Election Day Workers

The State Office of Elections is recruiting Precinct Officials, Delivery and Election Team Officials, and Election Information Services officers to work the primary and general elections.

For more information, visit the Office of Elections Website at hawaii.gov/elections. You can also call them at 453-VOTE or via e-mail at elections@hawaii.gov.

Kailua Kaneohe Wastewater Tunnel Project

To increase the reliability of the Windward Oahu sewer system, the City and County of Honolulu's Department of Environmental Services (ENV) plans to an upgrade to the Kaneohe-Kailua Wastewater Conveyance Tunnel. This new tunnel, which is a 3-mile-long gravity sewer tunnel, helps carry wastewater from Kaneohe's Wastewater Pre-Treatment Facility (WWPTF) to Kailua's Regional Wastewater Treatment Plant (WWTP). This new gravity sewer tunnel will equalize flow and help prevent overflows and spills.

The Department of Environmental Services received federal approval for the tunnel to alleviate stress on the aging sewer force main that runs under Kaneohe Bay Drive. The tunnel fulfills requirements of the Consent Decree between the City and the U.S. Environmental Protection Agency. The gravity sewer tunnel has support from State regulators and environmental groups.

After thorough analysis of the tunnel route, and the preparation of an Environmental Impact Statement (EIS), and the feedback from community members, environmental groups and stakeholders, the City determined the gravity sewer tunnel to be more ecologically sound and cost effective than constructing a new force main under Kaneohe Bay.

The current construction schedule of the gravity sewer tunnel will take 5 years and 6 months to complete, and involves three separate phases:

For more information and updates to this project, please visit kktunnel.org or you can contact the construction management team by phone at (808) 445-9079 or email at info@kktunnel.net

Road Re-Paving Updates

Very frequently, we receive calls from our constituents inquiring about the status of a road re-paving project. Earlier this year the City setup an online database that provides a listing of both current and future road re-paving projects. As this list is maintained on a regular basis it is an excellent resource for anyone interested in road repaving projects anywhere on the island.

You can visit this index at: <http://www1.honolulu.gov/ddc/roadrepavingupdate.htm> It is also important to remember that when the City issues a contract for an area to be repaved, the contractor has the discretion to determine the order in which roads—within the scope of their contract—will be paved. If you should have any questions regarding road repaving projects please do not hesitate to contact my office! We are always happy to assist you!

SUPPORTING KAILUA JULY 4th FIREWORKS

The annual Kailua July 4th Fireworks display is one of our community's traditions. The event is organized by volunteers and funded entirely through community donations.

If you would like to help this year's July 4th Fireworks Display happen, please visit:
