

CITY AND COUNTY OF HONOLULU

NOTICE TO PROVIDERS
OF
PROFESSIONAL SERVICES
FY 2015

This information is available on the City and County of Honolulu's website. The address is www.honolulu.gov/pur.

PURPOSE:

Pursuant to Hawaii Revised Statutes, Section 103D-304, the City and County of Honolulu is publishing this notice to invite persons engaged in providing professional services that various City Departments anticipate needing in the FY2015, to submit current statements of qualifications and expressions of interest to the City.

City Departments will prepare a "list" of qualified consultants for each category of professional service to be utilized throughout the fiscal year. Additional notices for professional services may be issued if (1) the response to the initial notice is inadequate; (2) the response to the initial notice does not result in adequate representation of available sources; or (3) previously unanticipated needs for professional services arise. Additional notices will be posted on the Division of Purchasing website, www.honolulu.gov/pur.

Whenever projects are listed, the Department may combine projects, if appropriate. If projects involve various professional disciplines, consultants must be qualified to provide all the services required. Qualifications submitted for only parts of the project will be considered nonresponsive to this notice and will not be accepted.

MATERIALS TO BE SUBMITTED:

Each Department may have different submittal requirements which are specific to their Department or project. PLEASE READ ALL INFORMATION FOR THE DEPARTMENT OF INTEREST and follow the appropriate submittal requirements. Please note that the Submittal Requirements By Department section follows the Anticipated Required Professional Services By Department section of this notice.

Firms/Persons shall provide one (1) hard copy and one (1) compact disc with PDF files of all materials being submitted, unless otherwise instructed in a specific Department's Submittal Requirements.

ALL MATERIALS TO BE SUBMITTED (regardless of Department) shall:

1. Be submitted in an envelope, box, or binder;
2. Clearly IDENTIFY THE COMPANY OR PERSON SUBMITTING THE MATERIALS
3. Clearly IDENTIFY THE DEPARTMENT OF INTEREST

SUBMITTAL LOCATION:

ALL MATERIALS TO BE SUBMITTED (regardless of Department) shall be delivered to the following location:

CITY AND COUNTY OF HONOLULU
DEPARTMENT OF BUDGET AND FISCAL SERVICES
PURCHASING DIVISION
530 SOUTH KING STREET, ROOM 115
HONOLULU, HAWAII 96813

NO FACSIMILES OR EMAILS SHALL BE ACCEPTED.

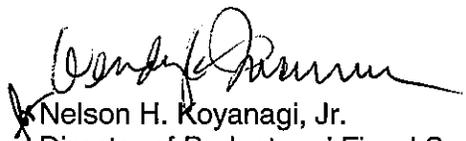

SUBMITTAL DEADLINE:

No later than 4:30 p.m. on July 31, 2014.

Submittals received after the above deadline that meet all applicable criteria will be accepted, but will become available for consultant selections conducted after the submitted materials have been reviewed and the service category qualification(s) determined.

QUESTIONS:

Should you have any questions about this ad, please call 768-5535 or email:
bfspurchasing@honolulu.gov.

Nelson H. Koyanagi, Jr.
Director of Budget and Fiscal Services
City and County of Honolulu

ANTICIPATED REQUIRED PROFESSIONAL SERVICES
FOR FY 2015
BY DEPARTMENT

I. DEPARTMENT OF COMMUNITY SERVICES (DCS)

1. Community Planning, GS-0020
 - Community outreach and education to support and implement Housing First program

Qualifications shall be submitted in accordance with GENERAL SUBMITTAL REQUIREMENTS.

II. DEPARTMENT OF EMERGENCY MANAGEMENT (DEM)

1. Community Planning, GS-0020
2. General Education and Training, GS-1701
3. Education Program, GS-1720
4. Public Health Educator, GS-1725
5. Education Research, GS-1730

Qualifications shall be submitted in accordance with GENERAL SUBMITTAL REQUIREMENTS.

III. DEPARTMENT OF ENTERPRISE SERVICES (DES)

1. Veterinary Medicine, HRS Chapter 471

Qualifications shall be submitted in accordance with GENERAL SUBMITTAL REQUIREMENTS.

IV. DEPARTMENT OF PARKS AND RECREATION (DPR)

Horticulture, GS-437 series:

1. Pruning/Removal. Qualified by CA, BCMA or RCA
2. Tree Protection Plan. Qualified by CA, BCMA, RCA, CA or LA, and TRAQ
3. Tree Assessment Reporter. Qualified by CA, BCMA or RCA, and TRAQ
4. Root Pruning/Trenching. Qualified by CA, BCMA or RCA, and TRAQ
5. Tree Planting/Landscape/Maintenance*. Qualified by LICT, CA, BCMA or RCA
6. Large Tree Planting/Rotation**. Qualified by LICT, CA, BCMA or RCA

*Tree Planting - plant using small tools and equipment

**Large Tree Planting - requires specialized equipment for planting and relocation

Definitions:

CA - International Society of Arboriculture, Certified Arborist--

BCMA - International Society of Arboriculture, Board Certified Master Arborist-

RCA - American Society of Consulting Arborists, Registered Consulting Arborist-

TRAQ - International Society of Arboriculture, Tree Risk Assessment Qualified-

LICT - Professional Landscape Network (PLANET), Landscape Industry Certified Technician

LA - Landscape Architect

Applicants need to apply for each category, and will be evaluated separately in each category. Qualifications shall be submitted in accordance with GENERAL SUBMITTAL REQUIREMENTS.

V. HONOLULU FIRE DEPARTMENT (HFD)

1. Physiology, GS-0413
2. Toxicology, GS-0415
3. General Health Science, GS-0601
4. Dietician and Nutritionist, GS-0630
5. Occupational Therapist, GS-0631
6. Physical Therapist, GS-0633
7. Medical Technologist, GS-0644
8. Industrial Hygiene, GS-0690
9. Consumer Safety, GS-0696
10. Safety Engineering, GS-0803
11. Fire Prevention Engineering, GS-0804
12. Materials Engineering, GS-0806
13. General Education and Training, GS-1701

Qualifications shall be submitted in accordance with GENERAL SUBMITTAL REQUIREMENTS.

VI. HONOLULU POLICE DEPARTMENT (HPD)

1. Electronics Engineering, GS-0855
 - Maintenance of existing and recently purchased analytical instruments and information management systems utilized in the laboratory.
2. General Health Science, GS-0601 and/or Nurses, HRS Chapter 457
 - Advanced Practice Registered Nurses (APRN-RX) with Prescriptive Authority to take consultative calls from the Central Receiving Division's staff as needed to prescribe and/or approve dispensing of medication provided to detainees.
 - Advanced Practice Registered Nurses (APRN) for mental health screening, short-term medical care, and on-site consultation for detainees and/or other persons.
 - On-Call responses (24/7) to assess exposure to communicable diseases by department personnel and follow-up counseling and support.
3. General Biological Science, GS-0401
 - Reaccreditation of the DNA laboratory and accreditation of other units by Forensic Quality Sciences, Inc., or the American Society of Crime Laboratory Directors Laboratory Accrediting Board.
 - Private DNA laboratories to conduct DNA analysis not currently done in the HPD laboratory.
4. Animal Science, GS-0487 and/or Veterinary Medicine, HRS Chapter 471
 - Veterinary services for police canines.
5. Psychology, GS-0180 and/or Psychologist, HRS Chapter 465
 - On-site psychological services for fitness-for-duty evaluations and testimony.
 - On-site pre-employment suitability screening and psychological evaluations.
 - Psychological test materials, administrations, and expert testimony.
 - On-site psychological consultation and training.
6. General Education Training, GS-1701
 - Recertification of canine handlers.

- Recertification of bomb technicians.
 - Recertification of polygraph examiners.
7. Medical Technologist, GS-0644
- Professional medical services for the Hepatitis B vaccination program.
 - Laboratory testing of department personnel for possible positive results for communicable disease exposure, HIV 1 and 2 antibodies, Hepatitis B surface, and Hepatitis C antibodies.
 - Confirmation screening of previously screened urine samples and confirmation using gas chromatography mass spectrometry (GC/MS) techniques.

Qualifications shall be submitted in accordance with GENERAL SUBMITTAL REQUIREMENTS.

VII. DEPARTMENT OF INFORMATION TECHNOLOGY (DIT)

Computer Science, GS-1550

1. Oracle, Microsoft SQL, IBM DB2 Database Design, Upgrade Planning and Implementation, Database Management, Integration and Application Development
2. Internet and E-Commerce – Application design, and development
3. Web Content Management
4. Electronic Document Management System
5. Programming – Mainframe Including COBOL, IMS, CICS, TANSFORM and other programming services (Please specify area of expertise)
6. Web Applications – Design and Development
7. GIS-Geographic Information Systems
8. Workflow Management
9. Asset Management-Integration, Implementation, and Consultant Services
10. Network Support – WAN/LAN/Wireless
11. Infrastructure Support Including Infrastructure design and support services, MS server Upgrade and Migration support services, Infrastructure Planning and management
12. Wireless Communications
13. 800MHz Radio Support and Maintenance
14. Telecommunications: Network Engineering and Support
15. MS Exchange/Windows 2000/2003 server and desktop operating systems upgrade planning and implementation
16. Open Source software engineering & support, including Linux, J2EE, and related software
17. Help Desk - Includes Call Center
18. Information Security and Data Protection - Includes Cyber Security Management, Security Administration Services, Intrusion Protection and Audit Tracking Services, Internet Security Management
19. Disaster Recovery Management Services
20. z/OS Consultant Services
21. pSeries Consultant Services
22. AIX/UNIX Consultant Services
23. VOIP Solutions
24. Access Control, Monitoring and Security Systems
25. Lease Administration
26. Telecommunications business development, planning and management
27. Radio Coverage Analysis
28. Microwave Path Analysis and Back Haul methods including Digital Cross-connect Systems (DCS), multiplexers (including channel banks), SONET and Loop Protection Switches.
29. IBM WebSphere Technology
30. Website design and development consulting services

31. SOAWS design and development consulting services
32. IT Portfolio and Project Management
33. Engineering Planning and Design – Architectural/Engineering design, project management or construction management teams for hardened communication facilities.
34. Storage Area Networking – Storage, Switch Configuration, and Fabric Network Design
35. IBM Rational Technology
36. Enterprise Architecture
37. Professional IT Services not listed above (Please specify area of expertise)

Qualifications shall be submitted in accordance with DIT SUBMITTAL REQUIREMENTS.

NOTE: Services for projects that involve certain types of federal funds may be required to be advertised on a “project specific” basis. In the event that this need should arise, a separate notice for services will be published which must be responded to separately, and in the manner specified in the advertisement.

VIII. DEPARTMENT OF CORPORATION COUNSEL (COR)

Under the Hawaii Public Procurement Code, Haw. Rev. Stat. Chapter 103D, and the Revised Charter of the City and County of Honolulu, the Corporation Counsel of the City and County of Honolulu is responsible for securing legal services from licensed private attorneys to provide legal advice and representation for City agencies, officers, employees, boards, commissions and semi-autonomous agencies. Corporation Counsel invites licensed attorneys to submit Statements of Qualifications and Expressions of Interest for evaluation. Those private attorneys who are deemed qualified will be included on a list from which special deputies corporation counsel, special counsel, and legal consultants will be selected by the Corporation Counsel to provide necessary legal services.

Following are the areas of law in which such services may be required by the Corporation Counsel during the period of July 1, 2014, to June 30, 2015:

1. Administrative Law
2. Appellate Practice
3. Anti-trust
4. Bankruptcy/Receivership
5. Business Law, including Contract Law, Contract Negotiations, Corporate Law
6. Civil Rights
7. Collections
8. Litigation, including Complex Civil Litigation and Class Action
9. Constitutional Law
- 10.. Condemnation
11. Construction Law
12. Criminal Law
13. Election Law
14. Employment Law, including Employee Benefits
15. Energy Law
16. Environmental Law, including Clean Water Act, Clean Air Act, HEPA/NEPA Regulatory Compliance & Enforcement, Solid Waste Management, Environmental Attributes, and Storm Water Management
17. Probate, Estates and Trusts, including Guardianships
18. Government Contracts & Procurement, including bid protests, State & Federal Procurement
19. Government Ethics

20. Health Law
21. Information and Computer Technology
22. Insurance
23. Intellectual Property
24. Labor
25. Law Enforcement
26. Maritime Law
27. Plaintiffs Qui Tam
28. Public Benefits Law, including ADA
29. Public Financing, including Bond Counsel, Investment Banking, Financing Leases
30. Public Utilities Law
31. Real Property, including Financing, Development, Land Use Entitlements & Transactions
32. Securities Law
33. Tax
34. Telecommunications
35. Tort Law, including Products Design, Construction Liability, Professional Malpractice
36. Transportation Law, including Mass Transit, Transit Financing, Land Use Entitlements
37. Water Law
38. Workers' Compensation

Licensed attorneys interested in providing legal services in one or more of these areas are invited to submit a Statement of Qualifications and Expression of Interest. Attorneys from the same law firm wishing to be considered must submit separate statements. Attorney statements may include areas not listed above.

Qualifications should be submitted in accordance with COR SUBMITTAL REQUIREMENTS. Forms are available for download at <http://www.honolulu.gov/cor>. Forms may also be requested by telephone ((808) 768-5100) or facsimile ((808) 768-5104). Corporation Counsel's General Policy Regarding Waiver of Conflicts is also available at that website or upon request; however, the decision as to whether to waive a conflict of interest will depend on the facts of that particular situation and is in the sole discretion of the Corporation Counsel.

IX. DEPARTMENT OF TRANSPORTATION SERVICES (DTS)

1. Civil Engineering, GS-810:

Civil - Transportation Studies (traffic studies, community plans, feasibility studies and analysis, etc.). Transportation Planning including Environmental Studies, Multimodal Studies, Parking Studies, Traffic Impact Studies, Congestion Mitigation Studies, Traffic Circulation Studies, Short-range Transportation Planning, Transportation Forecasting, Livable and Sustainable Transportation Studies and Master plans for transit operations and maintenance facilities. Site assessment and selection, feasibility studies and analyses, land use and urban design plans, environmental documents, land use permit processing, regulations studies to support development of public transit facilities. Transportation studies such as the Kalakaua Avenue Bridge Study.

Civil – Transportation Design (intersection improvements, bikeways and bike paths, traffic control measures, etc.). Design projects including but not limited to Traffic Improvements at Various Locations (TIVL); Traffic Engineering Devices at Various Locations; Multimodal Bike Plan.

Civil – Transit Planning and Design – Master plans for transit operations and maintenance facilities in conformance with the American with Disabilities Act (ADA) improvements, Leadership in Energy and Environmental Design (LEED) certified structures, bus stop site improvements, curb

ramp, general (site improvements, parking, fuel stations, vehicle washing facilities, etc.) and sidewalk improvements. Public transit service planning, bus route structuring, Socio-economic analyses and community outreach to support public transit program and policy development. Projects to include but not limited to Bus Stop ADA Access Improvements; Bus Stop Pad Improvements; Bus Stop Site Improvements; Pedestrian – Transit Connections.

Civil – Construction Management (sidewalks, parking lots, curb ramps, site improvements, drainage improvements, storm water quality improvements, sewer lines, flood control, bikeways, bus bays/pads, roadways, curb ramps, traffic improvements, retaining walls, highway structure improvements, road improvements, road assessment and rehabilitation, guardrail improvements, etc.). Provide construction management services for projects such as TIVL - Palolo Area Traffic Engineering Improvements ; Traffic Engineering Devices at Various Locations; Pedestrian Safety Improvements; Hamakua Drive Bicycle Improvements.

2. CIVIL ENGINEERING, GS-810 and/or Electrical Engineering, GS-850

Civil or Electrical – Traffic Signal Design (plans, specifications and construction cost estimate). Consultant shall have experience in Traffic Signal design and be familiar with Federal Highway Administration (FHWA) requirements, current MUTCD, ADAG requirements, Field electrical power, Grounding systems, Cable messengers, Joint pole requirements, Interconnect overhead and underground lines, Traffic Signal cabinets, Traffic Signal interconnect communication system, Electrical conduit installation, Curb ramp design, FHWA NEPA document (documented categorical exclusion), FHWA Environmental Engineering requirements, Traffic Management Plan, and Traffic Control. Projects include but not limited to Traffic Signal at Various locations; Pedestrian upgrades at Various locations; Traffic Signals and Signal Loops.

Civil or Electrical – Traffic Camera Design (plans, specifications and construction cost estimate). Consultant shall have experience in Traffic Camera design and be familiar with: Federal Highway Administration (FHWA) requirements, Fiber optic design, Video Transmission over fiber optic and copper, IP Video (MPeG2, MPeG4, H.264), Field electrical power, Grounding systems, Cable messengers, Joint pole requirements, Fiber optic transmission overhead and underground lines, Ethernet switches and hub stations, Equipment cabinets, Traffic Signal interconnect communication system, Analog to Digital conversion, Electrical conduit installation, FHWA documented category exclusion, Traffic Management Plan, and Traffic Control. Projects include Computerized traffic control systems at various locations.

3. Audit Services, GS-511

Certification of data reported in National Transit Database (NTD) regarding fixed route, demand response, and demand taxi services, including DTS sub-recipient services utilizing Federal Transit Administration (FTA) funds.

Performance audit of the city bus system and special transit services (TheHandi-Van)

4. Community Planning, GS-020

Site assessment and selection, feasibility studies and analyses, land use and urban design plans, environmental documents, land use permit processing, regulations studies to support development of public transit facilities. Public transit service planning, bus route structuring. Socio-economic analyses and community outreach to support public transit program and policy development. Transportation Planning including Environmental Studies, Multimodal Studies, Parking Studies, Traffic Impact Studies, Congestion Mitigation Studies, Traffic Circulation Studies, Short-range Transportation Planning, Long- range Transportation Planning, Transportation

Forecasting, Livable and sustainable Transportation Studies and Master plans for transit operations and maintenance facilities. Site assessment and selection, feasibility studies and analyses, land use and urban design plans, environmental documents, land use permit processing, regulations studies to support development of public transit facilities.

5. General Health Science, GS-601

Paratransit eligibility-related functions, services, and requirements including Manage TheHandi-Van Eligibility Center and conduct all City ADA paratransit eligibility evaluations and determinations in accordance with nationally-recognized guidelines promoted by the National Transit Institute training course and by the Easter Seals Project

6. Computer Science, GS-1550

Planning and design of an integrated safety and security video surveillance and monitoring system for transit vehicles and transit facilities.

7. General Engineering, GS-801

Project management – develop, plan and manage comprehensive capital improvement or intelligent transportation system programs, project oversight, project coordination, contracting, administrative processing, project cost estimating and financial planning, project tracking, project scheduling, process development, public meetings, services during bidding and construction, coordination with other agencies, and departments as necessary.

Qualifications shall be submitted in accordance with DTS SUBMITTAL REQUIREMENTS

X. DEPARTMENT OF DESIGN AND CONSTRUCTION:

Categories without State of Hawaii License Requirements

1. **ARCHAEOLOGY, GS-193** – Investigations, mitigation plans, monitoring, etc.
2. **COMMUNITY PLANNING, GS-020**
 - A. Planning – community plans, master plans, site assessment and selection, feasibility studies and analysis, land use and urban design plans, watershed plans, environmental documents, land use permit processing, regulation studies, code development.
 - B. Housing Studies and Analysis.
 - C. Transit-Oriented Development.
 - D. Bus Route Planning.
 - E. Master Planning for Grading, Utilities, Fire Protection, etc.
 - F. Community Outreach, Education and Graphic Communication – various topics, including National Pollutant Discharge Elimination System (NPDES) permit related outreach, etc.
3. **ECONOMIST, GS-110** – development and infrastructure financial tools and analysis.
4. **ENVIRONMENTAL ENGINEERING, GS-819**
 - A. Environmental Engineering – air quality studies; water quality and ground water monitoring studies, including sampling, testing, and modeling; oceanographic studies, including temperature, currents, dilution, etc.; energy audits and conservation; NPDES permitting; preparation of NPDES manuals, guidelines and plans; total maximum daily load (TMDL) waste load allocation studies; State Department of Health Section 401 Water Quality Certifications, U.S. Army Corps of Engineers Section 404 Permits, etc.
 - B. Environmental Planning – phase 1 and 2 site assessments and other environmental investigations.

