

# NEWS RELEASE

DEPARTMENT OF  
ENVIRONMENTAL SERVICES  
CITY AND COUNTY OF HONOLULU

**FOR IMMEDIATE RELEASE**

February 27, 2013

## **SEWER PROJECTS DURING MARCH**

(Wed., Feb. 27, 2013) – The City and County of Honolulu's Department of Environmental Services will be working on six major sewer projects in March that may impact roadways and traffic on Oahu.

The projects include:

- ***Ala Moana Boulevard/Auahi Street Sewer Rehabilitation, Phase 2*** – Rehabilitation of an existing 6'x6' reinforced concrete main along Auahi Street from Kamalani Street to Keawe Street.
- ***Hanawai Circle Sewer Reconstruction*** – Installation and rehabilitation of new sewer line along Farrington Highway (between Waipahu Depot St and Hanawai Circle) and along Waipahu Depot St (between Farrington Highway and Waipahu St).
- ***Moiliili-Kapahulu Sewer Rehabilitation/Reconstruction Sewer*** – Installation and rehabilitation of new sewer line along Date St (between Pumehana and Lukepane St).
- ***Saint Louis Heights Sewer Rehabilitation*** – Sewer rehabilitation work on various streets with the area bordered by Bertram St., Kaminaka Dr, Saint Louis Dr and Dole St.
- ***Waikiki Sewer Rehabilitation*** – Sewer rehabilitation work along Kuhio Ave between Kuamoo St and Kaiulani Ave.
- ***Wilder Avenue and Metcalf Street Sewer Rehabilitation*** – Sewer rehabilitation work along Wilder Ave (between Metcalf St and Evelyn Ln).

Approximately 102 projects are underway focused on Oahu's wastewater treatment plants, pump stations and collection system. These projects are part of \$506 million of ongoing wastewater projects, including planning, designing, construction, project management and equipment project phases.
