PREVENTION OF UNDERAGE DRINKING CAMPAIGN – Public Service Announcement

**Goal**: Honolulu Liquor Commission creates Summer Campaign for Prevention of Underage Drinking

**OBJECTIVES OF DON’T DROWN YOUR FUTURE**

1. Minimize underage drinking and reduce alcohol abuse
2. Make sure liquor laws are being followed
3. Raise awareness for liquor licensees on the process of selling alcohol to create a safe and healthy environment
4. Reach parents to remind them of the dangers of underage drinking and alcohol abuse
5. Create consistent messaging to correlate the Honolulu Liquor Commission and the mission of creating healthy and safe communities throughout Honolulu
TARGET AUDIENCE

There are 3 target audiences we aim to reach with our underage drinking campaign:

- **Teens (Ages 13-20):** Demonstrate to our youth that it is uncool to participate in underage drinking. There are healthy alternatives to having fun.

- **Adults (21+):** This includes parents, older siblings, and close family and friends. We would like to remind them their responsibility of not allowing underage kids and peers access to liquor.

- **Licensees/Businesses:** We’d like to remind businesses the dangers and repercussions of selling/serving liquor to minors, which include fees and jail time. We’d also like to highlight general procedures that businesses should follow for ex: following protocol for id’ing of customers, risks of overserving, and responsibility for safety of their customers on their premises.
