Sec. 16-16.2 Requirement to provide automated external defibrillators.

Every city building and newly constructed building, as defined in this article, must have installed and maintained therein automated external defibrillators in accordance with the requirements of this article. At least one automated external defibrillator that is accessible to residents, employees, and the public, as applicable, must be placed on each floor level. Appropriate signage must be posted to indicate the location of the automated external defibrillators.

(Added by Ord. 17-5)

Sec. 16-16.3 Administering agency.

The mayor shall designate a city agency to administer the provisions of this article.

(Added by Ord. 17-5)

Sec. 16-16.4 Notification.

The mayor's designated agency shall notify the Honolulu emergency services department, emergency medical services division, of the existence, location, and type of automated external defibrillator installed in each city building or newly constructed building.

(Added by Ord. 17-5)

Sec. 16-16.5 Liability.

Any person, including a building owner, who uses or provides for an automated external defibrillator pursuant to this article is subject to Hawaii Revised Statutes Section 663-1.5(e).

(Added by Ord. 17-5)

Sec. 16-16.6 Maintenance.

The mayor's designated agency and building owners shall conduct periodic inspections of all automated external defibrillators in their respective buildings to ensure that they are maintained in an operative condition, and are replaced or repaired where defective, all according to the operation and maintenance guidelines set forth by the manufacturer.