- C. Hazardous Materials Investigation, Testing and Abatement; Facility Closure and Clean-Up – dust, mold, heavy metals, asbestos, contaminated soil mitigation, etc. (Note: Hawaii Department of Health certifications for asbestos activities are preferred and may be required for specific projects.)
- 5. GENERAL ENGINEERING, GS-801**
- A. Project Management – project oversight, project coordination, contracting, administrative processing, public meetings, services during bidding and construction, etc.
 - B. Program Management – develop long-range plans and manage comprehensive capital improvement programs for large municipal infrastructure systems (including wastewater collection and treatment facilities and storm water facilities); project cost estimating and financial planning, project tracking, project scheduling, process development, etc.
 - C. Americans with Disabilities Act (ADA) Compliance – compliance with regulatory requirements of the ADA, site survey and assessments, technical assistance, etc.

Categories with State of Hawaii License Requirements, HRS Chapter 464 (license type and class indicated)

6. ARCHITECTURE, GS-808

- A. Planning and Design (AR) – master plans, offices, corporation yards, comfort stations, community centers, group homes & shelters, fire & police stations, laboratory facilities, operations centers, passive & active parks, recreational facilities, golf courses, zoo facilities, maintenance facilities, lifeguard towers, ADA improvements, Leadership in Energy and Environmental Design (LEED) certified buildings, etc.
- B. Construction Management Architecture^{1,2} (AR) – buildings, offices, corporation yards, comfort stations, community centers, group homes & shelters, fire & police stations, laboratory facilities, operations centers, passive & active parks, recreational facilities, golf courses, zoo facilities, maintenance facilities, lifeguard towers, ADA improvements, LEED certified buildings, etc.

7. CIVIL ENGINEERING, GS-810

- A. General Civil (PE-Civil) – site improvements, parking, fuel stations, vehicle washing facilities, etc.
- B. Coastal Engineering (PE-Civil) – sediment transport, shoreline protection, beach erosion studies, etc.
- C. Hydraulics (PE-Civil) – drainage improvements, sewer lines, pipe assessment and rehabilitation, flood control, outfall improvements etc.
- D. Storm Water Quality Improvements (PE-Civil) – best management practices (BMPs); erosion protection measures; low impact development (LID) BMPs; training services for storm water quality programs; vehicle wash facilities, including wash facilities for refuse trucks; etc.
- E. Transportation Planning (PE-Civil) – environmental studies and documentation, etc.
- F. Transportation Engineering (PE-Civil) – traffic studies, intersection improvements, bikeways and bike paths, traffic control measures, bus bays and pads, bus stops, etc.
- G. Roadway (PE-Civil) – new roads, road widening, roadway condition assessments, etc.
- H. Street Rehabilitation and Reconstruction (PE-Civil).
- I. Sidewalk Improvements (PE-Civil).
- J. Curb Ramps (PE-Civil) – compliance with regulatory requirements of the ADA, site survey and assessments, technical assistance, etc.
- K. Bus Stop Site Improvements (PE-Civil).
- L. Guardrail Improvements (PE-Civil).
- M. Construction Management Civil^{1,2} (PE-Civil) – sidewalks, parking lots, curb ramps, play courts, site improvements, drainage improvements, storm water quality improvements including LID BMPs, sewer lines, flood control, bikeways, bus bays/pads, roadways,

