

DO THE RECYCLE HAWAII

Do the recycle Hawaii.
Come on, it's easy to do.
Crush those aluminum cans flat.
Stomp plastic jugs flat, too.

Give us today your daily paper.
Recycle glass bottles and jars.
Don't throw that sludge in the sewer,
Recycle used oil from cars.

Do the recycle Hawaii. There's only three steps to it.
Reduce waste. Reuse stuff. And recycle.
At home and school and work is where you do it.

'Cause once it's tossed you've lost it,
And into the landfill it goes.
So do the recycle Hawaii,
Or the trash will pile up to your nose.
