OFFICE OF THE MAYOR
CITY AND COUNTY OF HONOLULU
EMERGENCY ORDER NO. 2020-23
(COVID-19 [Novel Coronavirus])

ACT WITH CARE – DO NOT GATHER

AUTHORITY

By the authority vested in me as Mayor of the City and County of Honolulu (the “City”) pursuant to Revised Charter of the City and County of Honolulu 1973 (2017 Edition), as amended; the Revised Ordinances of the City and County of Honolulu 1990, as amended; the Hawai‘i Revised Statutes, as amended (“Haw. Rev. Stat.”); the Constitution and laws of the State of Hawai‘i (the “State”); I, KIRK W. CALDWELL, hereby issue this order, Act With Care – Do Not Gather (“Order”), to further address the emergency declared in the Proclamation COVID-19 [Novel Coronavirus] that I issued on March 4, 2020, Supplemental Proclamation of Emergency or Disaster (COVID-19 [Novel Coronavirus]) that I issued on March 18, 2020, the Second Supplemental Proclamation of Emergency or Disaster (COVID-19 [Novel Coronavirus]) that I issued May 6, 2020 Third Supplemental Proclamation of Emergency or Disaster (COVID-19 [Novel Coronavirus]) that I issued June 20, 2020, and the Fifth Supplemental Proclamation of Emergency or Disaster (COVID-19 [Novel Coronavirus]) I issued August 6, 2020.

OVERVIEW

The virus that causes Coronavirus 2019 Disease (“COVID-19”) is easily transmitted, especially in group settings, and it is essential that the spread of COVID-19 be slowed to protect the ability of public and private health care providers to handle the influx of new patients and to safeguard public health and safety. This Order addresses these ongoing concerns.

Towards the start of the COVID-19 pandemic, the City issued a Stay at Home / Work from Home Order (Emergency Order 2020-2) (“Stay at Home Order”) that generally required individuals to shelter in place at their residence, with limited exceptions (for essential businesses and certain activities). The Stay at Home Order (as amended) along with the State’s coordinated
efforts accomplished the City’s goals of slowing the spread of COVID-19 and provide the City additional time to prepare for the pandemic, while the virus spread quickly throughout the world. Through successive orders, the City then began the gradual process of reopening certain Designated Businesses and Operations, and allowing individuals to engage in more activities outside of their residence (with spread mitigations measures), in an attempt to bring back the economy and a sense of normalcy, while limiting the spread of COVID-19.

This Order builds upon the framework of the Stay at Home Order. Section I sets forth the “Orders” which mandate what is and what is not permitted within the City at this time. Section II provides definitions of the capitalized terms contained in the Orders and the exemptions to the Orders, including Designated Businesses and Operations, which represent the businesses and operations that were allowed to operate after the initial strict Stay at Home Order proved successful. “Designated Businesses and Operations” are defined as the businesses and operations listed in Exhibit A of this Order (along with their respective mitigations measures). Section III outlines the basis for the Order, and Section IV explains the Order’s intent for interpretation purposes, and Section V contains general provisions relating to the Order’s effect on prior orders, duration, enforcement, posting, and severability of the Order.

At present time, there is a resurgence of COVID-19 within the City due to large gatherings in uncontrolled environments. To protect the public health and for the long-term benefit of the economy, the City must take measures through this Order, including slowing the reopening process and limiting certain activities and businesses again to reduce the spread of COVID-19.

This Order is effective at 12:00 a.m. on August 8, 2020, and will continue through September 4, 2020, subject to the limited exceptions and under the terms and conditions more particularly set forth below.

Pursuant to Haw. Rev. Stat. § 127A-25 and the Rules of the Mayor City and County of Honolulu, dated March 20, 2020 (“Mayor’s Rules”) promulgated under that section, each of the orders contained in this Order (“the Orders”) shall have the force and effect of law. The Orders are in accordance with and incorporate by reference all of my prior COVID-19 related emergency proclamations; and Hawai‘i Governor David Y. Ige’s COVID-19-related emergency proclamations.

Violation of any of the Orders is punishable as a misdemeanor, with fines of up to $5,000, up to a year in jail, or both. Haw. Rev. Stat. § 127A-29; Mayor’s Rules.

III. BASIS FOR THE ORDER

This Order is issued based on evidence of COVID-19 within the City, as reported by the Centers for Disease Control and Prevention (CDC), the State Department of Health, and guidance from
the City’s medical advisory experts, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the City places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 virus in the general public, which is a pandemic according to the World Health Organization, there is a public health emergency throughout the City. In addition, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the virus, and because evidence shows that it is easily spread, gatherings can result in preventable transmission of the virus.

The scientific evidence shows that at this stage of the emergency, it is essential to continue to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed, while also restoring the local economy. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. This Order helps preserve critical and limited healthcare capacity in the City while taking steps to revive the economy and begin to recover as a community.

This Order also is issued in light of the existence of 2,394 COVID-19 cases (and 20 deaths) in the City, as well as at least 2,763 total confirmed COVID 19 cases (and 27 deaths) in the State of Hawai‘i, as of August 5, 2020.

IV. INTENT

The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible to continue to slow the spread of COVID-19 to the maximum extent possible, while also enabling essential services and the reopening of designated businesses and operations with modifications to re-establish continuity of social and commercial life. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they shall, as applicable and at all times reasonably possible, comply with Social Distancing Requirements as defined in Section II.K. The intent is also to ensure that when people within the City interact with one another they maintain six (6) feet of physical distance from others, and wear face coverings (especially when indoors). All provisions of this Order should be interpreted to effectuate this intent.

V. GENERAL
