 20-year capital improvement plan (Fiscal Year 1998 to Fiscal Year 2017) to upgrade its wastewater collection and treatment system.

In July 2004, the Sierra Club and other environmental groups filed a lawsuit against the City seeking injunctive relief and penalties for alleged Clean Water Act violations arising from the City's wastewater collection and treatment system. Of plaintiffs' original twelve claims, the court dismissed five claims and the plaintiffs agreed to dismiss three more. The plaintiffs filed a motion for summary judgment with respect to three of the four remaining claims in this litigation, which the court granted in part and denied in part in October 2007. The court's decision did not address the amount of penalties, if any, that would be assessed against the City. The outcome of this litigation cannot be predicted at this stage of the proceedings, and any potential liability in this litigation beyond the costs of the 20-year wastewater system capital improvement plan is speculative.

As a result of a March 2006 sewer spill and after one year of negotiations, the EPA, the U.S. Department of Justice, the State and the City signed a stipulated order that requires the City to take certain actions to evaluate, repair, rehabilitate or replace certain force mains and one pump station in its wastewater collection system, and develop site-specific spill contingency plans. This stipulated order, which has been accepted by the court, resolves the entire civil enforcement action that was simultaneously filed with the stipulated order against the City with respect to the spill. The estimated cost of the work in the stipulated order is approximately \$300 million.

NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

Although the outcome of individual matters is not predictable, no provision for any liability that may result from these lawsuits has been made in the Sewer Fund's financial statements since any such liabilities are normally paid from the City's General Fund. In the opinion of management, the final outcome of these matters is unknown at this time but should not have a material adverse effect on the City's financial statements.

Honouliuli and Sand Island Wastewater Treatment Plant Permits

In March and December 2007, the EPA issued a tentative decision to deny an application for a renewed variance from secondary treatment for the Honouliuli and Sand Island wastewater treatment plants, respectively. The City is vigorously challenging the tentative decisions. If the City's applications are denied, the project costs of secondary treatment at Honouliuli and Sand Island is estimated to be \$400.0 million and \$800.0 million, respectively.

15. Component Unit Disclosure

Board of Water Supply

The Board is a semi-autonomous agency of the City, which has full and complete authority to manage, control and operate the City's water system and related properties.

Other Legal Matters

The Board is party to various legal proceedings arising in the normal course of business. The outcome of individual matters is not predictable. However, management believes that the ultimate resolution of all such matters, after considering insurance coverages, will not have a material adverse effect on the Board's financial position, results of operations or liquidity.

Major Transactions with the City –

Billing and Collection Services – The Board has an agreement with the Department of Environmental Services, City and County of Honolulu to provide certain services through June 30, 2007, relating to the billing and collection of sewer service charges. Fees related to these services were negotiated at approximately \$700,000 per year through fiscal 2007. The revenues related to these fees are included in other operating revenues and the corresponding expense in the Sewer Fund.

Central Administrative Services Expense (“CASE”) Fee – During fiscal year 2000, the Board entered into an agreement with the City to pay a Central Administrative Services Expense (“CASE”) fee for treasury, personnel, purchasing and other services that the City provides to the Board on an on-going basis. The Board’s Charter allows for a CASE fee to the extent that it represents a reasonable charge for services necessary for the Board to perform its duties. Although CASE fees for fiscal years subsequent to 2001 are still being negotiated between the Board and the City, the Board accrued \$1.9 million (\$3.3 million in CASE fees less \$1.4 million for Kapolei Hale Improvements by BWS) on June 30, 2007 for fiscal year 2007, leaving an unpaid balance of \$7.8 million related to fiscal years 2005, 2006 and 2007.

Amount Due to/from the City – Amounts due from the City approximated \$1,689,900 as of June 30, 2007, and are included in other receivables. Amounts due to the City approximated \$7,800,000 as of June 30, 2007, and are included in accounts payable.

16. Subsequent Event

In August 2007, the City issued Series 2007A and Series 2007B wastewater system revenue bonds in the aggregate amount of \$171.9 million. The bonds bear interest rates of 4.0% to 5.0% and mature annually on July 1, 2012 through July 1, 2037. The bonds maturing after July 1, 2018 are subject to redemption at the option of the City on or after July 1, 2017, in whole or in part at any time, from any maturity. The proceeds from the bonds will be used to fund the cost of certain additions and improvements to the wastewater system of the City, a common reserve account and current and advance refunding of certain City general obligation bonds.

NOTES TO FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2007

In November 2007, the City issued Series 2007A general obligation bonds in the aggregate amount of \$268.6 million. The bonds bear interest from 4.00% to 5.25% and mature annually on July 1, 2012 through 2031. Proceeds of the bonds will be used to refund general obligation commercial paper notes and will fund certain capital projects. The bonds maturing after July 1, 2017 are subject to redemption at the option of the City on and after July 1, 2017, in whole or in part, at any time, from any maturity.

(a) In fiscal year 1999 various departments were reorganized to better segregate functional responsibilities. The years prior to 1999 were restated to conform to the current functional responsibilities.

A full-time employee is scheduled to work 2,080 hours per year (including vacation and sick leave). Full-time equivalent employment is calculated by dividing total labor hours by 2,080.

This table excludes the Board of Water Supply employees.

NOTES:

- (a) The data is reported on a calendar year basis.
- (b) Source: City and County of Honolulu, Individual Departments.
- (c) Source: State of Hawaii, District Court Administrator.
- (d) Incomplete reporting from operations (company inspections) decreased the count in the fiscal year ended June 30, 2003.
- (e) Revised from prior CAFR.
- (f) Camping permits only.
- (g) The bus system experienced a 34 day strike during fiscal year 2004 that had minimal impact on paratransit operations.
- (h) The increase in street resurfacing and first aid reduced the number of pothole repairs.
- (i) The Honolulu Fire Department adjusted its method of counting the number of inspections and inspections may now be completed over a two year period instead of one year.
- (j) The decrease is due to extended severe weather and the related Waikiki sewage spill.
- (k) The count is based on tickets issued.
- (l) Beginning in fiscal year 2007, the count is based on number of violations.
