Advisory Opinion No. 30

This is in response to the conflict of interest disclosure of Employee X, Electrical Engineer with the Board of Water Supply, relative to his outside activity providing professional electrical engineering consultative services to a prime engineer or architect.

Since Employee X's activities will be confined to other jurisdictions, we are of the opinion that there is no conflict in this case so long as he confines his activities to the other jurisdictions.

Dated: Honolulu, Hawai'i, January 28, 1972.