- curb ramps, traffic improvements, bridges, retaining walls, highway structure improvements, road improvements, road assessment and rehabilitation, guardrail improvements, bus stop site improvements, cured-in-place pipe lining, micro tunneling, golf courses, zoo facilities, etc.
- N. Earth Slide Mitigation (PE-Civil) – Geotechnical engineer with recent experience must be prime consultant or sub-consultant.
 - O. Rock Fall Mitigation (PE-Civil) – Geotechnical engineer with recent experience must be prime consultant or sub-consultant.
 - P. Geotechnical Investigations & Design (PE-Civil) – deep and shallow foundations, earth movement, slope stability analysis, slide potential, hazard mitigation, etc.
 - Q. Construction Services Geotechnical (PE-Civil) – deep and shallow foundations, etc.
 - R. Wastewater Systems (PE-Civil) – collection, treatment, disposal, and reuse facilities, including pump stations and force mains; facility planning; pilot and demonstration studies; pre-treatment studies; condition assessments; etc.
 - S. Construction Management Wastewater Systems^{1,2} (PE-Civil) – collection, treatment, disposal, and reuse facilities, including pump stations and force mains.
 - T. Solid Waste Collection and Disposal (PE-Civil) – solid waste facilities master planning and design; sanitary landfill site selection studies, design, monitoring and closure; landfill gas control and energy recovery; biosolids reuse; solid waste energy recovery; solid waste material recovery and recycling; landfill closure testing, monitoring, reporting; etc.
 - U. Construction Management Solid Waste Collection and Disposal^{1,2} (PE-Civil) – solid waste collection, reuse, recycling, and disposal facilities and systems, including biosolids reuse; landfill development, expansion, closure, etc.
- 8. ELECTRICAL ENGINEERING, GS-850**
- A. Planning and Design (PE-Electrical) – street lighting, park indoor and outdoor lighting, facilities power/lighting, traffic signal technology, fire alarm systems, back-up power systems, wastewater plant controls and automation, supervisory control and data acquisition (SCADA) systems, renewable energy projects, etc.
 - B. Construction Management Electrical^{1,2} (PE-Electrical) – street lighting, park indoor and outdoor lighting, facilities power/lighting, traffic signal technology, fire alarm systems, back-up power systems, wastewater plant controls and automation, SCADA, renewable energy projects, etc.
 - C. Energy Services (PE-Electrical) – energy audits and studies, performance contracting, workshops, commissioning and retro-commissioning, etc.
 - D. LEED Commissioning Electrical (PE-Electrical, LEED Accreditation).
- 9. LAND SURVEYING, GS-1373 (LS)** – topographic, boundary, and parcel maps; shoreline certifications, etc.
- 10. LANDSCAPE ARCHITECTURE, GS-807 (LA)** – master plans, landscape plans (including hardscape), irrigation, etc.
- 11. MECHANICAL ENGINEERING, GS-830**
- A. Planning and Design (PE-Mechanical) – air conditioning, elevators, pumps, facilities systems, plumbing, fire protection, fuel storage tanks, etc.
 - B. Construction Management Mechanical^{1,2} (PE-Mechanical) – air conditioning, elevators, pumps, facilities systems, plumbing, fire protection, fuel storage tanks, etc.
 - C. Energy Services (PE-Mechanical) – energy audits and studies, performance contracting, workshops, commissioning and retro-commissioning, etc.
 - D. LEED Commissioning (PE-Mechanical, LEED Accreditation).
- 12. REAL PROPERTY APPRAISAL (CGA or CRA)** – valuation and/or market analysis for acquisition, condemnation, and/or disposition of all types of real property.
- 13. STRUCTURAL ENGINEERING**
- A. Structural (PE-Structural) – structures, revetments, foundations/barriers, pole structures, utility structures, recreational facilities, play courts, rigid pavement, piers,

local barriers, special inspection, forensics, etc.

- B. Bridge Inspection Engineer (PE-Structural) – bridge inspection. (Personnel must meet FHWA team leader and bridge load rater qualifications, including but not limited to certification of training in Safety Inspection of In-Service Bridges by National Highway Institute, as identified in CFR 650 Subpart C, Section 309. A qualified underwater bridge inspection diver may also be required for the inspection team.)
- C. Bridge Engineer (PE-Structural) – bridge rehabilitation, load limit restoration, and seismic upgrade design; scour evaluation, monitoring, and countermeasures.

¹ Documentation of Certified Construction Manager (CCM) certification from the Construction Manager Certification Institute is required for qualification in any construction management category.

² All Construction Management personnel assigned to work on DDC projects must provide a current certificate of completion for the City's ECATTS "Inspector or Construction Management" training module. Register at <https://honolulu.ecatts.com> to access the training module. The certificates are valid for one year and the training must be repeated annually.

Qualifications shall be submitted in accordance with DDC SUBMITTAL REQUIREMENTS provided in the next section.

SUBMITTAL REQUIREMENTS **BY DEPARTMENT**

I. GENERAL SUBMITTAL REQUIREMENTS

All materials submitted which have not been clearly designated as proprietary shall become the property of the City and shall be subject to public inspection and may be returned only at the City's discretion.

SUBMIT THE FOLLOWING:

1. Letter of interest, including identification of the category or categories of professional services that the provider is qualified for and propose to offer to the City;
2. The name of the firm or person, the principle place of business, and location of all of its offices;
3. The age of the firm and its average number of employees over the past five years;
4. The education, training, and qualifications of key members of the firm;
5. The names and phone numbers of up to five clients who may be contacted, including at least two for whom services were rendered during the preceding year;
6. Any conflict of interest in performing services for the City and County of Honolulu;
7. A listing of all projects under contract with the City and County of Honolulu shall be submitted to address the capability to perform the work within specified time limitations;
8. Past record of performance on contracts with respect to cost control, quality of work, and ability to meet schedules;
9. Type and description of services the firm is interested in providing;
10. Any promotional materials or descriptive literature which the firm desires to submit.

SELECTION CRITERIA

1. Experience and professional qualifications relevant to the project type;
2. Past performance on projects of similar scope for public agencies or private industry including corrective actions and other responses to notices of deficiencies;
3. Capacity to accomplish the work in the required time;
4. Any additional criteria determined in writing by the selection committee to be relevant to the purchasing agency's needs or necessary and appropriate to ensure full, open, and fair competition for professional services contracts.

II. DIT SUBMITTAL REQUIREMENTS

Qualified firms interested in being considered for contracts with the Department of Information Technology (DIT), are invited to submit their qualifications in accordance with the following requirements. In accordance with Section 103D-304, HRS, qualifications should include the following:

- 1) The name of the firm of person, principal place of business, and location of all of its offices;
- 2) The age of the firm and its average number of employees over the past five years;
- 3) Proposed staff commitment and descriptions of their roles and responsibilities;
- 4) The education, training and qualifications of the proposed staff and key members of the

- firm;
- 5) The proposed approach to conduct the project;
 - 6) Past performance on projects of similar scope for public agencies or private industry;
 - 7) The names and phone numbers of up to five clients who may be contacted, including at least two for whom services were rendered during the preceding year for similar type of projects;
 - 8) Records of performance on contracts with respect to cost control, quality of work, and ability to meet schedules;
 - 9) Any other pertinent information that should be considered in the evaluation of the firm's qualifications; and
 - 10) Any promotional or descriptive literature which the firm desires to submit.

