Kailua District Park's gym closed for louver replacement

Kailua – The gym at Kailua District Park is expected to be closed until mid-December for the installation of new louvers.

The gym was closed beginning Wednesday, October 19, 2016.

The project will require the demolition and removal of the old louvers before the new replacements can be installed.

This current louver replacement is part of a larger structural improvement project that has already repaired the exterior walls of the gym. Closure of the gym was not required during those repairs.

The \$475, 504 contract for this project was awarded to MJ Construction, Inc.

Regular gym users have been notified of the closure. The gym at Kāneʻohe District Park is open during this project.

We thank the public for their patience while these renovations are completed.
