## JOB OPENING

# TOD Planner (Planner IV)

Department of Planning & Permitting

**THE OPPORTUNITY:** The Transit-Oriented Development (TOD) Division team is looking for a planner who is passionate about improving the neighborhoods around Honolulu's future rail transit stations. Responsibilities include policy research and development, outreach, infrastructure and transportation planning, housing strategy implementation, urban design, data analysis, and more.

**REQUIREMENTS:** Education in planning, architecture, engineering, economics, geography, ecology, sociology, business, public administration, or related fields. Three years of professional experience in architecture, engineering, or socio-economic research, two of which shall have been in city planning or related planning activities (a Master's degree may substitute for a portion of the work experience requirement).

### **PAY & BENEFITS:**

- Starting at \$4,413 per month
- 21 days vacation, 21 days sick leave
- 13 paid holidays
- Medical, dental and vision coverage
- Employees Retirement System
- ... and many more!

**Apply online at:** <https://bit.ly/3g63IDd>  
PLANNER IV - General City/Urban Planning (SR-22)

The City's Planner IV recruitment is continuous, but applications for the TOD Planner will not be accepted after September 7, 2020.
