SUBJECT: Oahu Transportation Guidelines

DATE: April 24, 2012

This communication is to notify you of Castle Medical Center's capability to receive STEMI patients and request your consideration for revision to the Oahu Transportation Guidelines listing Castle Medical Center as a facility with percutaneous coronary intervention (PCI) on the Hospital Resource Capabilities.

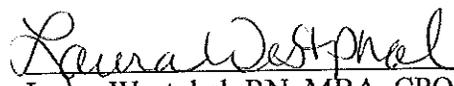

Our program is stable and includes the ability to receive EMS transmitted electrocardiograms; interventional cardiologists and cardiac cath team on call 24/7.

We are pleased to be able to offer this service again to the Windward Community and EMS.

Please contact us at 263-5142 if you have any questions.

Sincerely,

Alan Cheung, M.D., FACS
Vice President Medical Staff Affairs
