JOB OPENING

Senior TOD Planner (Planner VI)

Department of Planning & Permitting

THE OPPORTUNITY: The Transit-Oriented Development (TOD) Division team is looking for a planner who is passionate about improving the neighborhoods around Honolulu's future rail transit stations. Responsibilities include supervising and participating in various TOD projects that deal with outreach, policy development (including climate change), and land use (including affordable housing), infrastructure, and transportation planning and implementation, among other topics.

REQUIREMENTS: Education in planning, architecture, engineering, economics, geography, ecology, sociology, public administration, or related fields. Four years of professional experience in city planning or related planning activities (a Master's degree may substitute for a portion of the work experience requirement).

PAY & BENEFITS:

- Starting at \$5,600 per month
- 21 days vacation, 21 days sick leave
- 13 paid holidays
- Medical, dental and vision coverage
- Employees Retirement System
- ... and many more!

Apply online at: <https://bit.ly/3fqCV5W>
PLANNER VI - General City/Urban Planning (SR-26)

Applications are due Wednesday, December 2, 2020.
