OFFICE OF THE MAYOR
CITY AND COUNTY OF HONOLULU

MAYOR'S MESSAGE

The "Fire Fighter's Safety and Health Guide" is published by the Honolulu Fire Department for the use by the fire department on all of the Hawaiian Islands. I hope you realize the importance of the messages in the guide and learn them well.

Each of us should be prepared for a fire or medical emergency. We start by practicing safety measures both to prevent fires and emergencies. We continue by learning the proper action to take if a fire starts or if someone is injured in our home, classroom or workplace.

I encourage each of you to draw a fire escape plan for your home. Such a plan is very important and has saved local families from being trapped in their homes.

No one wants to be in a burning building full of smoke or have a medical emergency, but if this happens to you, this activity book will teach you what to do.

JEREMY HARRIS, Mayor
City and County of Honolulu

A MESSAGE FROM FIRE CHIEF ATTILIO K. LEONARDI

I hope that you learn the important messages in the "Fire Fighter's Safety and Health Guide."

Everyone should be prepared in case of a fire. Start by learning how to prevent fires. Then learn the proper action to take if a fire starts in your home or classroom.

Each of you should draw a fire escape plan for your home. Fire escape plans are very important, and having a plan has saved your friends and neighbors from being trapped in their homes.

During an emergency every second is important, so it is important for you to remember the guidelines in the "Fire Fighter's Safety Guide."

My warmest aloha to all of you. Please have a safe year.

ATTILIO K. LEONARDI, Fire Chief
Honolulu Fire Department

A MESSAGE TO TEACHERS, STUDENTS & PARENTS

Hi! I'm Sparky, the Safety Mascot for the Fire Department. I was given to the Fire Department as a gift from all of the children in Hawaii.

DEAR TEACHERS:

Please look over the work that your students have done and discuss fire and health safety with your class. Through your efforts lives have been saved because people were prepared to handle emergencies. We appreciate all you do to help our children be prepared for emergencies.

Mahalo nui loa,
SPARKY

DEAR STUDENTS:

Fire and sickness can be very scary if you aren't prepared for an emergency. This activity book can help you and your family be prepared for emergencies. You and your parents should work on these activities together, and when you're done, turn it in to your teacher.

Work hard and have fun!

Love,
SPARKY

DEAR PARENTS:

It is important that children of all ages are aware of fire and health safety. Please help your child complete this activity book and talk about fire preparedness and a safe meeting place with your whole family. Activity books should then be signed by you and returned to school.

Mahalo nui loa,
SPARKY

PARENT AND TEACHER HINT: Have your child show you that they can **STOP, DROP AND ROLL.** Remember to cover your face with your hands.

"FIRE DRILLS: THE GREAT ESCAPE!"

Know when to go. React fast to fire! You should have two or more escape routes!