QUALIFICATIONS SUBMITTAL FORMAT

SUBMITTALS
Introductory letter, number of years in the business, references, office locations, and which categories of work to consider your company for.
<p>1. Professional qualifications necessary for satisfactory performance of required services.</p> <p>The consultant shall designate experienced professional and technical staff to competently and efficiently perform the work, either through their own personnel or sub-consultants. The qualifications shall identify the project team composition, project leadership, reporting responsibilities, and address how sub-consultants will fit into the management structure. Resumes of key team members, limited to one page per person, must be included in the Appendix.</p> <p>Note: This information includes the qualifications of the individuals and sub-consultants, and a list of applicable past projects the consultant worked on. The selection is made on the team, and not just the prime consultant.</p>
<p>2. Past performance on projects of similar scope for public agencies or private industry, including corrective actions and other responses to notices of deficiencies.</p> <p>The consultant shall include a list of all similar projects that the consultant worked on and successfully completed. Include the name, contact person and telephone number of the government and/or private agencies, and how cost control and schedule compliance issues were addressed.</p>
<p>3. Capacity to accomplish the work in the required time.</p> <p>The consultant must demonstrate that sufficient knowledgeable staff is available and that any sub-consultant hired by the consultant is experienced and capable of performing the work. The consultant shall include a list of current projects, which shall include the start and estimated consultant contract completion dates of the projects. The consultant shall also identify key team members, including the project manager and any sub-consultants.</p>
<p>4. Any additional criteria: Innovative or Alternative Methods to Perform the Required Services, and Anticipated Concepts for Completion of the Project.</p> <p>Please indicate any innovative, unique or alternative methods that would be used to perform the required services. Also, please indicate anticipated concepts to complete the project. And present and modern and cost-effective design methods or special project related techniques that would benefit the project.</p>

Additional information may be requested at our discretion. Receipt of the submittal(s) will be confirmed by an e-mail fillable form reply back to the sender.

III. COR SUBMITTAL REQUIREMENTS

Licensed attorneys interested in providing legal services in one or more areas are invited to submit a Statement of Qualifications and Expression of Interest. Attorneys from the same law firm wishing to be considered must submit separate statements. Attorney statements may also include areas not listed.

Forms are available for download at <http://www.honolulu.gov/cor>. Forms may also be requested by telephone ((808) 768-5100) or facsimile ((808) 768-5104). Corporation Counsel's General Policy Regarding Waiver of Conflicts is also available at that website or upon request; however, the decision as to whether to waive a conflict of interest will depend on the facts of that particular situation and is in the sole discretion of the Corporation Counsel

IV. DTS SUBMITTAL REQUIREMENTS

Disadvantaged Business Enterprise Program

The Department of Transportation Services (DTS) has established a Disadvantaged Business Enterprise (DBE) program in accordance with the regulations of the U.S. Department of Transportation (USDOT), Title 49, Code of Federal Regulations, Part 26 (49 CFR Part 26). DTS has received federal financial assistance from USDOT, and as a condition of receiving this assistance, DTS has signed an assurance with the USDOT that it will comply with 49 CFR Part 26. The DTS DBE Program and Goals can be found at the DTS website <http://www1.honolulu.gov/dts/>.

Qualified firms interested in being considered for contracts with DTS are invited to submit their qualifications. In accordance with Section 103D-304, HRS, qualifications should include the following:

- 1) The name of the firm or person, principal place of business, and location of all of its offices;
- 2) The age of the firm and its average number of employees over the past five years;
- 3) Proposed staff commitment and descriptions of their roles and responsibilities;
- 4) The education, training and qualifications of the proposed staff and key members of the firm;
- 5) The proposed approach to conduct the project;
- 6) Past performance on projects of similar scope for public agencies or private industry;
- 7) The names and phone numbers of up to five clients who may be contacted, including at least two for whom services were rendered during the preceding year for similar type of projects;
- 8) Records of performance on contracts with respect to cost control, quality of work, and ability to meet schedules;
- 9) Any other pertinent information that should be considered in the evaluation of the firm's qualifications; and
- 10) Any promotional or descriptive literature which the firm desires to submit.

