

Parking Allowed All-Day in Specific “No Parking-Tow Away Zones” in Residential Neighborhoods

Recognizing that Honolulu residents are required to work from home, when possible, and that traffic is greatly reduced during AM and PM peak hours, starting Friday, March 27, DTS will allow parking in specific marked “No Parking-Tow Away Zone” locations. This will allow residents in these areas to park all day, throughout peak hours. Metered rates, if meters are present, will still apply in designated hours. These areas include:

- South King Street between South Street and University Avenue
- South Beretania Street between University Avenue and Ward Avenue
- Wilder Avenue between Pensacola Street and Dole Street
- Date Street between Kapiolani Boulevard and Kapahulu Avenue