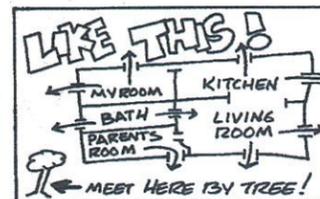

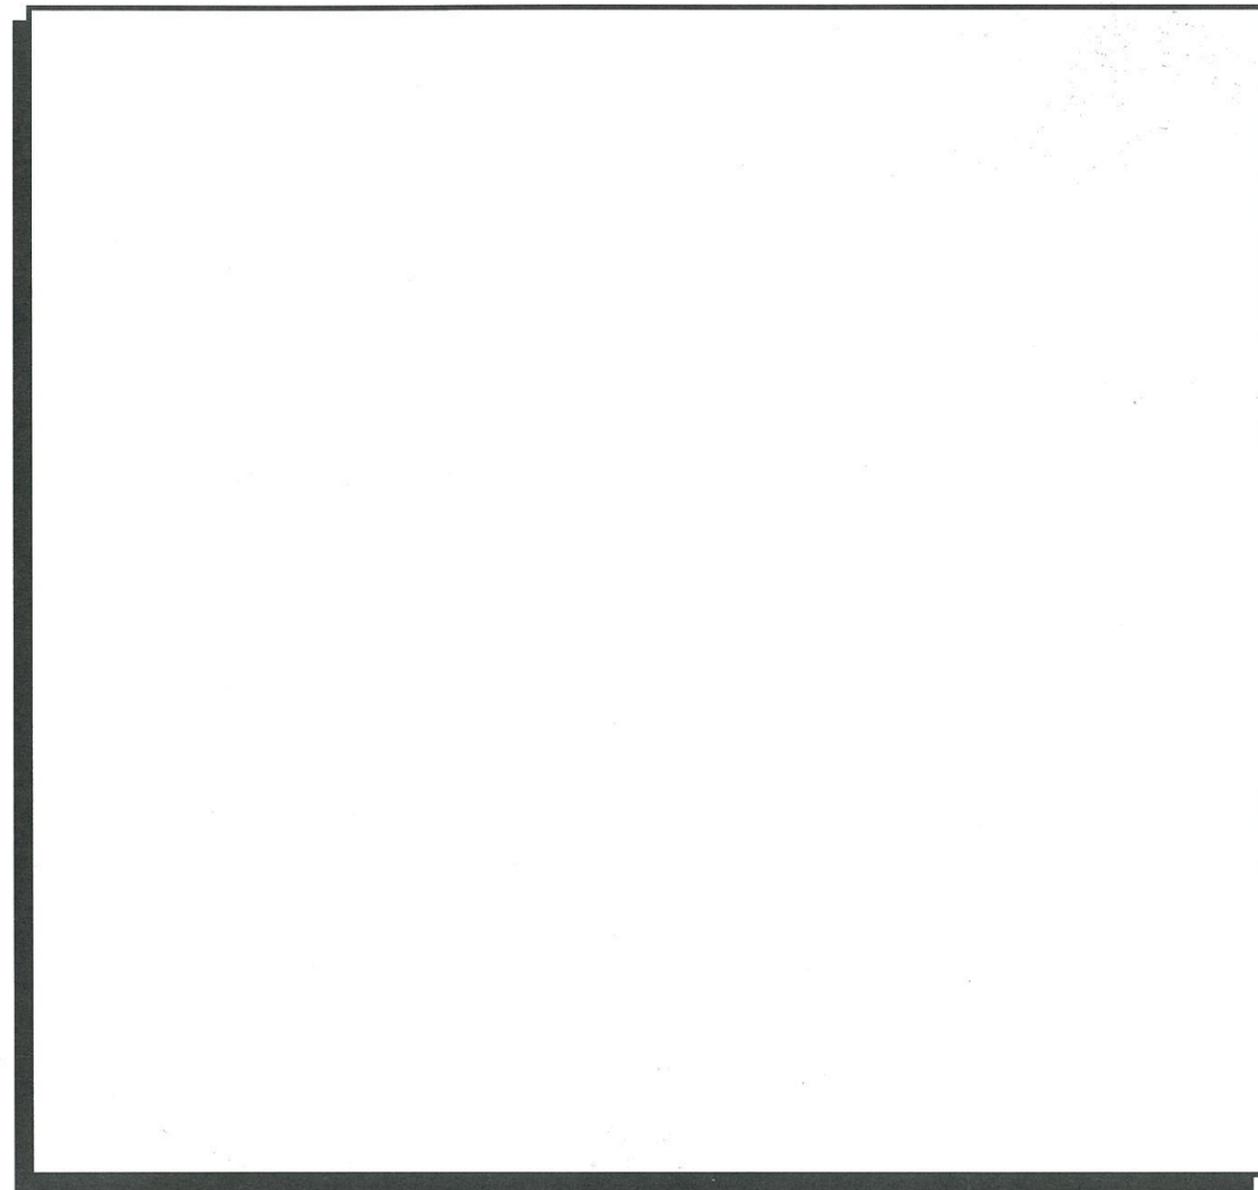

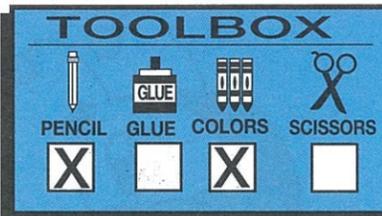

IN A HOUSE, ONE ESCAPE CAN BE THE _____
AND THE OTHER IS THE _____

PARENT AND TEACHER HINT: What is a good "safe meeting place?" Make sure it is far away enough to protect your family if the whole structure is on fire. A landmark like a neighbor's mailbox, street corner, or a utility pole would be ideal. It can be on either side of the street depending on each situation.

PLAN YOUR ESCAPE ROUTE!!

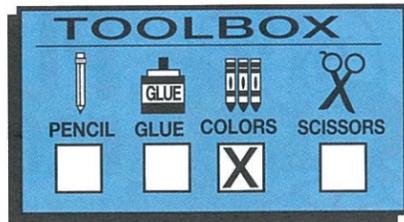

KNOW WHEN TO GO...REACT FAST TO FIRE!

PARENT AND TEACHER HINT: Parents should help their children draw an escape plan. An escape plan is good only if the whole family knows the same plan.