QUALIFICATIONS EVALUATION CRITERIA AND FORMAT REQUIREMENTS

CRITERIA	Max. No. Of Pages
Introductory letter, number of years in the business, references and office locations	2
<p>1. Professional qualifications necessary for satisfactory performance of required services.</p> <p>The project engineer must have experience in managing projects of similar nature and scope, and shall be a professional electrical or civil engineer licensed in the State of Hawaii unless otherwise stated in the RFQ. The project engineer's resume must be included in the Appendix.</p> <p>The consultant shall designate experienced professional and technical staff to competently and efficiently perform the work, either through their own personnel or sub-consultants. The qualifications shall identify the project team composition, project leadership, reporting responsibilities, and address how sub-consultants will fit into the management structure. Resumes of key team members, limited to one page per person, must be included in the Appendix.</p> <p>Note: This information includes the qualifications of the individuals and sub - consultants, and a list of applicable past projects the consultant worked on. The selection is made on the team, and not just the prime consultant.</p>	4
<p>2. Past performance on projects of similar scope for public agencies or private industry, including corrective actions and other responses to notices of deficiencies.</p> <p>The consultant shall include a list of all similar projects that the consultant worked on and successfully completed. Include the name, contact person and telephone number of the government and/or private agencies, and how cost control and schedule compliance issues were addressed.</p>	3
<p>3. Capacity to accomplish the work in the required time.</p> <p>The consultant must demonstrate that sufficient knowledgeable staff is available and that any sub-consultant hired by the consultant is experienced and capable of performing the work. The consultant shall include a list of current projects, which shall include the start and estimated consultant contract completion dates of the projects. The consultant shall also identify key team members, including the project manager and any sub-consultants.</p>	3
<p>4. Any additional criteria.</p> <p>Innovative or Alternative Methods to Perform the Required Services, and Anticipated Concepts for Completion of the Project. Please indicate any innovative, unique or alternative methods that would be used to perform the required services. Also, please indicate anticipated concepts to complete the project. And present and modern and cost-effective design methods or special project related techniques that would benefit the project.</p>	2
MAXIMUM TOTAL	14*
Appendix: Resumes of key personnel	1 pg/person maximum

- Number of pages per proposal may vary depending upon the nature of the project or service contract, but must total no more than 14 pages and no more than the maximum number of pages per criteria shown in the above table, excluding appendices, table of contents, and tabs.

A page is considered to be letter size, printed on one side, single spaced, with characters no smaller than 12 point (Times font or similar preferred). Any proposal exceeding the 14-page limit or maximum number of pages per criteria, unless otherwise stated in the RFQ, receives a 5-point penalty for each page over the limit.

V. DDC SUBMITTAL REQUIREMENTS

Consultants interested in being listed by DDC as qualified in one or more of the above identified service categories shall submit their qualifications as specified under SUBMITTAL REQUIREMENTS below.

The selection criteria to be employed, in descending order of importance, are 1) experience and professional qualifications relevant to the project type, 2) past performance on projects of similar scope for public agencies or private industry, including corrective actions and other responses to notices of deficiencies, 3) capacity to accomplish the work in the required time, and 4) Any additional criteria determined in writing by the selection committee to be relevant to the purchasing agency's needs or necessary and appropriate to ensure full, open, and fair competition for professional services contracts.

Note that services for projects that involve certain types of federal funds are required to be advertised on a project-specific basis. Should this need arise, a separate notice for services will be published that will need to be responded to separately in the manner specified in the advertisement.

SUBMITTAL REQUIREMENTS

All materials submitted which have not been clearly designated as proprietary, shall become the property of the City and shall be subject to public inspection.

Submittals shall include one hard copy and one compact disc (preferably 1 CD per consultant) with Portable Document Format (PDF) files. Each PDF file shall be no larger than 3.0 MB, whether it is for a single service category or for multiple service categories.

Your submittal shall include the following:

1. Modified Standard Form 330 (r6/06) for each service category. Copies of the form may be downloaded from the Professional Services page at <http://www.honolulu.gov/pur/ps.html> or picked up from the Department of Design and Construction at 650 South King Street, 11th Floor, Honolulu, Hawaii 96813.

If preferred, one Modified Standard Form 330 may be submitted for multiple categories; however, the PDF file shall not exceed the 3.0 MB maximum. Do not include the Modified Standard Form 330 instructions (pages 1-6) in your submittal. Both the hard copy and PDF file must include the completed signature blocks of the Modified Standard Form 330 (Part I, Section I and Part II, Section 12).

Any supplemental information, including promotional literature, company brochures, award certificates, proposed sub-consultants, team structure diagrams, etc., should be incorporated into Part I, Section H of the Modified Standard Form 330. Promotional materials or descriptive literature are not necessary, but will be accepted if included in the PDF file meeting the 3.0 MB size limit, whether for a single service category or for multiple service categories.

2. Completed FY15 Service Category Checklist indicating the service categories for which you wish to be considered (available from the Professional Services page at <http://www.honolulu.gov/pur/ps.html>). Submit one 11X14 checklist per consultant. Confirmation of the checked service categories you have qualified for will be mailed back to you within 2 weeks after the deadline or receipt of your submittal, whichever is later.
3. Transmittal Letter dated and signed by an authorized representative of the firm.

Requests to Re-Use last year's Statement of Qualifications (SOQ) will be accepted for FY15. Such requests shall be made by completing and submitting the resubmittal form letter available from the Professional Services page at <http://www.honolulu.gov/pur/ps.html> and a completed FY15 Service Category Checklist. Note that requests to re-use will only be accepted if the consultant submitted a complete and compliant SOQ for FY14. A consultant may not request to re-use their SOQ two years in a row.

INTERNET ACCESS

This foregoing information and forms are available from the Professional Services page at <http://www.honolulu.gov/pur/ps.html>.
