

## **Attention Honolulu Residents! *'Don't be a Pain in the Drain'***

Never dump oil or grease down the drain!  
It clogs the sewer lines, causing spills!

Absorb grease and oil with paper towels or  
newspapers. Place it in a container.  
Throw it into the trash.

Businesses are required to follow City rules and  
regulations regarding oil and grease disposal.  
See [ENVHonolulu.org](http://ENVHonolulu.org).
