Administration of Fuzhou Area of China

Dear Mayor You:

Greetings from Honolulu, Friendship City of Fuzhou.

I would like to inform you of a local project in Honolulu by the Fujian Business Association to purchase masks and send them to the City of Fuzhou to assist with the coronavirus situation in China. There has been an outpouring of good will from our Fujian Associations and the Chinese community in Honolulu and this is one action they have come up with to assist the people of Fuzhou.

Mr. Eddie Flores, Mr. Peter Dong, Mr. Jack Zhang, and other members of the Fujian Business Association will work out the details of their delivery. I am very pleased and appreciative of their efforts to assist our Friendship City and the people of Fuzhou.

I wish you and your entire staff well as you work to deal with this current situation. I also look forward to visiting later this year to formally sign our Friendship City agreement.

Sincerely,
